Eastern Bengal State Railway for the month of December 1895	454
Weekly return of Traffic Receipts on Indian Railways ...	456

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled for the purpose of making Laws and Regulations under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met at the Council Chamber on Saturday, the 29th February, 1896.

Present:

The Hon'ble SIR ALEXANDER MACKENZIE, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.
The Hon'ble SIR CHARLES PAUL, K.C.I.E., Advocate-General.
The Hon'ble H. J. S. COTTON, C.S.I.
The Hon'ble D. R. LYALL, C.S.I.
The Hon'ble C. A. WILKINS.
The Hon'ble J. A. BOURDILLON.
The Hon'ble C. E. BUCKLAND, C.I.E.
The Hon'ble H. H. RISLEY, C.I.E.
The Hon'ble M. FINUCANE.
The Hon'ble RAI DURGA GATI BANERJEA BAHADUR, C.I.E.
The Hon'ble NAWAB SYUD AMEER HOSSEIN, C.I.E.
The Hon'ble SURENDRANATH BANERJEE.
The Hon'ble J. G. WOMACK.
The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR.
The Hon'ble A. M. BOSE.
The Hon'ble GURU PROSHAD SEN.
The Hon'ble MAHARAJA BAHADUR SIR RAVANESHWAR PROSHAD SINGH, K.C.I.E., OF GIDHAUR.

NEW MEMBERS.

The Hon'ble MR. C. A. WILKINS and the Hon'ble MR. M. FINUCANE took their seats in Council.

STATEMENT OF THE COURSE OF BUSINESS.

The Hon'ble THE PRESIDENT said :—"It is usual at the commencement of a Session for the President to give a general sketch of the projects of legislation likely to come before the Council. I had hoped that I should have found as few projects of legislation as possible to lay before the Council, but as is always the case in a large province like this, matters crop up which have to be taken into consideration by the legislature, and there are, moreover, legacies which we receive from the preceding administration. There are, however, only two projects of law of what I may call primary importance which are likely to engage the attention of the Council; and these are, first, a Bill to amend the law relating to the partition of estates. This question has been under the consideration of the Government of Bengal for the last four years; there have been repeated references to the Government of India and much discussion has taken place in regard to the principles of the measure. The Bill has again gone before the Government of India and has not yet been finally settled, but I anticipate that we shall shortly receive orders which will enable us to lay it before the Council.

"The second measure of large scope is an amendment of the law relating to excise in Bengal. This Bill will repeal the existing Excise Act and make various amendments in the excise system of the province, based on the law at present in force in Madras and Bombay, especially as regards the manufacture of *taree*. I regret much that this Bill will not come before the Council till we lose the services of the Hon'ble Mr. Lyall, who has had much to do with framing it, and whose advice in connection with it in Council would have been very valuable. But I hope, notwithstanding, that we shall be able to model the Bill into a satisfactory measure before we have done with it. It has not yet received the assent of the Government of India. The principles of it are to some extent still under discussion, but it is pretty certain that it will be brought forward some time in the course of the year, and I therefore thought it right to refer to it.

"There is also on the *tapis* a small Bill amending the law of excise in salt in Bengal. The object of this Bill is to afford greater facilities to trade, and it will also deal, to some extent, with the illicit manufacture of salt in Midnapore and the 24-Parganas, but I do not anticipate that it will be a large measure, and it will probably be some little time before we shall receive the assent of the Government of India to its introduction.

"The other measures are most of them really small. There is one Bill to regulate the procedure for the commutation of predial services in Chota Nagpur. This is purely a local measure, and in discussing it, we shall have the advantage of the assistance of Mr. Grimley, the Commissioner of that Province, who has for a long time been acquainted with its conditions and circumstances. This is not in any sense a contentious measure.

"Then, we have two small Bills to amend the Local Self-Government Act and the District Municipal Act. They are very small measures. The main object is to empower District Boards to devote some portion of their funds, should they see fit to do so, to provide for a veterinary staff and veterinary hospitals within their jurisdictions. When we remember the vast importance to agriculture in Bengal, which attaches to the maintenance in sound health of agricultural stock, I think we shall all feel that the Government of India has done well to ask us to bring our Acts into a line with those of other Provinces in this respect. There will be no attempt to force expenditure under this head upon local bodies, but it is very desirable to empower them to incur such expenditure if they see fit, and it is also very desirable to have an outlet for the veterinary students at present being trained in the Veterinary College close to Calcutta. The opportunity will probably be taken in connection with the District Municipal Act to make at least one small amendment. The section dealing with the franchise is

at present unintelligible to me at least, and I believe also to those who have to work it. There has been found some flaws in the drafting of these Acts which it is very desirable to amend. I shall also have to ask you to pass a small measure to amend some drafting errors in the Public Demands Recovery Act. These errors certainly ought not to have occurred, though I am told that these and some other flaws are due to the Council being rather hurried in the final disposal of these Bills. I think I can promise the Council that in future we shall not hurry. It is of the utmost importance that when a Bill comes to its final stage in this Council, opportunity should be given to those who are responsible for it to closely examine its provisions in order to see whether the Bill, as it then stands, is technically and literally correct. I feel the less shame in making this confession, because we have discovered lately that the Supreme Council also has not been able to avoid errors of this description. The Bill to amend the Presidency Small Cause Court Act stands exactly on all fours with the Public Demands Recovery Act Amendment Bill.

"Then, there will be a small measure to amend the Calcutta Municipal Consolidation Act, undertaken at the request of the Municipality, to meet the case of Insurance and other Companies carrying on their business through agents in Calcutta, who, by a recent decision, are considered by the High Court to be excluded from the purview of the schedule in the Act. I do not anticipate that any other amendments will be incorporated in the Bill, which will probably be a non-contentious measure.

"These are all the measures which we have at all elaborated up to the present date, but I think it right to mention that I shall very probably lay before you, if the Government of India agree, a measure for the amendment of the Tenancy Act. Chapter X of that Act was intended to provide a settlement procedure which would be applicable both to private and to Government estates, but experience has shown that while it may be possible to work that Chapter in dealing with small settlements, when you come to large operations, such as the Government is at present carrying on in Orissa and elsewhere, it is almost impossible to apply that procedure without an enormous amount of delay and expense. Settlement Officers find themselves hampered on every side by having to treat each raiyat's settlement as a separate judicial case. That is not the procedure by which settlements are conducted in other parts of India. We have, in conference with a number of revenue officers in the Settlement Department, come to the conclusion that if such settlements, as that now being carried on in Orissa, are to be carried through within a reasonable time and with a minimum amount of trouble and expense both to the zamindars and the raiyats, it is absolutely necessary that some amendment should be made. My own wish will be to confine the measure within as reasonable limits as possible. It is very dangerous to touch a large measure like the Bengal Tenancy Act, as in attempting to do so we may start a fresh rent agitation in Bengal, and I am not ambitious to do so. I hope we shall be able to suggest, after consultation with the Government of India, such a reasonable measure as will enable us to do our business without doing any harm to any private interests. If it appears that it is possible to suggest such a reasonable amendment of certain other portions of the Tenancy Act, as will make the Act workable where it is not workable at present, I shall take the orders of the Government of India on those points. But at present the one thing clear to my mind is that, for the purposes of settlement, we must have a workable procedure, and I should wish to employ that procedure not only for the benefit of Government estates, where the revenues of the Government are under revision, but for the benefit of private landlords as well. That is the principle of the present Act, and it is the principle I propose to carry out in the project of legislation which is under contemplation, the only difference being that we shall endeavour to make the Act workable.

"These are all the measures with which we are likely to trouble you in the course of the year. I cannot say precisely when we shall be able to introduce the larger measures; possibly we shall not be able to do anything with them before the rains, but we hope to be able to introduce the smaller measures in the course of a week or two. All I need further say is that I feel sure that in dealing with them the Bengal Council will vindicate its old reputation, when

I knew it last, of being a thoroughly businesslike body. We do not come here to air our rhetoric or to hear long speeches, but we meet together to discuss, like business men, important measures in a businesslike way. I shall give the utmost consideration to the views which may be urged by Hon'ble Members, and I shall take care that they are not rushed in any way in any matter of importance which requires calm deliberation. It is extremely desirable that our work should be well done, and thoroughly done, and that it should not require tinkering shortly after."

RECOMMENDATIONS BY BENGAL PROVINCIAL COMMITTEE OF EDUCATION COMMISSION.

The Hon'ble MR. A. M. BOSE asked—

(*a*) Will the Government be pleased to state if any steps have been taken to carry out the following recommendations which were unanimously adopted in the year 1882 by the Bengal Provincial Committee of the Education Commission, which comprised amongst its members Sir Alfred Croft, Sir David Barbour, and others:—

(1) That some "Graduate Scholarships" should be established with a view to their being awarded on the result of the B.A. Examination, these not being tenable together with any private scholarship, where such existed.

(2) That the establishment of an Educational Library and Museum at the Central Office in Calcutta would be of considerable utility, as showing what has been and is being done in the production of books and other means and appliances in the work of education in different countries; and that such institutions might be subsequently extended to the head-quarters of each Division.

(3) That a teachership examination should be instituted for the improvement of teachers in English schools, and that this would probably lead in time to the establishment of definite courses of instruction in the theory and practice of teaching.

(*b*) Should these recommendations not have been carried out? Will the Government be pleased to take them now into its favourable consideration, and adopt steps to give practical effect to them?

The Hon'ble MR. BUCKLAND replied:—

Answer to Question No. I (*a*) (1):—

"Since the date of the Education Commission's Report, two Mohsin graduate scholarships of the value of Rs. 25 a month, tenable for one year, and three Madrassa graduate scholarships of Rs. 20 a month each, tenable for one and-a-half years, have been created; the cost of the former being paid from the income of the Mohsin Endowment Fund, and that of the latter from Provincial Revenues. In the face of other and more pressing claims upon the public purse, there appears to the Government to be no special need for establishing more scholarships of this class, in addition to those which have been founded by private endowments for the benefit of graduate students of the Presidency College."

Answer to Question No. I (*a*) (2):—

"It is believed that an Educational Library and Museum of reference, containing (1) a complete set of works on the history and the theory and practice of education, (2) the school-books and other educational publications brought out in England and America from year to year, (3) school appliances of any kind and of the latest construction and pattern, would be of some and might, if they would make proper use of it, be of considerable advantage to those engaged in education. Such a library and museum would, however, require a large amount of space for its proper accommodation. There is not, as the

question suggests, any room for this purpose at the Central Office of Education; and to build such a museum elsewhere would involve large outlay. A Curator and some small establishment would be necessary, and a not inconsiderable annual grant would be required for the purchase of new books and school appliances. Altogether the Lieutenant-Governor, while recognising the utility of the project, is unable to assign a foremost place to the proposal for carrying it out."

Answer to Question No. I (*a*) (3):—

"The Lieutenant-Governor has very recently sanctioned a proposal of the Director of Public Instruction for making provision for the instruction of English teachers in training schools, for the examination of those who have not passed through a training school, and for the award of certificates of different grades to English teachers of both these classes. The sum of Rs. 20,000 has been entered in the Budget for 1896-97 for this purpose."

Answer to Question No. I (*b*):—

"The previous answers show what has been done to carry out the recommendations referred to, and Government is not prepared to take further steps at the present moment."

INTERFERENCE WITH PROCEEDINGS OF SUBORDINATE MAGISTRATES.

The Hon'ble Mr. A. M. Bose asked—

(*a*) Has the attention of the Government been drawn to the correspondence which passed between Mr. Parbati Charan Roy, a senior Deputy Magistrate of distinguished merit now retired, and the District Magistrate of 24-Parganas, which has been recently published in the November number of *India* and quoted in several Indian papers? Does the Government consider such interference on the part of District Magistrates with the proceedings of Deputy Magistrates in their purely judicial capacity, either before or after the passing of judgment, as desirable or conducive to the preservation of any feeling of self-respect or of judicial independence on the part of the latter officers?

(*b*) Will the Government be pleased to lay before the Council the express direction by Government, referred to in the letter of the District Magistrate, and to state whether such or any similar direction is still in force?

(*c*) Has the attention of the Government been drawn to several other instances of interference, or attempts at interference, on the part of the executive authorities with the proceedings of subordinate Magistrates, mentioned by Mr. Monomohan Ghose from personal knowledge, in the interview with him published in the number of *India* for last December (*vide* pages 362, 363)?

(*d*) Having regard to the serious character of such interference and its consequences as affecting the administration of criminal justice throughout the Province, will the Government be graciously pleased to direct that in future any cases of punishment which is really inadequate may be dealt with by reference to the High Court in accordance with the provision of law made expressly in that behalf by the Legislature, and not in the indirect way as shown in the correspondence referred to?

The Hon'ble Mr. Cotton replied:—

"(*a*) The attention of the Lieutenant-Governor has been drawn by the Hon'ble Member's question to the correspondence between Mr. Parbati Charan Roy, formerly Deputy Magistrate and Deputy Collector, and the District Magistrate of the 24-Parganas, which is published in the November number of *India*. In the absence (on leave) of the District Magistrate referred to from this country, the Lieutenant-Governor has not been able to call upon him for any explanation, or to ascertain the circumstances under which his letters were

written. The correspondence appears to have taken place some years ago, but if the Magistrate's letters were written as they are reported, the Lieutenant-Governor cannot but consider that they are open to serious objection.

"(*b*) The express direction by Government, referred to by the Magistrate, is not quoted; but His Honour apprehends that allusion was made to the following remarks recorded in the published Resolution on the Annual Police Report for 1890:—

'12. *False cases.*—* * * The Lieutenant-Governor has examined the records of a great number of these cases, and has found that they entail a great deal of useless and unremunerative work on the Deputy Magistrates. He considers that prosecutions should only be instituted where cases are deliberately and malignantly false, but that when such cases are proved, severe punishment should be inflicted. The recent amendment of section 250, Criminal Procedure Code, which allows compensation up to Rs. 50 to be given in all cases where frivolous or vexatious charges are made, should meet all the more venial cases.'

"The Lieutenant-Governor does not propose to modify these orders, which do not justify the inference which appears to have been drawn from them by the District Magistrate.

"(*c*) The attention of the Lieutenant-Governor has been drawn by the Hon'ble Member's question to the account of the interview with Mr. Monomohan Ghose, which is published in the December number of *India*, and His Honour has read the statements referred to, but he is unable to verify them, as no names, dates or places are given.

"(*d*) The Lieutenant-Governor does not approve of any executive interference with the independent administration of justice, and he agrees with the Hon'ble Member that, if there is reason to believe that a sentence which is really and seriously inadequate has been passed, it should be dealt with by the High Court under the provisions laid down in the Code of Criminal Procedure for the purpose. He understands that in fact this is the practice generally followed. At the same time it is certainly the duty of the District Magistrate to keep himself acquainted with the proceedings of his subordinates of all grades, to call their attention to irregularities and delays in the disposal of their case-work and to give his subordinates the benefit of his advice. This does not of course warrant his dictating to any subordinate what his finding should be in any particular case."

TRANSFER OF CHITTAGONG DIVISION TO ASSAM.

The Hon'ble Mr. A. M. Bose asked—

Will the Government be pleased to state if there is any truth in the reports which have appeared in the newspapers, in regard to the separation of the districts of Tippera, Noakhali, and Chittagong from Bengal, with a view to their incorporation in the Province of Assam; and if so, the reasons which have influenced the Government to recommend such separation?

Is the Government aware of the feeling of alarm and grave anxiety which has been roused by such reports in the districts concerned; and would it be pleased, in the interests of a large section of the population of this Province, to allow time before the proposal for separation is carried out, for representations to be received from the people of these districts and for their proper consideration?

The Hon'ble Babu Guru Proshad Sen asked—

(*a*) Is the Government aware that a report that the Chittagong Division is to be transferred to Assam is at present causing a good deal of anxiety to the people of that Division? Will the Government be pleased to state whether there is any truth in the report?

(*b*) If the transfer be really contemplated, will the Government be pleased to order the publication of all the correspondence on the subject, and

if it cannot do so without the permission of the Government of India, obtain such permission for the purpose?

(*c*) As the transfer is calculated to affect injuriously some of the rights of the people of that Division, specially one in relation to this Council, will it please the Government to move that nothing be done in the matter till the people affected have an opportunity of representing their views on the question of such transfer?

The Hon'ble MR. COTTON replied:—

"It will be convenient that I should answer the questions from both Hon'ble Members on this subject together. The proposal to transfer the Chittagong Division to Assam was put forward in a Conference which met in Calcutta in January, 1892, to examine certain questions relating to the country of the Lushai and Chin tribes. It was suggested that if the South Lushai Hills, with their avenues of access through the Chittagong district, were transferred to Assam, as was strongly recommended, it would be convenient that the whole Chittagong Division should be also transferred, and it was pointed out that an additional argument in favour of the transfer was that the projected Assam-Chittagong Railway would then be entirely in the Assam jurisdiction. The Government of India decided that the Chittagong district ought to be transferred to Assam with the South Lushai Hills as soon as the settlement operations in progress had been brought to an end. As these operations are approaching completion, and as the Chittagong Railway now connects Chittagong directly with Assam, the question of the transfer of the Chittagong Division to Assam has lately been referred to this Government. The Lieutenant-Governor is quite aware that the transfer of territory from one administration to another cannot be a matter of indifference to the people of the tract affected, and no such transfer will be made without affording them the opportunity of expressing their sentiments in regard to it.

"The papers on the subject of the proposed transfer cannot be published at present, but the substance of them, so far as they bear on this point, is contained in this reply to the Hon'ble Members' questions. The High Court, the Board of Revenue, and the Commissioner of the Chittagong Division have now been officially consulted on the proposal."

PUNISHMENT OF WHIPPING ON CERTAIN OFFENDERS.

The Hon'ble MR. A. M. BOSE asked—

(*a*) Has the attention of the Government been drawn to a Circular alleged to have been issued by the Commissioner of the Patna Division and published in the *Behar Times* of the 27th December last, on the subject of inflicting the punishment of whipping on offenders? Is the document genuine? If so, does the Government approve that instructions should be issued by executive authorities interfering with the discretion, vested in them by law, of Judicial Officers deciding on the evidence taken before them, and forbidding them to award sentence of imprisonment on offenders of 21 years or under, where an alternative sentence of whipping may be awarded, without special reference to the District Magistrate?

(*b*) Has the Commissioner, or the District Magistrate, any authority to practically deprive a Judicial Officer of the power of inflicting such punishment as to him may seem meet under the circumstances of each particular case tried by him?

(*c*) Will the Government be pleased to state under what provision of the Code of Criminal Procedure, or any other law in force, such instruction or prohibition, as is referred to in the Circular, may be issued?

(*d*) Is the reference to the District Magistrate, contemplated in the last sentence of the Circular, to be made privately or by a proceeding on the record? What law or procedure is to regulate the hearing before the District Magistrate when such a reference has been made; or is there to be no such hearing? Is

the opinion of the District Magistrate to be binding on the officer making the reference; or is the latter to be left free to exercise his own judgment; or is the opinion of the District Magistrate itself to constitute *the judgment* in the case?

The Hon'ble MR. COTTON replied:—

"The Lieutenant-Governor has placed himself in communication with the Commissioner of Patna, and has ascertained that the Circular referred to is a genuine one. The object of the Circular, which is to discourage the imprisonment of juvenile offenders in cases in which whipping is a more appropriate punishment, is a laudable one, but the Lieutenant-Governor cannot approve of the character of the instructions issued. In the first place it is clear from the provisions of section 392 of the Criminal Procedure Code that the expression 'juvenile offender' is intended to apply to an offender under sixteen years of age, whereas the Commissioner's Circular applies to offenders of twenty-one years of age and under. Moreover, although under the Code of Criminal Procedure the District Magistrate has full authority to call for and examine the records of any cases on the file of his subordinates, it is not contemplated that he should dictate the punishment to be inflicted in any particular case. The Lieutenant-Governor considers that the Commissioner's Circular is likely to be misunderstood by the Magistrates whom it affects, and he has therefore directed that it should be withdrawn.

"The Lieutenant-Governor has also pointed out that general Circulars of this nature affecting the procedure of Subordinate Magistrates should not be issued by Commissioners without the sanction and approval of Government."

THE BETEL-NUT CONTEMPT CASE.

The Hon'ble MR. A. M. BOSE asked—

(*a*) Has the attention of the Government been drawn to a case recently decided by the Calcutta High Court from the Patna Division and reported in the *Amrita Bazar Patrika* of the 20th December last, under the heading "The Betel-Nut Contempt Case," in which the Hon'ble Judges expressed their strong disapproval of the sentence of whipping passed in that case on a boy of 14, occupying a good position in society, even if the facts had been correctly found by the Joint-Magistrate, which they were not, in the opinion of the High Court?

(*b*) Is it the practice to carry out a sentence of whipping at once when whipping is awarded in lieu of any other punishment?

(*c*) Is this so in such cases even where there is a right of appeal to the accused (as for instance when the trying officer is a Magistrate of the second class), the effect of the appeal being thus only to ascertain the correctness or otherwise of a sentence already irrevocably carried out?

The Hon'ble MR. COTTON replied:—

"(*a*) The attention of Government has been drawn to the case referred to.

"(*b*) It is laid down in a Circular issued by the Bengal Government on the 25th January, 1876, that 'in all cases in which whipping is the sole punishment awarded, all judicial officers should make arrangements for having it carried out at once at the Magistrate's office in communication with the Civil Surgeon or the native doctor of the station.' Those orders are still in force and regulate the practice now followed.

"Under sections 413 and 414 of the Criminal Procedure Code there is no appeal in a case in which a sentence of whipping only is passed by a Magistrate of the first class. An appeal does lie against a sentence of whipping passed by a Magistrate of the second class, who has been duly empowered to inflict whipping, but there is no provision in the law under which a person so

sentenced can be detained in custody until the appeal has been decided. It has been ruled by the High Court that in such cases the sentence should be carried out without delay, and that the effect of the appeal in such cases will merely be to ascertain the correctness of a sentence already carried out. This is a matter in respect of which the Lieutenant-Governor would be glad to see the law amended."

SENTENCES OF WHIPPING BY JOINT-MAGISTRATES OF SIRAJGANJ AND ALIPORE.

The Hon'ble MR. A. M. BOSE asked—

(*a*) Will the Government be pleased to inquire into the correctness of the allegation made in the *Sanjibani* of the 23rd November last, that a sentence of whipping was awarded by the Joint-Magistrate of Sirajganj, which sentence could not be carried out, as there was no one available or willing to inflict it? Is the Government prepared to incur the expenditure for providing the needful establishment, where this is now wanting, for the purpose of inflicting sentence of whipping?

(*b*) Will the Government be pleased to inquire into the correctness of the allegations made in the *Hitabadi* of the 20th December last, to the effect that a whipping of 20 stripes was inflicted on an accused by the order of the Joint-Magistrate of Alipore after that officer had passed a judgment awarding a sentence of 10 stripes only?

The Hon'ble MR. COTTON replied:—

"(*a*) Enquiry has been made into the facts of the case referred to, and it has been ascertained that a sentence of whipping passed by the Joint-Magistrate of Sirajganj (or, more correctly, passed by the second class Magistrate there and confirmed by the Joint-Magistrate) could not be carried out because no one was found able and willing to inflict the punishment. Under the orders of Government, whipping is to be inflicted by the chuprassis attached to the Court. It so happened that at the time the sentence referred to was passed one of the chuprassis attached to the Court had just retired and the other was in bad health and no substitute had been provided for him. The circumstances of this exceptional case do not, in the opinion of the Lieutenant-Governor, call for the entertainment of a special establishment for the purpose of inflicting sentences of whipping.

"(*b*) The facts as stated in the question are substantially correct. The Joint-Magistrate reports that in the first instance the punishment was inflicted in such a superficial and perfunctory manner as in his opinion to fail to give effect to the order of the Court, and he therefore directed that ten more stripes should be inflicted. This procedure on his part was altogether improper and illegal, and the conduct of the Joint-Magistrate has been severely censured by Government."

COMBINATION OF JUDICIAL AND EXECUTIVE FUNCTIONS IN CHOTA NAGPUR.

The Hon'ble MR. A. M. BOSE asked—

(*a*) Is it the fact that in the Division of Chota Nagpur or in some of its districts, Deputy Commissioners are appointed by Government as Managers of encumbered estates under the provisions of the Chota Nagpur Encumbered Estates Act, and that appeals in suits brought on behalf of such estates for the recovery of rents not exceeding one hundred rupees in amount are also heard by the same officers sitting in their capacity as Deputy Commissioners?

(*b*) Will the Government be pleased to endeavour to remove the inconvenience or want of full confidence in the administration of justice caused by this combination of judicial and executive functions in the same officer by appointing as Managers under the Act gentlemen other than Deputy Commissioners, or otherwise?

(*c*) Has the attention of the Government been drawn to the letter of Babu Manindra Krishna Dutt, pleader of Ranchi, which appeared in the Indian Mirror of the 8th January last on this subject?

The Hon'ble Mr. Buckland replied:—

"(*a*) The districts comprised in the Chota Nagpur Division are—(1) Manbhum, (2) Singhbhum, (3) Hazaribagh, (4) Lohardaga, and (5) Palamau, and the number of estates in each district, managed under the Encumbered Estates Act, VI of 1876, as shown in the Report of the Board of Revenue on the Administration of Wards' and Attached Estates for the year 1894-95, is as follows:—Manbhum 7, Singhbhum 3, Hazaribagh 12, Lohardaga 30, Palamau 6—total 58.

"In each of these districts, except Palamau and Singhbhum, there is a General Manager specially appointed for encumbered estates, who is also entrusted with the management of Wards' estates; but for large estates, like Pachete in Manbhum, Dhalbhum in Singhbhum, and Dhanwar in Hazaribagh, a Special Manager is appointed. The Deputy Commissioner exercises a general control over the Manager in his district, but is not appointed as the Manager, except in the case of the Barabhum estate in Manbhum and certain estates in the Palamau district, of which the Deputy Commissioner is nominally the Manager, with a Sub-Manager really doing the work of Manager employed under him.

"There are two different laws in the Chota Nagpur Division for suits between landlord and tenant, viz., *firstly*, Act I (B.C.) of 1879, which is in force in Hazaribagh, Lohardaga, Palamau, and Singhbhum; and, *secondly*, Act X of 1859, as amended by Act VI (B.C.) of 1862, in force in Manbhum.

"Rent suits under Act I (B.C.) of 1879 are cognizable by the Deputy Commissioner (section 37) and, under his orders, by Deputy Collectors (section 133). By section 137 of this Act there is no appeal from the decision of the Deputy Commissioner in cases where the amount sued for does not exceed Rs. 100, unless the decision involves some question of right or title. In other cases (section 144) appeals against the Deputy Commissioner's decisions lie to the Judicial Commissioner or, if the value of the suit exceeds Rs. 5,000, to the High Court. Under section 139 cases tried by Deputy Collectors are appealable to the Deputy Commissioner. Sections 23, 153 and 155 of Act X of 1859 contain similar provisions for the cognizance of suits and appeals in Manbhum.

"Enhancement proceedings are not dealt with under section 37, but under the procedure laid down in sections 21 to 24 of Act I (B.C.) of 1879. The person wishing to enhance the rent applies to the Deputy Commissioner to assess the rent, and the proceedings are conducted by a Deputy Collector exercising the powers of a Deputy Commissioner, and an appeal lies from the Deputy Collector's order fixing the rent to the Deputy Commissioner, and from the Deputy Commissioner's order to the Commissioner in every case, irrespective of the amount. The Deputy Commissioner is therefore not the final authority in enhancement cases.

"(*b*) Government are not aware of any inconvenience or want of full confidence in the administration of justice in Chota Nagpur. The arrangements described apply not only to encumbered estates' suits, but also to suits of Wards' and other estates, and not only in the Chota Nagpur Division, but in the Scheduled Districts generally. The political and economic conditions in these backward districts do not admit of a complete separation of judicial from executive functions in revenue matters.

"(*c*) The letter referred to had not previously been brought to the notice of Government."

MR. NORMAN WARDE-JONES' CASE.

The Hon'ble MR. A. M. BOSE asked—

Will the Government be pleased to state if the enquiry into the case of Mr. Norman Warde-Jones, late Subdivisional Officer of Gobindpur, has been concluded, and with what result; and if not, when the enquiry which has been going on now for some time is likely to be finished?

The Hon'ble MR. COTTON replied:—

"A report from the Commissioner of the Division on the whole case and Mr. Warde-Jones' own explanation have been received. They are now under the consideration of Government."

PROVINCIAL EDUCATIONAL SERVICE SCHEME.

The Hon'ble MR. A. M. BOSE asked—

Will the Government kindly inform the Council when the new scheme of Provincial Educational Service, which is awaited with great interest, is likely to be carried out and its details communicated to the public?

The Hon'ble MR. BUCKLAND replied:—

"The scheme for the reorganization of the Provincial Educational Service was submitted some months ago to the Government of India, and it is understood that the whole question is now before the Secretary of State, whose orders must be awaited."

ELECTION OF REPRESENTATIVES TO BENGAL COUNCIL.

The Hon'ble MR. A. M. BOSE asked—

Having regard to the fact that there were ties in the election of representatives to the Bengal Council from both the groups of District Boards which were invited for the purpose during the last year, and to the further fact that in one of these two cases the election wholly failed owing to this cause, will the Government be pleased to take steps with a view to prevent the happening of such a contingency in the future by any needful modification of, or addition to, the existing regulations bearing on the subject?

The Hon'ble MR. COTTON replied:—

"The Government will take the necessary steps in this direction."

CERTAIN REMARKS BY COMMISSIONER OF ORISSA DIVISION.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Whether the attention of the Government has been called to the remarks of Mr. Cooke, the Commissioner of the Orissa Division, in his recent Report of the Administration of that Division, published in the *Calcutta Gazette* of the 23rd October last, in which he says that "Institutions like the Gorakhsani Sabha, the Landlord's Association, and the Sanaton Dharmarakshini Sabha were started, more or less, under foreign influence. The people soon tired of what was found to be a somewhat silly form of recreation, and they died of

inanition"? Does the Government approve of those remarks in which the formation of *Sanaton Dharmarakshini Sabhas*, which are an object of deep veneration to Hindus throughout these Provinces, is described as "a silly recreation"? If not, will the Government be pleased to direct that these remarks be as publicly withdrawn as they have been publicly made?

The Hon'ble MR. COTTON replied:—

"The Government regret that Mr. Cooke should have used the language referred to, and it was an oversight that it was not excised before publication of his report."

PROSECUTION OF ANU POROMANIK BY SUBDIVISIONAL OFFICER OF SIRAJGANJ.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the attention of the Government been called to the proceedings of Mr. Carey, Subdivisional Officer of Sirajganj, in connection with a man named Anu Poromanik, as reported in the *Sanjibani* and other newspapers? Is it the case that Anu was prosecuted by the Subdivisional Magistrate, as complainant, because he ran with his *kodali* raised towards the Magistrate, who, in going over his field on horse back, happened to trample upon his ripe *maskalye*, and that he was tried by a Deputy Magistrate, who was subordinate to the Subdivisional Magistrate, who sentenced Anu to rigorous imprisonment for two months, that on appeal the District Judge of Pabna, in reversing the sentence, remarked that "the prosecution was ill-advised, that Anu had committed no offence whatever, and that he was well within his rights in protecting his property against the Magistrate, and that, even if any offence had been committed, the Judge was of opinion that the punishment was excessive"? Is it true that Anu suffered imprisonment for twenty-two days under this illegal sentence? Does the Government approve of these proceedings? If not, will the Government pass such orders as the justice of the case may demand?

The Hon'ble MR. COTTON replied:—

"The Lieutenant-Governor has called for a report on the facts of the case referred to in the Hon'ble Member's question, and has ascertained that Anu Poromanik was prosecuted not merely for running towards the Joint-Magistrate with his spade raised, but for calling out, while doing so, to others to unite with him to attack Mr. Carey. The other facts of the case are correctly stated in the Hon'ble Member's question. The case came under the notice of Mr. Nolan, the Commissioner of the Division, and Mr. Nolan in an official letter, dated the 17th June, 1895, to the address of the Magistrate of Pabna, expressed his disapproval of the Joint-Magistrate's conduct and his concurrence with the Judge in holding that the prosecution was ill-advised. The Lieutenant-Governor considers that Mr. Nolan dealt appropriately with the case, and that no further orders from Government are now required. Mr. Carey is a very young officer, who will doubtless profit by Mr. Nolan's reprimand."

CALCUTTA POLICE FORCE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Will the Government place on the table a complete Gradation List of Superintendents (European and Native) and Inspectors (European and Native) of the first four grades, belonging to the Calcutta Police Force, showing the dates of their first admission to the Force and the dates of their subsequent promotions?

The Hon'ble Mr. Cotton replied :—

"The Statement called for by the Hon'ble Member is laid on the table."

CALCUTTA;
The 20th December, 1895.

J. LAMBERT,
Commissioner of Police.

RANGPUR HOSPITAL IMPROVEMENT FUND.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Whether the attention of the Government has been called to the proceedings of the Magistrate of Rangpur, who, it is alleged, addressed the following communication to a gentleman, who had refused to accept a letter he had written for subscription to the Rangpur Hospital Improvement Fund:—

"To

BABU

WHEREAS it is understood from the report of a peon that you have refused to accept the letter for subscription of the Rangpur Hospital Improvement Fund, you are hereby informed by this notice that you will present yourself in my *kutcherry* at 9 A.M., on the 15th August next, and show cause why you should not be criminally prosecuted.

Sd. J. H. LEA,

Magistrate, Rangpur."

Dated the 12th August, 1895.

Whether such a Circular was issued; if so, does the Government approve of it? If not, will the Government be pleased to mark its sense of disapproval of such a proceeding?

The Hon'ble MR. COTTON replied:—

"The attention of Government was drawn to the subject-matter of the Hon'ble Member's question by an article which appeared in the *Amrita Bazar Patrika* of the 5th September, 1895, and it was ascertained on enquiry that the facts are substantially as stated. The censure of Government was communicated in October last, under Sir Charles Elliott's orders, to the Magistrate concerned. Mr. Lea was under the erroneous impression that refusal to accept delivery of an official cover constituted an offence under the Indian Penal Code. The Circular asking for subscription had issued from the District Board Office."

EXAMINATION RULES ISSUED BY CALCUTTA MEDICAL COLLEGE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the attention of the Government been called to the rules purporting to have been issued by the authorities of the Medical College, and affixed to the Notice Board of the College, two of which rules, marginally noted, practically lay down that a student failing twice at the 1st L. M. S. or M. B. Examination will be removed from the College and will not be entitled to re-admission? Does the Government approve of these rules, which conflict with the terms of the Government Resolution published in the *Calcutta Gazette* of the 6th November, 1895, page 2581, which says that students will be removed only if they fail at a moderate class test, as will be seen from the following extract from the Resolution:—"It has been decided to hold at the end of each session a test examination, such as is held at other educational institutions. The standard fixed is so studiously moderate that no student of the most ordinary assiduity and ability need run any risk of failing to gain promotion. Those who fail to pass this examination will have to go through the year's course again, and if they fail a second time, will be removed from the College"? Do not the rules issued by the authorities of the Medical College referred to above institute a much severer test than what is

"4. Students of the third year will present themselves for the 1st L. M. S. or 1st M. B. Examination of the Calcutta University. Those who fail at this Examination will be relegated for a further year to the third year class.

"5. Students of the first, second, or third year class who fail a second time to gain promotion to the next higher class will be removed from the College and will not be entitled to re-admission."

contemplated by Government, the University pass marks being 50 per cent. in each paper, and in the practical part of each subject, while in the moderate class test proposed, and as interpreted by the authorities of the Medical College, not more than 20 per cent. marks are insisted upon?

Will the Government kindly state if the rules now issued will have a retrospective effect?

The Hon'ble MR. BUCKLAND replied:—

"(1) The rules in question were issued under the authority of Government after full consideration by His Honour the late Lieutenant-Governor.

"(2) The passage quoted from the Resolution of the 6th November, 1895, gives a brief summary of the general purport of those rules, and was not intended to furnish an exhaustive account of them. When the Resolution was written, Government had already sanctioned the rules, and had decided to apply to students failing a second time at the University Examination (*i.e.*, 1st L.M.S. or 1st M.B.) at the close of the third year, the same rule of removal from the College as was applicable to students failing a second time at the test examination of the first or second year.

"(3) It is stated in the rules that they will apply to existing students of the College. As the test examination has not yet been instituted, the rules regarding that examination cannot have retrospective effect. It is not intended to apply the rule, prescribing removal from the College for students failing a second time at the 1st L.M.S. or 1st M.B. Examination, to those who have already failed at either examination."

CERTAIN REMARKS OF COMMISSIONER OF PRESIDENCY DIVISION.

The Hon'ble BABU SURENDRANATH BANERJEE asked —

(*a*) Will the Government state in what cases Native Magistrates, as stated in the Report of the Commissioner of the Presidency Division, were found (1) "very weak or negligent in dealing with false complaints," and (2) "though satisfied with the proof of an offence, they did not convict when they knew that there was a lenient Appellate Court over them"?

(*b*) Will the Government further state in what cases, as stated in the report of the Commissioner of the Presidency Division, (1) "the Courts appeared to expect a standard of evidence which is impossible of attainment among an essentially inaccurate people," (2) "judicial officers did not appear to endeavour to winnow out the truth as they used to do," (3) "the Magistrates were reluctant to commit, although convinced of the truth of a case and of the sufficiency of proofs," (4) "the Superior Courts appeared to require an impossible standard of evidence, and to take advantage of little discrepancies, which are the result of the natural inaccuracy of the people of the country, to acquit persons guilty of the most heinous crimes," (5) "Courts betrayed considerable ignorance of the habits and modes of thought of the people," and (6) "the Subordinate Magistrates did not convict or commit for trial, however manifest the truth of a case, for fear of acquittal" (*vide Calcutta Gazette*, 11th September, 1895)?

(*c*) Does the Government approve of such condemnation of the whole body of superior and subordinate Courts by an officer in the position of the Commissioner of the Presidency Division, which condemnation is calculated to exercise an unwholesome influence upon Magistrates and Judges, and to affect their independence? Did not the Secretary of State recently prohibit such public criticism of judicial work by executive officers? If so, what notice does the Government intend to take of Mr. Westmacott's violation of the orders of the Secretary of State for India?

The Hon'ble Mr. Cotton replied:—

"The remarks quoted in the Hon'ble Member's question are taken from the Annual Administration Report of the Commissioner of the Presidency Division for the year 1894-95, and are the expression of Mr. Westmacott's individual opinion. It would serve no useful purpose to enquire into the particular cases upon which that opinion is based. In accordance with the orders of the Secretary of State all administrative officers of whatever rank are prohibited from publishing officially reflections upon the decisions and judicial acts of Magistrates and Courts of Law. These orders refer to reflections upon particular decisions and judicial acts, and do not apply to a general expression of opinion; but the Lieutenant-Governor regrets that general observations, such as those quoted in the Hon'ble Member's question, should have been officially published."

FISHING IN TIDAL RIVERS.

The Hon'ble Babu Surendranath Banerjee asked—

(*a*) Is it the case that the Police have been endeavouring to prevent fishermen from fishing in the river Hooghly and the tributaries thereof within tidal limits, unless they obtain licenses? If so, whether they have been acting under the authority of the Government?

(*b*) Whether the officers of the Forest Department in the Sundarbans have not made similar objections in regard to the tidal rivers in the Sundarbans, acting under the Government Notification No. 177T.R. of the Revenue Department (Forest), dated 18th May, 1895, and whether it is the intention of the Government that the rules in question should apply to tidal rivers?

The Hon'ble Mr. Buckland replied:—

"No information has reached Government that the Police have been endeavouring to prevent fishermen from fishing without licenses in the river Hooghly and its tributaries within tidal limits, but it is probable that steps were initiated locally to enforce the Rules for regulating, hunting and fishing in reserved and protected forests, published with the Notification to which the Hon'ble Member refers. It was not intended to apply those Rules to tidal waters like the rivers of the Sundarbans, and the Lieutenant-Governor, when his attention was drawn to the matter, at once issued executive orders that Police or Forest Officers were not to interfere in any way with fishing in tidal waters by fishermen who have never hitherto paid any fees for fishing in such waters. On His Honour's recommendation the Government of India have recently sanctioned a modification of the Rules above mentioned by adding thereto a proviso to the effect that no license or permit shall be required for fishing in any tidal waters. This modification has been published in the *Calcutta Gazette* of January 29th, 1896."

MR. FORBES' CIRCULAR REGARDING WHIPPING.

The Hon'ble Babu Surendranath Banerjee asked—

Has the attention of Government been called to a Circular issued by Mr. Forbes, Commissioner of the Patna Division, dated the 10th December, 1895, in which he says:—

"Officers who have not yet been given the necessary (whipping) powers, should be instructed to refer cases freely for the orders of the District Magistrate under section 349 of the Criminal Procedure Code; the others should be

warned against giving way to sentiment. Where these instructions are not acted up to, the District Magistrate should forbid the passing by a subordinate Magistrate of a sentence of imprisonment on any youth of, say, 21 years or under without reference to himself, where the offence proved is punishable with whipping."

Does the Government approve of this interference, on the part of an executive officer in the position of the Commissioner of the Division, with the judicial discretion of Magistrates subordinate to him in the trial of cases which may come before such Magistrates? If not, will the Government be pleased to direct the withdrawal of the Circular referred to above?

The Hon'ble MR. COTTON replied:—

"This question has been answered by the reply already given to the Hon'ble Mr. Bose on the same subject."

CASE OF RAJ KISSORE SINGH.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

(*a*) Whether the attention of the Government has been drawn to the sentence of whipping upon a charge of rioting passed by Mr. Russell, Joint-Magistrate of Sitamarhi, upon one Raj Kissore Singh, a boy of 12 years, belonging to a highly respectable family with an income of sixteen thousand rupees a year? Whether it is true that the High Court, in upsetting the order of the Magistrate, commented as follows upon the case:—

"The case seems to have been badly prosecuted, badly defended and badly tried. It is not easy to say which was worst. Now, as far as the boy is concerned, even if he was present, of which we have the gravest doubt, having regard to his age, having regard also to the fact that he had no interest whatever in attacking these men in the field, his presence would probably be easily explained by his curiosity to see what was going on in this field, which was not very far from the house where he lived. That would be sufficient to justify us in saying that it is impossible to suppose that there are facts in this case upon which we could be certain that he was guilty of any offence."

And again:—"Before leaving this part of the case, we think we ought also to observe that the Magistrate ought, before he inflicted upon him the sentence of whipping, to have considered that this boy apparently occupied a good position in society, that he is a boy of some means; and from his point of view, even assuming that he was present, and did help in the beating, could his conduct be put down for anything more than a boyish freak, and scarcely one which ought to be punished with either whipping or imprisonment? Moreover, the Magistrate has omitted to state in his orders that this whipping should be the whipping of a juvenile. Apparently, this order intended it to be a whipping, such as is inflicted upon an adult, which of course should not have been done in the case of an offender of this kind."

(*b*) Will the Government be pleased to state whether the orders of the Joint-Magistrate inflicting the punishment of whipping were carried out or not? If carried out, whether the punishment inflicted upon the boy was, in the nature of whipping, such as is administered to juvenile offenders, or such as is inflicted upon adults?

(*c*) Does the Government approve of these proceedings of the Joint-Magistrate of Sitamarhi? If not, will the Government be pleased to issue orders, impressing upon Magistrates the desirability of not enforcing the provisions of the Whipping Act against persons of education and respectability, except under exceptional circumstances?

(*d*) Is it the case, as stated in the newspapers, that Lord Lawrence issued a Circular in connection with the infliction of the punishment of whipping; that this Circular has not been withdrawn; and that it directs that whipping is

not to be inflicted upon respectable persons (*Bhadra log*), except under exceptional circumstances? Will the Government be pleased to lay the Circular on the table.

The Hon'ble MR. COTTON replied:—

"This question has also been dealt with in the reply already given to the Hon'ble Mr. Bose. It is only necessary to add that the punishment of whipping was not inflicted in this case, and that the Magistrate on his own responsibility refrained from carrying out his order in order to allow an opportunity for appeal. The orders of Government prohibiting the punishment of whipping in the case of persons of respectability are stringent and leave nothing to be desired. Orders to this effect were issued in 1868, again in 1882, and recently in 1887. It is not considered necessary to lay them on the table, but they will be communicated to the Hon'ble Member if he desires it."

ADDITIONAL PUNISHMENT INFLICTED BY JOINT-MAGISTRATE OF ALIPORE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the attention of the Government been drawn to a paragraph, which appeared in the *Hitabadi* of the 20th December, to the effect that, on the 10th December last, Mr. C. Fisher, Joint-Magistrate, Alipore, convicted and sentenced one Nidhiram Uriya to receive ten stripes, and, after the execution of this sentence, caused ten more stripes to be inflicted on him, and that there is no memorandum of this additional punishment in the records?

Is there any truth in this statement? If so, what action does the Government propose to take in the matter?

The Hon'ble MR. COTTON replied:—

"This question has been answered by the reply already given to the Hon'ble Mr. Bose on the same subject."

THE 5TH BENGAL CAVALRY MILITARY GRASS-CUTTERS.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the attention of the Government been called to a serious riot at Moheshtolla reported in the *Hitabadi* and other newspapers, alleged to have been caused by some Military grass-cutters attached to the 5th Bengal Cavalry? Is the Government aware that the Military grass-cutters were ordered last year by the Magistrate of the 24-Parganas to obtain their supply of grass from railway embankments, and not to enter the villages; and that notwithstanding this order, the grass cutters went to the village of Moheshtolla, and began forcibly cutting the grass of the villagers which led to the riot? Will the Government be pleased to state what steps it proposes to take, with a view to enforce the orders of the Magistrate, and prevent the recurrence of acts of violence on the part of the Military grass-cutters?

The Hon'ble MR. COTTON replied:—

"The facts are substantially as stated in the question. Arrangements have been made by Government for the supply of grass to the Military grass-cutters at Alipore from the railway embankment and from the Baraset subdivisional compound, but it appears that on the 2nd February a party of grass-cutters trespassed upon land belonging to certain villagers of Moheshtolla, who called for the assistance of the police, and that a fight ensued, which resulted in nine of the grass-cutters being arrested and sent up for trial. The Lieutenant-Governor is in communication with the Military authorities, with a view to effectually putting a stop to further incidents of this nature."

ALLEGED OPPRESSION BY MOHUNTS.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Whether the attention of the Government has been called to the telegram noted in the margin, which appeared in the *Statesman* newspaper headed "Alleged Oppression by a Mohunt"? Will the Government be pleased to enquire into the circumstances alleged in the telegram, and also disclosed in the issues of the *Hitabadi*, dated the 17th and 24th January? Is it the case that the Mohunts of Sitakund and Barar shrines in the Chittagong district are levying a regular tax upon pilgrims by issuing tickets of admission to the shrines which are public places of worship—a proceeding hitherto unknown in connection with any other shrine? If so, will the Government be pleased to direct that the old practice of voluntary contributions made by pilgrims be reverted to, or will the Government take such other steps as to the Government may seem fit, with a view to put a stop to this extortionate practice?

ALLEGED OPPRESSION BY A MOHUNT.

(*From a Correspondent, Sitakunda, February 4th.*)

Although in the late Sitakund case the Mohunt has been ordered to refund the tax illegally extorted by him from two pilgrims, his oppression has not yet ceased. Fortunately, the attention of the Commissioner and the Magistrate has been drawn to his proceedings. The latter personally made a thorough enquiry into the complaints, about 150 pilgrims having been recently obstructed with fencing in a public road leading to the temple of Samvunath by Mahomedans employed by the Mohunt, who is still extorting a tax from pilgrims against their will. These facts were proved beyond doubt. The Magistrate has kindly promised his help and protection to pilgrims against this oppression after enquiry. Pilgrims are coming down in numbers by every day's train, and many thousands are expected on the occasion of the next anniversary ceremony of Sivaratri, to be held on the 11th instant. All are anxiously awaiting orders from the Commissioner and the Magistrate.

The Hon'ble Mr. COTTON replied:—

"The Lieutenant-Governor has caused enquiries to be made on the subject of the Hon'ble Member's question. It appears that two pilgrims sued the Mohunt of Sitakund in the local Small Cause Court to recover the fees paid by them for admission to the Temple, and that the Court decided in their favour. Being a Small Cause Court case there is no appeal, but it is stated that the Mohunt has moved the High Court on a point of law. The measures adopted by the local authorities are exactly the same as they have been for many years past. When the pilgrims' cases were won, the Adhikaris, who own the pilgrim rest-houses at Sitakund, and whose interests conflict with those of the Mohunt, applied to the District Magistrate to take action to remove all barriers and to order that every one should be admitted free of charge to the shrine. In reply to this, the Magistrate pointed out that barriers were put up every year for the regulation of overcrowding, with the consent of the officer who was placed in charge of the *mela* arrangements, and that, in accordance with long-standing practice, this officer had authority to admit persons who were unable to pay to pass without payment."

WITHDRAWAL OF ACT X OF 1859 FROM JALPAIGURI.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Has the Government received any memorial from the inhabitants of the Jalpaiguri district, submitted before the last Pooja, for the withdrawal of Act X of 1859 from the regulation portion of the district? Is it a fact that the local authorities are in favour of the prayer of the memorialists? Is it also the case that the present Commissioner of the Division has repeatedly and strongly recommended the withdrawal of the said Act and the introduction of Act VIII of 1885 in its place? If so, and having regard to the strong local feeling on the subject, will the Government be pleased to comply with the prayer of the memorialists in accordance with the recommendation of the Commissioner of the Division and other local authorities?

The Hon'ble Mr. BUCKLAND replied:—

"(*a*) A petition, dated the 12th September, 1895, was received by Government, purporting to be signed by residents and inhabitants of the district of Jalpaiguri, who asked the Lieutenant-Governor to abolish 'the jurisdiction of the Collector and Deputy Collector to try rent suits in the Regulation portion of the district, and vest it in the Civil Courts by withdrawing Act X of 1859 therefrom and introducing Act VIII (B.C.) of 1869 (which differs from Act X of 1859 only in jurisdiction).'

"(*b*) The memorial was not referred to the local authorities for report, as it had been decided by Government in connection with the passing of Act VII (B.C.) of 1895 (which repealed the Bhutan Duars Act, XVI of 1869), on the 3rd August, 1895, that Act X of 1859 should be introduced into the Duars, and it was deemed undesirable to have different rent Acts prevailing in different parts of the same district.

"(*c*) The present Commissioner has all along been of opinion that, when Act XVI of 1869 was repealed, its place should be taken by the Bengal Tenancy Act, VIII of 1885, but his views were not accepted by the late Lieutenant-Governor.

"(*d*) There is no evidence of any strong local feeling on the subject. The memorial referred to prayed for the extension of Act VIII (B.C.) of 1869 (not of the Tenancy Act) to the district; the point on which special stress was laid being that, under Act X of 1859, rent suits are tried by Deputy Collectors. In deference to the wishes of the memorialists, the late Lieutenant-Governor asked the High Court whether the Hon'ble Judges had any objection to the Munsifs in Jalpaiguri being vested with powers for the trial of rent suits under Act X of 1859 and Act VI (B.C.) of 1862. No answer has yet been received to this reference."

POST OFFICES AT POLICE-STATIONS.

The Hon'ble BABU GURU PROSHAD SEN asked—

Whether a Government Post Office does not exist at all the police-stations? Will the Government be pleased to order the preparation of a statement, showing in what cases they do not exist, district by district?

The Hon'ble MR. BUCKLAND replied:—

"It is not clear whether by the words 'Government post office' the Hon'ble Member means an Imperial post office as distinguished from a zamindari dâk post office, and whether by the words 'police-stations' the Hon'ble Member means only thanas or both thanas and outposts; but, in any case, the reply to the first half of the question is 'No.'

"As to the second half of the question, if the Hon'ble Member will let me know precisely the information he desires, the Government will endeavour to obtain it for him."

ZAMINDARI DÁK CESS FUND.

The Hon'ble BABU GURU PROSHAD SEN asked—

Will the Government be pleased to state, whether, when a post office is established with the Zamindari Dák Cess, the income out of it is credited to the Zamindari Dák Cess Fund?

The Hon'ble MR. BUCKLAND replied:—

"When a post office is established with the Zamindari Dâk Cess, the receipts from it are not credited to the Zamindari Dâk Fund; but neither is the expenditure on supervision, control, accounts and audit, delivery, forms, seals, and other items debited to the fund; and the expenditure on these items often equals or exceeds the postal income."

ZAMINDARI DA'K CESS RATES.

The Hon'ble BABU GURU PROSHAD SEN asked—

Regard being had to the provisions of section 5 and section 10 of Act VIII of 1862 (B.C.), should the fixing of the rates of Zamindari Dák Cess for five years, by order of the Board of Revenue, be allowed to continue?

The Hon'ble MR. BUCKLAND replied:—

"In April, 1892, Government, after full consideration of the question of substituting a fixed annual payment for the variable charge on account of the District Post devolving on zamindars, a question which arose from certain representations of the British Indian Association, decided on the principle of fixing for five years, from January, 1893, the rate at which the zamindari tax was to be levied in each district, on the grounds of economy and of administrative convenience to all concerned. The rates were fixed accordingly, and Government would prefer to give the arrangement a fair trial."

REPEAL OF ACT VIII OF 1862.

The Hon'ble BABU GURU PROSHAD SEN asked—

Considering the great development of our postal system and the profit with which it is being worked out in Bengal, and also considering the fact that the reason or reasons for which the levy of a cess from the zamindars for the conveyance of letters on public service between Police officers and police stations and the magisterial offices of the district was thought necessary, do no longer exist, will it please Government to order the repeal of Act VIII of 1862 (B.C.)?

The Hon'ble MR. BUCKLAND replied:—

"Government cannot admit the correctness of the statement that the reasons for the levy of the zamindari dâk cess no longer exist, and are not prepared to propose the repeal of the Act, VIII (B.C.) of 1862. The complete substitution of Imperial for zamindari lines is not now, and for many years to come will not be, a practical question in any district in Bengal. At the present time the extension of Imperial lines has no other effect than the temporary displacement of zamindari lines, the release of postal runners in one direction facilitating their employment in another, where their absence is, with the growing needs of the administration, beginning to be felt. Railways and other communications are developing new centres of trade and population, which, for police as well as other purposes, have to be brought into closer connection with the district authorities. Even where new places are not starting into importance, the increasing activity of life and the multiplied wants of the present day, necessitate greater despatch than formerly in communicating with old established centres. Thus the question of abolishing the zamindari dâk system is really not one of immediate possibility."

COURT-FEE STAMPS ON JOINT APPLICATIONS.

The Hon'ble BABU GURU PROSHAD SEN asked—

In proceedings under section 104, (2), of the Bengal Tenancy Act, which commence by *applications* and not by *plaints*, and in which under Rule 25 of the Rules issued under section 189 of the Act on the 1st November, 1894, any number of tenants may join in making a joint *application*, or may be joined as defendants in *one application*, if 50 ryots join, or are joined as defendants, 50 eight-anna court-fee stamps are being charged for *one such application*. Will it please Government to say under what provision of the Court-fee Act the court-fee is thus levied?

The Hon'ble MR. BUCKLAND replied :—

"It has been held that a Revenue Officer is acting as a Court when fixing a fair rent under section 104 (*2*) of the Bengal Tenancy Act on the application of a party, except when the record is being framed under section 101 (*2*) (*d*) of the Act. Applications by a party for the fixing of a fair rent under section 104 (*2*) are, therefore, chargeable with court-fees in estates not under revenue settlement, and, were it not for an exempting Notification of the Government of India, such applications would be treated as plaints instituting suits under section 107 of the Bengal Tenancy Act, and would be liable to *ad valorem* fees, as prescribed in Schedule I of the Court-fees Act. It would be a complicated matter, but not impossible, to calculate the value of the suit for the purpose of levying an *ad valorem* fee. In consideration of this difficulty, the Government of India, on the suggestion of this Government, have, under section 35 of the Court-fees Act, remitted all other fees chargeable on applications referring to any entry made, or proposed to be made, in a draft record of rights, while directing that the fee payable on any application made under section 104 (*2*) for a settlement of rent shall not exceed the sum of 8 annas for each tenant making or joining in or joined in such application.

"Rule 25 of Chapter VI of the Rules issued under section 189 of the Bengal Tenancy Act, makes no reference to the levy of fees at all; they are levied under the Court-fees Act. If it should be held by any superior Court that this Rule, whereby tenants are permitted to be joined in one application, prevents the levy of more than a single fee on it, it might be necessary to alter the Rule (which was made entirely in the interests of applicants), in order to make it clearer that the joinder of several tenants shall not prevent the levy of a separate fee on account of each tenant included in the application. But this difficulty has not yet arisen."

COSTS OF CADASTRAL SURVEY AND RECORD OF RIGHTS.

The Hon'ble BABU GURU PROSHAD SEN asked—

Will it please Government to state whether it intends to credit to the costs of the cadastral survey and record of rights in calculating such costs under section 114 of the Bengal Tenancy Act all stamp-fee revenue realized, and all process fees and other receipts on account of the various proceedings between landlords and tenants necessitated by the order for the cadastral survey and record of rights?

The Hon'ble MR. BUCKLAND replied :—

"It was decided by the Government of India, in 1893, on the recommendation of this Government, that the cost incurred on account of the stamp fees referred to should be deducted from the costs of survey and settlement recoverable under section 114 of the Bengal Tenancy Act."

INCONVENIENCES ARISING FROM WITHDRAWAL OF E. B. S. RAILWAY DESPATCH STEAMER SERVICE.

The Hon'ble BABU GURU PROSHAD SEN asked—

What steps have been taken by Government to remove the inconveniences felt by passengers travelling between Goalundo and Naraingunge, noticed in the Annual General Administration Report of the Dacca Division for the year 1894-95, paragraph 130, and published in the Supplement to the *Calcutta Gazette*, page 130, since the withdrawal of the Eastern Bengal State Railway despatch steamer service?

The Hon'ble MR. COTTON replied:—

"The control over the Eastern Bengal State Railway System and of the steamer lines connected with it was transferred to the Director-General of Railways under the Government of India in 1892, and the Bengal Government has no official knowledge of the circumstances under which the steamer service between Goalundo and Naraingunge has been placed in the hands of the India General Steam Navigation Company. The inconvenience felt by passengers travelling between Goalundo and Naraingunge has been brought to the notice of Government by a Memorial from persons concerned, as well as by the Commissioner of the Dacca Division in the paragraph of the report quoted; and this Memorial, together with the remarks of the Manager of the Eastern Bengal State Railway, and of the Commissioner of the Division thereon, has been submitted to the Government of India. The Lieutenant-Governor has also himself personally mentioned the matter to the Manager of the Railway."

TOURS OF DISTRICT AND SUBDIVISIONAL OFFICERS.

The Hon'ble BABU GURU PROSHAD SEN asked—

(*a*) Is the Resolution of the Government of Bengal, dated 21st April, 1888, regarding the tour of district and subdivisional officers, published in the issue of the *Amrita Bazar Patrika*, dated 13th January, 1896, still in force?

(*b*) In view of the great inconvenience and harassment caused to the parties and their witnesses in criminal cases by reason of their being compelled to follow Magisterial officers about in camp during their tour, will it please Government to order in terms of that Resolution that Subdivisional Officers should endeavour to do as much of their regular case work as possible at head-quarters, and should arrange their tour so as to render it unnecessary for large parties of muktears and clerks to follow their camp?

The Hon'ble MR. BUCKLAND replied:—

"The Resolution of the 21st April, 1888, dealt only with the tours of Subdivisional Officers, and was among the papers considered before the Resolution of Government, No. 398T.G., dated the 17th October, 1891, was issued. The Resolution last mentioned was published in the Supplement to the *Calcutta Gazette* of the 21st October, 1891, and contains Sir Charles Elliott's orders, which have hitherto been in force, on the subject of official tours.

"The Lieutenant-Governor has recently issued a Resolution No. 749, dated the 18th February, 1896, published in the Supplement to the *Calcutta Gazette* of the 19th idem, in which he has laid down revised orders regarding the tours of Commissioners, District Officers, and Subdivisional Officers."

THE PROTECTION OF MUHAMMADAN PILGRIMS BILL.

THE Hon'ble MR. COTTON moved for leave to introduce a Bill to provide for the protection of Muhammadan pilgrims in the town of Calcutta. He said:—

"Hon'ble Members are doubtless aware that for the ports of Bombay and Karachi a law has been passed to protect Muhammadan pilgrims embarking from those ports, and to enable the local authorities to exercise control over a class of men known as Muhammadan pilgrim brokers. That law was passed in Bombay in 1887, and it is stated that it has worked satisfactorily in that Presidency. Messrs. Thomas Cook and Son, who were for several years in charge of the pilgrim arrangements between India and the ports of the Hedjaz, repeatedly brought to the notice of the Government of India that it would be very desirable if a law, similar to the Bombay Act, were enacted for Calcutta. They made their recommendation in 1890, and again in 1891 and 1892, and in their report for the year 1893. I will, with Your Honour's permission, read to the Council the recommendation they made in the last of these years. Messrs. Cook and Son wrote:—

'I wish again to call the attention of the Government of India to the fact that through the Pilgrim Brokers' Act not applying to Calcutta, it is impossible for any one to carry out the arrangement for shipping of pilgrims satisfactorily from that port; the troubles the pilgrims have to encounter in Calcutta at the present time are, if anything, worse than they were in Bombay before the Brokers' Act was put into operation, and in this my final report, I would impress upon Government the advisability of passing an Act governing the pilgrim brokers in Calcutta, similar to the one now in operation at Bombay and Karachi.'

"On receipt of this report the Local Government placed itself in communication with the Commissioner of Police for the town of Calcutta, and also with the leading Muhammadan Associations of this City, and we have received a report from Sir John Lambert in which he strongly supports the proposal for legislation. He states that about a hundred persons follow the profession of pilgrim brokers in Calcutta, and that they pillage and deceive the pilgrims in every way possible, but as the parties aggrieved were always in a hurry to proceed on their pilgrimage, they would not come forward to complain, and naturally objected to being detained in Calcutta or to appear in Court. He furnished several instances in which these pilgrim brokers were proved to have oppressed and swindled pilgrims passing through the town of Calcutta, but as the brokers were under no legal control, no effective action could be taken; the pilgrims leave for the Hedjaz, and the brokers are left untouched The Central Muhammadan National Association and the Muhammadan Literary Association have also represented to the Government that in their opinion the introduction of the present Bill is very desirable. The number of pilgrims who leave Calcutta cannot be accurately stated. Formerly a considerable number left by steamer from Calcutta. In the year 1891 the number of pilgrims who left by steamer exceeded 1,000; since then the numbers steadily fell off. In 1894 no pilgrim left by steamer direct from Calcutta, and in 1895 the number was only 48. The pilgrims who now leave from Calcutta all go by train to Bombay, and their number is very considerable. According to the best calculation I have been able to make, it amounts to between 4,000 and 5,000 in a year, principally from the districts of Eastern Bengal, and I include in this expression the district of Sylhet, which is well known to supply a large number of *Hajees*. It is for the protection of this large number of pilgrims that I ask for permission to introduce the present Bill. It is necessary to protect them just as much for the railway journey as it is for the sea passage. The practice is for the pilgrims to take their tickets here to Bombay and from Bombay to Mecca. It has been known that pilgrims whose tickets should have been taken to Bombay have been stranded half way to that City, the actual ticket taken by the broker in such cases being for some intermediate station only. The pilgrims from the districts of Eastern Bengal are mostly very simple men, and not acquainted with the wiles of city life; they are accosted on arrival, and fall, without difficulty, into the hands of those whose business it is to promote their pilgrimage, but who in fact pillage them.

"The object of the Bill I propose to introduce to-day is to protect these pilgrims, and to bring this class of brokers under strict and effective control. The Bill which has already been circulated to Hon'ble Members is based on the lines of the Bombay Act, but certain modifications have been found necessary to adapt it to the conditions of Calcutta and to make it applicable to railway as

well as to sea traffic. But none of the substantive provisions of the Bill are new or other than those which already exist, and have, as I am informed, been found to work well in Bombay.

"With these remarks I ask for permission to introduce this Bill."

The Motion was put and agreed to.

The Hon'ble MR. COTTON applied to the President to suspend the Rules of Business to enable him to introduce the Bill, and to move that it be read in Council.

The Hon'ble THE PRESIDENT having declared the Rules suspended—

The Hon'ble MR. COTTON introduced the Bill and moved that it be read in Council.

The Motion was put and agreed to.

The Bill was read accordingly.

The Council adjourned to Saturday, the 14th March, 1896.

CALCUTTA;
The 10th March, 1896.

C. E. GREY,
Offg. Assistant Secretary to the Govt. of Bengal,
Legislative Department.

RESOLUTION ON THE OPIUM ADMINISTRATION REPORT, 1894-95.

REVENUE DEPARTMENT—OPIUM.

Calcutta, the 9th March 1896.

RESOLUTION—No. 12.8.

READ—

The Report on the Administration of the Opium Department for the year 1894-95 (1st September 1894 to 31st August 1895).

THE Board's report, which was due to Government on the 1st February, was received on the 12th February 1896. There is some improvement in the date of submission of the report to Government, which in the previous year was the 26th February. The delay is accounted for by the fact that, under the instructions of Government issued from time to time in 1895, some changes have been introduced into the reports of the Agents which have been prepared on the uniform system laid down for both the Agencies on the suggestion of the Board. Some of the tables have also undergone revision. The result compares favourably with former reports.

2. The year 1894-95 was the seventh in succession of a series of bad years commencing from 1888-89. The opium reserve having, on account of a succession of favourable seasons, risen to 49,705 chests in the year 1887-88, the cultivation in both the Agencies was reduced by 10 per cent. in the Bihar and 24 per cent. in the Benares Agency, in the year 1888-89. Unfortunately there was a failure of crops in 1888-89, and this, combined with the reduction in the area of cultivation, brought down the total yield of the two Agencies to 67,000 maunds in the place of 1,23,000 maunds in the previous year. In the year 1889-90 attempts were made to restore the area of cultivation to its former extent, but they were wholly unsuccessful in Bihar. In the Benares Agency the endeavours were, however, more successful, and an increase of 20 per cent. in the area of cultivation was secured. The outturn in the two Agencies in this year was 96,000 maunds. The average outturn during the three following years was only 78,900 maunds. The year 1893-94 was one of the worst on record, the total outturn in the two Agencies being only 61,000 maunds. It was in this year that the advent of the Royal Opium Commission still further accentuated the already prevailing depression. Any excitement that may have been caused by the visit of the Commission has now subsided; and the price per seer of crude opium paid to cultivators has with effect from the year 1894-95 been raised from Rs. 5 to Rs. 6. The situation has so far been improved; but Mr. Hopkins, the Bihar Agent, considers that the increase in price is not likely to attract new cultivators or bring back the old, but only to ensure greater care and industry on the part of existing cultivators. On the other hand, the average area in which individual cultivators grow poppy remains practically constant (·38 of an acre in Bihar and ·42 in Benares); the fact being that there is a distinct limit to the time and attention which can be bestowed by a family of cultivators upon so exacting a crop. They must either grow a certain area of poppy, or no poppy at all. With regard to the competition of other crops, Mr. Hopkins is inclined to think lightly of the danger, except with regard to oil-seeds; but the Opium Agent of Benares points out that the cultivators have found out that potatoes, tobacco, &c., are as profitable as poppy; and when a cultivator has once severed his connection with the department and made a start in other business by aid of advances from native bankers, who are not so pressing so long as the interest is paid for repayment of the loan as the Government, it is hard to get him back; but any defect in the outturn of cane, potatoes or even tobacco is immediately followed by an upward tendency on the part of poppy cultivation, and settlements are largely influenced even by the actual prospects of the ordinary kharif crops.

It is to be noted that the Bihar Agent, in his calculation concerning the competition of potatoes with poppy, has been unable to obtain statistics for districts like Patna and Muzaffarpur, where potatoes and other special crops are very largely grown in the fertile tracts along the great rivers. Upon the whole it cannot be expected that the area under poppy cultivation will show

any decided increase until one or two favourable seasons restore its former popularity.

Cultivation and produce.

3. There was a decrease of 16,621 bighas in the area engaged for in the Bihar Agency, out of which the Muzaffarpur Sub-Agency is responsible for 15,879 bighas, representing worthless lands which had been allowed to be engaged for in previous years, but which were this year excluded. The net area of cultivation, after deducting failures, was in Bihar 370,342 bighas, against 379,714 bighas in the year 1893-94, showing a decrease of 9,372 bighas. There was, on the other hand, an increase in the outturn of this Agency by 5,994 maunds, the average produce per bigha being 3 seers 7 chitaks 2 k., against 2 seers 12 chitaks in the preceding year. The gross area engaged for in the Benares Agency was larger by 91,555 bighas compared with the year 1893-94; and deducting failures, the net increase was 96,259 bighas. The increase in the produce was 1,714 maunds, the average produce per bigha having fallen off from 3*s.* 15*ch.* 3*k.* to 3*s.* 4*ch.* 2*k.* This specially unfavourable result in the Benares Agency is attributed to the waterlogged condition of the country delaying the sowings, and to the stormy and unsettled weather of March. The total produce was 32,109 maunds in Bihar and 36,949 maunds in Benares; total 69,058 maunds. The consistence of the Bihar opium received was very high, being 76° as compared with 70° of the preceding year. The Benares drug was, however, of a consistence of only 70·02 degrees, as compared with 71·33 in the preceding year. The Agents' reports do not furnish any explanation of the disparity between the consistence of the Bihar and Benares product; but the Benares Agent attributes the extreme variations in consistence among the divisions of the Agency to careless preparation.

Outturn and sales.

4. The total outturn of the season was 35,953 chests 10 cakes of provision opium, viz., 18,538 chests 10 cakes in Bihar and 17,415 chests in the Benares Agency, against 16,785 chests in the former and 16,543 chests 19 cakes in the latter Agency during the previous year. So many as 426 chests of Patna and 2,226 chests of Benares opium had to be taken out of this quantity to make up the quantity advertised for sale in 1895. The number of chests available for sale in 1896 was therefore only 18,112 chests of Patna and 15,189 chests of Benares opium. As the sale programme for 1896 provides for 39,000 chests, viz., 19,500 chests of Patna and 19,500 chests of Benares opium, the crop of 1894-95 has to be supplemented by 1,388 chests of the former and 4,311 chests of the latter, out of the produce of the current season 1895-96. The quantity of Nepal opium delivered in the year was 97 maunds, against 95 in 1893-94. Little progress is being made in this direction, and the Board observe that it pays the Nepal cultivators better to sell to smugglers than to Government. Six hundred and forty-one pounds of medical opium in cakes and 524lbs. of powdered medical opium were manufactured during the year at the Patna Factory, and 467lbs. 9oz. 4dr. of morphia hydrochloras and 27lbs. 13oz. 7dr. of codeia at the Ghazipur Factory during the same period. It is pointed out that there is no sufficient outlet for opium alkaloids, and there is in consequence a large accumulation at Ghazipur both of the crude alkaloids and of the raw materials.

Excise opium.

5. It was decided to keep the requirements of the Excise Department as low as would be consistent with safety, in order to meet the more pressing necessities of provision opium. Accordingly, only 6,914 maunds, viz., 2,983 maunds at Patna and 3,931 maunds at Ghazipur, were manufactured in the year, against 8,342 maunds manufactured in the previous year. The above figures include the product of Malwa opium, of which the equivalent of 3,000 maunds at 90° consistence was purchased in the year and distributed between the two Agencies. In the Patna Factory, 858 chests of excise opium were prepared from Malwa opium, and in the Ghazipur Factory 979 chests. Great difficulty has again been experienced in the manufacture of excise opium from the Malwa drug on account of the presence of oil in it; and the attention of the officer on special duty at Indore should be specially drawn to the importance of obtaining the quantity required without the admixture of oil. The cost of production is Rs. 542 per maund, against

Rs. 340 per maund credited to the Opium Department, as representing the cost of a maund of excise opium prepared out of the Agency produce. As regards the attitude of consumers, it is reported by the Benares Agent that—

"complaints have been received this year as to inferior quality and loss of weight; the latter objection has, with the sanction of the Board of Revenue, been made good by the addition of ½ chitak to each cake; the objections to quality are frivolous and unfounded. They are the same as those made when Malwa opium was formerly introduced, and yet when the supply of Malwa opium was stopped, consumers complained of their deprivation of a drug to which presumably they had got accustomed. I succeeded in securing the help of many Collectors in the North-Western Provinces, by personal consultation, in allaying the discontent said to be caused by the supply of Malwa opium. The objections from the Central Provinces, where Malwa opium after all has been constantly in use, I had to meet by correspondence. In India everything new gives rise to complaint and grumbling. As a fact, Malwa opium is richer in alkaloids than Agency opium, and but for the oil would be much preferred by consumers."

Expenditure.

6. The expenditure in the Bihar Agency was Rs. 85,68,522, and in the Benares Agency Rs. 1,00,86,889, the total expenditure being Rs. 1,86,55,411. These figures show an increase of Rs. 25,18,906 in Bihar and Rs. 19,68,918 in Benares, or Rs. 44,87,824 in both the Agencies. The figures for Bihar include the cost price of 3,991 maunds of opium transferred from the Benares Agency, which was deducted from the accounts of the latter Agency and debited to Bihar. Almost the whole of the increased expenditure is due to the increased price of Rs. 6 per seer paid for the crude opium, as against Rs. 5 per seer in the preceding year. The price of Malwa opium is not included in the above figures, nor is it shown in the Board's or the Agents' reports, but they include the cost of making Malwa into excise opium. The average cost of a chest of opium in the Bihar Agency, taking all kinds of opium together, but excluding the cost price of Malwa opium, was Rs. 456-1-9, against Rs. 386-14-6 in the year 1893-94; in the Benares Agency, the average cost was Rs. 484-15-2, against Rs. 404-2-6 in the preceding year. The increase in both the cases was chiefly due to the increased price paid for crude opium, but there was also some excess expenditure, as compared with the year 1893-94, in leaves, chests and timber. The question of instituting a system of local audit of accounts of the two Agencies which has been under discussion for some time, has been set at rest by orders issued by the Government of India to the Accountant-General, Bengal.

Irrigation and advances for wells.

7. It has hitherto been reported that the bulk of the poppy land in both the Agencies was irrigated and only a small percentage unirrigated. But the Bihar Agent observes that the term "irrigated" is applied loosely to lands which are only irrigable by artificial means, such as kutcha wells or waterholes excavated annually, temporary *pynes* or anicuts, which possessed no permanent sources of water-supply. He is of opinion that such lands should be classed as "irrigable" and not as "irrigated." In the Hajipur and Muzaffarpur sub-agencies well-water, Mr. Hopkins goes on to say, is considered detrimental to poppy cultivation, because it is believed to encourage the saline efflorescence so common and so destructive in Tirhut. In the Aliganj and Chapra sub-agencies this objection to well-water has been successfully overcome by careful tillage, and the Agent believes that it will be overcome in time in Hajipur and Muzaffarpur also. On the other hand, the Lieutenant-Governor observes that this objection is widely entertained in Tirhut with regard to indigo also, and is held to apply to all kinds of irrigation for that crop in *usar* or saline lands. In the Shahabad district, again, wells are reported to be the favourite means of irrigation, while canal water is said to have a deteriorating effect on the crop. The Bihar Agent remarks that the chief vice in canal water is that those who use it have to pay for it, and this view is corroborated by the evidence of the Benares Agency where no such objection to canal water exists. It is also reported that a practice has sprung up in Hazaribagh of forbidding the sale to opium cultivators of saplings for the construction of levers for raising water from wells, apparently on the ground of forest conservancy. This has had a deterrent effect on poppy cultivation, which requires well-water for irrigation. The matter should have been reported to Government separately; and the Board of Revenue will be requested to make an enquiry into it. The Benares

Agent complains that in the Etawah Division serious injury has been done to poppy cultivation by the action of the Canal Department in refusing to run the canals full for poppy alone, at a time when there is no demand for canal water for other rabi crops, on the ground that the canals might burst their banks through over-pressure. It is estimated that some 6,000 bighas of poppy land have been abandoned during the last ten years in the Etawah Division in consequence, and that the loss to Government during this period has been over 79 lakhs of rupees. The matter was reported to the North-West Provinces Government, which advised the Agent to resort to wells for the irrigation of poppy, stating that it was not possible to open the canals merely for the sake of the very small area under poppy, to the detriment of more general interests. Sir Alexander Mackenzie agrees with the North-West Provinces Government, and notes with approval that the advice of that Government has been adopted. The season 1894-95 was a damp one, and crops generally suffered from excess of moisture. The amount advanced for wells was, however, Rs. 17,923 in the Bihar Agency and Rs. 8,202 in the Benares Agency, against Rs. 11,059 and Rs. 11,176, respectively, in the two Agencies in the previous year. In Bihar 204 pucka and 671 kutcha wells were constructed, and in Benares 31 pucka and 2,286 kutcha wells were constructed. The construction of pucka wells should be encouraged, as they form permanent improvements and are probably cheaper in the long run.

Saw mills.

8. The saw mills at Patna continue to meet the demand of both the Agencies for chests. The total number of chests turned out by the mills in the year 1894-95 was 39,427, of which 10,222 were sál and the rest were mango-wood. The sál-wood chests and a portion of the mango-wood chests were made of logs cut in previous years. The average cost of a mango-wood chest was Rs. 2-4-11, against Re. 1-11-8. This increase is due mainly to the fact that the outturn was reduced by stopping the mills for nearly five months on account of the large accumulation of the stock of chests, due to deficient production of opium in the two previous years, although the establishment had to be kept on for the whole year. It is said that, if any of the artizans thus left unemployed had been dismissed, it would not have been possible to get them back or replace them when required, as they would soon have been picked up by Railway and other companies. A diminished outturn of chests must necessarily therefore entail an increase in the rate of cost of manufacture. The stock of chests at the end of the year was 18,601 ready-made sál chests and 15,659 mango-wood chests, besides planking equivalent to 36,407 sál chests and 3,376 mango-wood chests, and logs equivalent to 22,484 sál chests and 15,928 mango-wood chests.

Breaches of opium laws.

9. The following statement shows at a glance the figures relating to the breaches of the opium law during the past two years :—

	Cases investigated.		Persons—						Fines—				Rewards to informers.	
			Tried.		Convicted.		Acquitted.		Imposed.		Realised.			
	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.	1893-94.	1894-95.

In one case in Darbhanga, a maund of opium was seized in the possession of two men travelling by the Tirhut Railway. It is not stated where the opium came from. In the Benares Agency a consignment of 1 maund 23 seers of opium, which was being sent by rail from Nepal to the Punjab, was seized, and the persons implicated were punished. In another case a lumbardar of Budaon, who was suspected of having from a long time been concerned in smuggling opium into the Rampur State, was caught, and was sentenced to

rigorous imprisonment for one year in addition to fine; two of his accomplices were also convicted. The detection of this serious case reflects credit on the officers concerned. The Bihar Agent's report brings to light the existence of a practice in that Agency of zamindars and tenure-holders allowing raiyats to cultivate opium and divide the opium produced with them on the *bhaoli* system. This is objectionable and illegal, as noted by the Agent, and should not be tolerated.

Khatadari *versus* asamiwar system.

10. The Government of India, in August 1895, sanctioned the proposals of this Government for the introduction of the asamiwar system experimentally in one or two selected sub-agencies in Bihar. The details of the scheme are still under the consideration of Government.

Merits of Officers.

11. The officers of whom special mention is made as deserving a credit are Messrs. Tytler, Harrison, and Parrott, Sub-Deputy Agents of Bihar; Dr. Owen, Factory Superintendent, Patna; and Mr. G. A. Levett-Yeats, Assistant Factory Superintendent, Ghazipur. Messrs. Baker and Wright, who held charge of the Benares Agency during the year, and the officers under them, are also commended for their success in extending the area of cultivation.

The Lieutenant-Governor desires to thank the Hon'ble Mr. D. R. Lyall for his efficient administration of the Opium Department which is now beset with peculiar difficulties.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,

Secretary to the Government of Bengal.

LIBERALITY OF BABU SATYENDRA NATH DE OF BALASORE.

No. 897M., dated Calcutta, the 5th March 1896.

From—H. H. RISLEY, Esq., C.I.E., Secretary to the Government of Bengal, Municipal Department,

To—The Commissioner of the Orissa Division.

I AM directed to acknowledge the receipt of your letter No. 17L.F., dated the 14th February 1896, with which you forward, with your remarks, a copy of a letter from Babu Satyendra Nath De of Balasore, offering to give a sum of Rs. 5,000 for the purpose of providing a ward for in-door patients and quarters for the hospital assistant attached to the Raja Shyama Nand De Dispensary.

2. In reply, I am to say that the Lieutenant-Governor accepts the offer made by Babu Satyendra Nath De, and to request that you will be so good as to convey to him an expression of His Honour's thanks for his liberality and public spirit.

3. This letter will be published in the *Calcutta Gazette*.

NATIONAL HUNGARIAN MILLENNIUM EXHIBITION OF 1896.

THE following is published for general information.

REVENUE DEPT., *The 5th March, 1896.*

C. E. BUCKLAND, *Secy. to the Govt. of Bengal.*

Extract from the Proceedings of the Government of India in the Department of Revenue and Agriculture, No. $\frac{7}{1-4}$, dated the 26th February 1896.

COMMERCIAL EXHIBITIONS.

RESOLUTION.

READ the following—

Prospectus of the National Hungarian Millennial Exhibition of 1896.

THE MILLENNIAL FESTIVAL OF HUNGARY.

THE STATE OF HUNGARY

will under the august protectorate of

HIS IMPERIAL AND ROYAL APOSTOLIC MAJESTY FRANCIS JOSEPH I

celebrate in the year 1896

THE MILLENNIAL ANNIVERSARY OF ITS FOUNDATION.

The whole civilised World takes an interest in this rare historical festivity, fully appreciating its high importance.

The chosen representatives of the Nation have decided to organize a series of festivities in order to give foreign guests and other visitors a clear and correct idea of the importance this State has proved itself to be in the historical events of the last ten centuries, and of its present position amongst civilized nations.

Solemn Political Acts,

Festivities

in commemoration of National Heroes;

an Historical Exhibition,

showing relics of great value and treasures of Art and Industry methodically classified;

an Historic l Pageant,

arranged with extraordinary splendour by the higher classes of Society, as well as numerous other symbolic acts and performances shall recall to the visitor's mind the foundation and the vicissitudes of this State, revive the weary struggles for national independence and Christian civilization, and give testimony of its steady and unswerving contests for progress and liberty, thus to render evident the great

historical, political and cultural Mission of the Hungarian Nation.

The General National Exhibition

is meant to set forth all the moral and intellectual power of the Hungarian People; it is to comprise not only the agricultural and industrial products of the country, but also to show the national character and faculties that reveal themselves in popular life, the progress made in every line of public instructions, as well as the means produced and developed by the country in view of taking its share in the economical competition of all the progressive Nations of the World.

The Millennial Festivities will give occasion to the inauguration of newly-erected public institutions as well as to the convocation of International and National Congresses, which are to be held by nearly a hundred different social groups, classes and avocations, in view of discussing the result attained in the past, as well as the aspirations of the future. All the constitutive elements of the National Power will unite to illustrate, from every point of view, the importance of the Hungarian Nation as an element of political, intellectual, and economical power in modern civilization.

It is unnecessary to enumerte here, at greater length, all the instructive details which will be afforded by the Millennial Exhibition to Scholars, Politicians, Literary Men, Artists, Agriculturists, Manufacturers, Merchants and even to simple Workmen. We want only to point out such details as are likely to arouse the interest of the Public at large

Festivities Monuments.

The Millennial Festivities shall

commence on the 2nd May 1896.

On this day

the Millennial Exhibition will be

inaugurated by

his Imperial and Royal Apostolic Maj-sty

Francis Joseph I.

in the presence of the Princely Guests, the Members of the Dynasty, the Ambassadors accredited to the Imperial and Royal Court in representation of all the civilized nations of the World; the Members of both Houses of the Hungarian Legislature, the Hungarian Government and the common Ministers of the Monarchy, the Members of the Austrian Legislature and the Austrian Government, the Deputations of the Residential City of Budapest and of all the Departments and Municipal Bodies of the country, and the representatives of all its Scientific and Literary Societies and Institutions of Fine Arts.

On the following days

Thanksgiving Services

will be held in all the Churches of the country; all the Municipal Bodies, Institutions and Societies will assemble at

Special Meetings;

Gala Performances

will be given in all the Theatres, the programmes of which will consist of Dramatical Plays and Operas which have been awarded first prizes;

Gymnastic and various Sporting Clubs

will arrange races, regattas and shooting-matches with valuable prizes. At the same time an almost uninterrupted series of

International Congresses

and other Meetings will be held, accompanied by Inaugurations of public buildings; while in various provincial towns and counties numerous

Millennial Art-objects

(memorials and historical paintings) will be exhibited and charitable and other foundation created for the occasion will be inaugurated. The Government will establish 500 primary and technical schools in different parts of the country. In short, public life will present a varied and vivid picture, not surpassed even by Nations of the highest culture. All these festivities will culminate in the

Anniversary of the King's Coronation.

As early as June the 5th the Royal Insignia, viz.,

the holy Crown, the Purple Mantle, the Sword and Sceptre

will be conveyed to the Coronation Chapel, there to remain on public show for three days. On June the 8th the High Dignitaries of the Realm shall proceed in procession with the Royal Insignia to the Royal Castle, there to pay homage, in the name of the Nation, to the Bearer of the Crown of Saint Stephen. This procession will be headed by cavalcades arranged by the Nobility of the country and by gala carriages occupied by the Members of Parliament. The procession shall defile before the King and then proceed to the new

Parliament House.

This monumental Structure

has been erected at a cost of nearly 16,000,000 Fls., for the Nation wanted it to be worthy of her constitution, laid down a thousand years ago. Its inauguration will be solemnised by

a Millennial Meeting of Parliament,

the first that has ever been held before.

After this meeting the Members of both Houses will once more proceed to the Royal Castle, there to renew to the King the oath of reciprocal fidelity, sworn to by their ancestors 1,000 years ago at Pusztaszer.

As a continuation of this solemn act the

Arpád Memorials

will be erected at these seven points of the Hungarian frontier (Dévény, Zimony, Munkács, etc.,) which were occupied by Prince Arpád ten centuries ago on entering this country with his horsemen.

The official Millennary Festivities will, on the 27th of September, be closed by an act of international importance. His Majesty the King will on that day open, for international traffic, the new waterway called the

"Iron Gate,"

which colossal work was commenced by Count Széchényi and accomplished by Hungarian Engineering art and capital.

Finally, the last generation of the first Millennium will erect as a token and memorial for generations to come

a Pantheon-like Triumphal Arc

to hold the statues of all those great men who by their genius and bravery have so often led up Hungary to the heights of Prosperity and Power.

The series of official festivities will be diversified by such of a social and popular character. These will be the

Interparliamentary Conference for international Courts of Arbitration;

the Congress of Journalists

with the view to constitute an international Journalistic Union; international Congresses of Art-Historians, of Actors, Tourists, Athletes, Mountanists, etc.; numerous National Congresses embracing every intellectual and material interest of the country, in which the leading personages of all groups and branches of national production, the highest authorities in the field of commerce, industry, communication, etc., as well as those who are in the fore-fronts of the literary, spiritual and philanthropic movements of the country will convene, in order to demonstrate their faculties and aspirations at this most solemn moment of the History of the Nation.

There is a movement in all classes of Hungarian Society with a view to carry out the ingenious project of the Artist Paul Vágó, the great

Historical Pageant.

Several Municipal Bodies have already promised their concurrence, while scores of noble men and women, bearers of historical names, have declared their readiness to take part at their own costs. All the costumes and fashions of all the races and social classes who have inhabited this country, during ten centuries, shall pass before our eyes in this beautiful Cortege. The genius of the artist will call into life in their now living descendants all the belligerant ancestors who have conquered Pannonia under Arpád and, during the reign of Louis the Great, annexed to this Realm all the neighbouring countries; all the high Dignitaries, both Civil and Ecclesiastical, who, under Stephen the Saint, King Kálman and Mathias Corvinus, have spread Christianity, Enlightenment, Liberty and Wealth till the extreme confines of this part of Europe; all the Crusaders of Joannes Hunyady who have driven back the Crescent for a century, and thus defended western civilization against eastern barbarism; all the Kings, Princes, Noblemen and Poets of modern times who have led on the Nation in her struggle for modern ideas. All these historical figures will be followed by their retinues or surrounded by the popular types of the respective epoch. To judge by the sketches of the artist, this Pageant promises with its glamour the picturesqueness of its groups and the symbolic significance of its details, far to surpass everything that has hitherto been offered on similar occasions.

The Millennial Exhibition.

All these festivals will move, as it were, within the fixed frame of the

Millennial National Exhibition,

which will cover an area of 500,000 square metres and consist of 169 constructions and pavilions erected at a total cost (including private expenses) of 10,000,000 Fls. This Exhibition is divided into two sections, viz.:

1. The Historical Section

containing, as above mentioned, Art-Treasures, Relics, Memorabilia and antiquities of the past, which shall illustrate the Political, Religious, Military and Private life of each principal period in the History of the Nation.

His Majesty Francis Joseph I.

will figure as chief exhibitor, upon whose command the Archives and Treasuries of the Dynasty will exhibit a collection of priceless value;

His Imperial Majesty the Sultan

will send the precious relics of those of His illustrious Predecessors on the Ottoman Throne who, in the past, have materially influenced the destinies of Hungary. Italian, German, Polish and Russian Museums and Collections have also promised to send valuable objects relating to Hungary; while the Hungarian Clergy, the Aristocracy and the Municipal Bodies have voluntarily offered for exhibition all the relics and art-treasures in their possession. Graphical sketches, paintings, historical charts, battle-pieces, imitations and similar means and objects shall fill up any void that might be left in the picture of an epoch.

These collections will be accommodated in a group of buildings the architectural details of which are a reproduction of all the conspicuous parts of the monumental buildings of the country, thus presenting a general review of the History of Hungarian architecture. These groups of buildings, though of a temporary character, have, nevertheless, required an outlay of 600,000 Fls.

II. The Section of modern Times.

This section will contain everything offered by similar exhibitions. Nevertheless, the visitor's mind will here, too, be impressed with the solemnity of the Millennium and the enthusiasm inspiring the Nation at this momentous period of her History. The buildings show the luxury of solemn festivities and the programme embraces the national life in all its manifestations. And not only shall the present condition of Hungary be laid open to general view, but the world shall also be impressed with the fact of the great progress Hungary has made during the re-establishment of her Constitution, in 1867, obliterating in this comparatively short time the misfortunes and neglects of many centuries.

In order that none of the social or economical classes of the Country should remain excluded from the Millennial Exhibition, there will be represented besides exhibiting producers also those elements of the people which are not usually represented in exhibitions, viz., the Army and Navy, whose colossal mechanism shall be explained in all its details, the Public Health Institution with all their various apparatuses, Commerce, with its complicated organisation, its far-reaching, almost invisible, threads, and finally the village and country people with their manners of life, their customs and in their picturesque costumes, placed in a natural frame in the shape of some 30 dwelling-houses copied from nature and used by the different nationalities and tribes of this country.

These brief indications will perhaps suffice to arouse the sympathies of all civilized people and direct the interest of the public at large of all countries toward the Millennial Festivities of the State of Hungary.

ORDER.—Ordered that the foregoing be published for general information in the supplement to the *Gazette of India* in continuation of Resolution No. $\frac{3360}{6-1}$, dated the 12th December 1895, and that copies be forwarded to the several Local Governments and Administrations for publication in their official Gazettes.

Offg. Secy. to the Govt. of India.

STOCK DISEASES ACT OF 1895.

THE following is published for general information.

By order,
C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

REVENUE DEPT.—*Calcutta,*
The 6th March 1896.

(*Extract from* "Government Gazette" *of 17th January 1896.*)

STOCK REGULATIONS.

"The Stock Diseases Act, 1895."

$\frac{183}{96}$ ORDER IN COUNCIL.

At the Executive Council at Perth, this 15th day of January 1896.

PRESENT:

His Excellency the Governor.
The Honourables—
The Colonial Treasurer.
The Attorney-General.
The Commissioner of Crown Lands.
The Commissioner of Railways.
The Minister of Mines.

WHEREAS by "The Stock Diseases Act, 1895," the Governor is empowered, by Order in Council to be published in the *Government Gazette*, from time to time to prohibit the introduction or importation into the Colony, either by sea or land, of any Stock from any country or place; or to permit such introduction by land to be made at such inland places or their importation by sea at such parts of the sea-coast in Western Australia, being "ports" within the meaning of the laws of the Customs for the time being, subject to such restrictions and regulations as he shall see fit: NOW THEREFORE I, the Governor of the said Colony with the advice of the Executive Council, do hereby prohibit the introduction of imported stock into this Colony, except in conformity with and subject to the following Regulations.

C. LEE STEERE,
for Clerk of the Executive Council.

REGULATIONS.

1. All stock from the Australasian Colonies and New Zealand entering the Colony of Western Australia, whether by land or sea, must be accompanied by a statutory declaration by the owner or station manager (in addition to the certificate of a veterinary surgeon, as provided by the Act) that such stock were, at the time of departure from their station, and had been for the three months immediately preceding, free from disease, and had not for such period been in contact with diseased animals.

2. No stock which may lawfully be imported shall be landed at any Port other than Fremantle, Albany, Champion Bay, Cossack, and Esperance, unless they shall have been first inspected and passed by an inspector of stock at any one of the aforesaid ports.

3. Sheep, cattle, and camels shall perform quarantine for the following periods:—Sheep, 7 days; cattle (excepting fat bullocks intended for slaughter), 30 days; camels, 30 days; and if, during the period of quarantine, any signs of disease be exhibited, then, if not ordered to be destroyed, such stock shall be kept in quarantine for such further period as the inspector shall direct and treated as he shall deem necessary.

4. All stock found on arrival by an inspector to be suffering from any infectious or contagious disease shall be forthwith destroyed or kept and treated in quarantine, as such inspector shall direct.

5. No person shall enter or leave a quarantine ground without the permission of an inspector, *in writing*, and every person who shall enter shall, if the inspector shall so direct, disinfect himself and his clothes in such a manner as the inspector shall order.

6. All expenses of landing, removing to, maintaining, and keeping in quarantine and of disinfecting or otherwise treating any stock, and all expenses in connection therewith shall be paid by the owner or consignee of such stock to the inspector upon demand, and before such stock shall be removed from quarantine.

7. All expenses of destroying any stock, or of disinfecting or destroying any fodder or fittings, shall be paid by the owner or consignee thereof to an inspector upon demand.

8. The owner or consignee of any stock, fodder, or fittings shall deposit with the inspector, upon demand, such sum of money as shall be deemed by such inspector sufficient to defray all the expenses of inspection, maintenance, disinfection, medicine, attendance, transhipment, or conveyance to or from the quarantine ground of such stock, fodder or fittings, respectively; of disinfecting the vessel or conveyance in which such stock, fodder or fittings shall have been conveyed to the Colony, or to or from a quarantine ground; veterinary surgeon's fees for inspection, and all costs, charges, and expenses of every description in connection with or attendant upon the introduction of any stock, fodder, or fittings. If such sums be not forthwith paid on demand, as aforesaid, such stock, fodder, or fittings, may be sold by an inspector for the purpose of defraying such expenses, fees, costs, and charges.

9. Any stock found at any time to be suffering from any infectious or contagious disease, or affected with tick or lice, or any parasite, may be seized by an inspecter and placed in quarantine and there treated as the inspector may direct, at the owner's expense, until clean; or if the disease should be of such a nature that, in the opinion of the inspector, such stock should be destroyed, the inspector shall report the case to the Minister, who may order the destruction of such stock at the owner's expense.

10. Fees for examination of stock imported from beyond the Australasian Colonies shall be as follows:—

	£	s.	d.
For horses and cattle, 1 to 3	1	0	0
After 3 up to 5, each	0	5	0
For every additional head	0	2	6
For sheep, swine, goats, and dogs, 1 to 10	1	0	0
Each one after 10 up to 20, each	0	2	0
Each one after 20	0	0	2
For camels, 1 to 3	1	0	0
For every additional head, each	0	2	6

Fees for examination of stock imported from the Australasian Colonies and New Zealand shall be:—

	£	s.	d.
For horses and cattle, 1 to 3	0	10	0
After 3 up to 5, each	0	2	6
For every additional head	0	1	0
For sheep, swine, goats, and dogs, 1 to 10	0	5	0
For every additional head	0	0	2
For camels, 1 to 3	0	10	0
For every additional head, each	0	1	6

11. Sheep imported from the Australasian Colonies and New Zealand must be accompanied by a certificate of an inspector of stock or veterinary surgeon, that such sheep have been dipped, within seven days of being placed on board ship, in some specific known to be a cure for tick and lice.

12. The Chief Inspector of Stock may give permission in writing to any occupier of land in Western Australia, who is also the occupier of land in South Australia adjoining such first-mentioned land, for stock to be brought from such land to adjoining land within the Colony, for the purpose of depasturing or being kept on such land for any period therein mentioned, not exceeding six calendar months at any one time, provided that such stock shall not by reason of such permission become "introduced" stock, nor allowed to be on any land in Western Australia, except on land mentioned in such permission.

13. Any owner intending to introduce any cattle by land into Western Australia shall give notice thereof in writing to the inspector of stock in the district into which they are to be introduced, in the form in Schedule A hereto, such notice to be delivered not less than seven days before the introduction of such cattle, and shall produce a certificate of a duly qualified Government inspector that such cattle have been successfully inoculated against pleuropneumonia immediately prior to their departure for Western Australia.

14. The crossing place for cattle in the Kimberley District, *viâ* South Australia, shall be at the Ord Station.

15. No cattle adjudged by an inspector to be diseased shall cross the Border into Western Australia, and any person so introducing such diseased cattle shall be subject to a penalty of Five pounds per head.

16. Any person committing a breach of these regulations shall be liable, on conviction, to a penalty not exceeding Two hundred pounds, or imprisonment not exceeding six months where not otherwise provided.

17. Whenever any expenses, fees, costs or charges have been incurred by an inspector under these Regulations, he may sell the stock, fodder, or fittings in respect of which the same were incurred for the purpose of defraying all or any such expenses, fees, and charges.

SCHEDULE A.

NOTICE OF INTRODUCTION OF CATTLE.

To Inspector of Stock (at or nearest to the place of crossing)

Take notice it is my intention to introduce into the Colony of Western Australia, at , the cattle mentioned in the Schedule below, on the day of 189 .

ANNO QUINQUAGESIMO NONO.

VICTORIÆ REGINÆ.

No. XXXIV.

An Act to consolidate and amend the law relating to Diseases in Stock.

[*Assented to, 19th October 1895.*]

BE it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Western Australia, in this present Parliament assembled, and by the authority of the same, as follows :—

Preamble.

Short Title.

1. This Act may be cited for all purposes as "The Stock Diseases Act, 1895."

Governor may exempt any stock from operation of certain provisions of Act.

2. The Governor may from time to time, by Order in Council, to be published in the *Government Gazette*, exempt from the operation of any particular provisions of this Act such stock as he may think fit, either by generic or particular description, or in reference to the colony or country whence the same may be imported or introduced into Western Australia.

Repeal.

3. (1) The enactments described in the first schedule hereto are hereby repealed.

(2) Such repeal shall not affect any proclamation, order or direction, or anything done thereunder, nor any appointment or declaration made, nor any notice or certificate given, or other matters and things done under the said repealed Acts, or any of them, nor any offences committed, or forfeitures, or penalties incurred against or under the said Acts, or any of them.

(3) All such offences, forfeitures, and penalties may be prosecuted and recovered as if this Act had not been passed.

(4) All regulations made under any enactment hereby repealed shall continue in force until altered or repealed by regulations made under this Act.

(5) Whenever reference is made to any enactment hereby repealed, or to any of the provisions thereof, such reference shall be deemed to be to this Act and the corresponding provisions hereof.

Interpretation.

4. In the construction of this Act and in any regulations made hereunder, the following words shall, if not inconsistent with the context or subject-matter, have the meaning hereby respectively assigned to them (that is to say) :—

"Cattle."—Any bull, cow, ox, steer, heifer, or calf, or the carcase, or any portion of the carcase thereof, respectively:

"Clean."—Free from disease:

"Destroy."—To slaughter and entirely consume by fire, or, if permitted by an inspector, to bury at a depth of not less than four feet under ground, or take to sea and sink:

"Disease" shall mean any contagious or infectious disease to which any animal is subject, except the disease of scab in sheep:

"Dog."—Any dog, bitch, or whelp, or the carcase, or any portion of the carcase thereof, respectively:

"Fittings" shall mean any sheep pens, cattle or horse boxes, or any material used for penning, yarding, or confining stock, and any halters, brushes, clothes, buckets, or other material whatever which may have been brought into contact with any imported or diseased stock:

"Fodder" shall mean any food or bedding used, or which shall have been used or brought into contact with imported or diseased stock:

"Goat."—Any goat or kid, or the carcase, or any portion of the carcase thereof, respectively:

"Horse."—Any stallion, mare, gelding, colt, filly, foal, ass, or mule, or the carcase, or any portion of the carcase thereof, respectively:

"Imported Stock."—All stock arriving by land or sea from any place beyond the limits of this Colony:

"Infected Stock."—Stock suffering from any disease other than scab, or which have been in contact or have been on the same vessel with such infected stock during the next preceding three months, or which have been under treatment during such period for the cure of disease:

"Inspector."—The chief inspector, and every inspector appointed under the provisions of this Act, or any Act relating to scab in sheep, or any person authorised by the Governor to act as an inspector:

"Master."—The captain or master, or other person in charge of any vessel:

"Minister."—The Minister for the time being charged with the administration of this Act:

"Owner."—Any owner or consignee, whether joint or sole, superintendent, or person in possession or charge of stock, or any agent of any such owner:

"Sheep."—Any ram, ewe, wether, or lamb, or the carcase, or any portion of the carcase thereof, respectively:

"Stock" shall include all horses, cattle, sheep, goats, swine, camels, deer, antelopes, llamas, buffaloes, and other ruminants, dogs, poultry, and the carcase or portion of the carcase of any such stock, and also such other animals and their carcases to which the Governor may from time to time, by notice in the *Government Gazette*, order that the provisions of this Act shall apply:

"Swine."—Any boar, barrow, sow, or pig, or the carcase, or any portion of the carcase thereof, respectively.

Governor may prohibit or permit introduction of stock.

5. The Governor may, by Order in Council, to be published in the *Government Gazette* from time to time, prohibit the introduction or importation into the Colony, either by sea or land, of any stock from any country or place; or may permit such introduction by land to be made at such inland places or their importation by sea at such parts of the sea-coast in Western Australia being "ports" within the meaning of the laws of the Customs for the time being, subject to such restrictions and regulations as he shall see fit.

Governor may make regulations.

6. (1) The Governor may from time to time make, vary, alter, or revoke such regulations under this Act as may be deemed expedient for all or any of the following purposes:—

(1) For regulating the conditions upon which any stock may be introduced or imported into the Colony.

(2) For the inspection of imported stock.

(3) For the seizure and destruction of infected stock.

(4) For the purpose of subjecting any stock to such restrictions or remedial measures as may be deemed necessary to prevent the introduction or spread of disease.

(5) For providing for the steps to be taken in case of any disease breaking out among any stock in the Colony, and for preventing the spreading of such disease.

(6) For prescribing the manner in which persons coming into contact with infected stock, and land, premises, or conveyances travelled over or used by infected stock, shall be cleansed and disinfected.

(7) For the regulation, management, and control of quarantine grounds, and for prescribing the treatment and disposal of stock whilst in quarantine or in transit thereto or therefrom.

(8) For prescribing the term during which stock shall be quarantined.

(9) For regulating the charges to be made for conveying stock to or from quarantine, and their care, maintenance, and inspection while in quarantine.

(10) Generally for all or any such purposes as he may deem necessary for preventing the introduction or spread of disease.

All such regulations, upon publication in the gazette, shall have the full force of law; and copies thereof shall be laid before Parliament within fourteen days after such publication, and if Parliament be not in Session, then within fourteen days after the commencement of the next Session

(2) By such regulations the Governor may prescribe the maximum and minimum penalties for the breach thereof, but so that the maximum penalty shall not in any case exceed Five hundred pounds.

Special regulations in cases of emergency.

7. The Governor may, by Order in Council in any case which may appear to be of special emergency, authorise some person or persons to be named in such order to make such regulations and give such directions as may seem to him or them necessary for all or any of the purposes aforesaid under the circumstances of the case. Any such regulations so made shall be in force for any period not exceeding one month from the making thereof. Any order of the Governor in Council as aforesaid may be transmitted by telegraph.

Penalties.

8. Every person knowingly or wilfully disobeying, contravening, or omitting to observe any prohibition, restriction, or regulation imposed or made in pursuance of either of the three last preceding sections shall, on conviction before any two Justices, be liable to a penalty not exceeding One hundred pounds.

Appointment of Chief Inspector and officers.

9. The Governor may from time to time appoint or remove a Chief Inspector of stock and such other Inspectors of stock, and other officers and servants as may be necessary to carry out the provisions of this Act, and may prescribe the duties of such Inspectors and officers.

Inspectors may enter lands and buildings.

10. Inspectors shall have the power to enter at any time into any vessel or conveyance, or upon any land, or into any building not being a dwelling house, for the purpose of inspecting any stock or enforcing the provisions of this Act, or any regulations made in pursuance thereof.

Owner to give notice of infection or suspected infection.

11. Every owner of infected stock or of stock suspected to be infected shall, within twenty-four hours of the time when he shall have discovered or suspected such stock to be infected, give written notice thereof to the nearest Inspector, and shall thenceforth keep such infected or suspected stock from coming into contact with other stock until otherwise ordered by an inspector.

Master of ship with imported stock to make declaration.
Schedule B.

12. The master of any vessel on which there shall be, or shall have been during the voyage, any imported stock shall, immediately on his arrival at any port or place in the Colony, make a declaration in the form set forth in Schedule B hereto, and shall deliver the same to the principal officer of Customs at such port, together with the certificate in the next following section mentioned; and such officer shall, as expeditiously as possible, forward the same to the nearest inspector.

Customs Officer to forward same to nearest Inspector.

Imported stock to have certificate.

13. No stock shall be imported into the Colony unless accompanied by a certificate from a duly qualified veterinary surgeon, who shall be approved of by some person authorised in that behalf by the Governor, that the stock when placed on board the vessel conveying them were in a sound and healthy condition, entirely free from any disease, or any indications of it.

No stock, &c., to be landed without permit.

14. No imported stock, nor the effects of any attendant, shall be landed or introduced into the Colony until the same shall have been examined by an inspector and a permit granted by him for the landing or introduction thereof, which the owner shall exhibit when required by an inspector or member of the police force. And no fodder put on board any vessel with or for the use of or used with any imported stock, and no fittings used for, with, or about such imported stock, shall on any account whatever be landed or introduced into the Colony.

Landing of fodder and fittings prohibited.

Quarantine stations.

15. It shall be lawful for the Governor to acquire and set apart, or to reserve by proclamation in the *Government Gazette*, such land as may be from time to time required for quarantine stations, on which the necessary sheds and appurtenances may be erected for the purpose of this Act.

16. All imported stock not found on arrival to be infected shall be removed to the quarantine station, where they shall remain in quarantine for such period as may be prescribed by the regulations. And if at the expiration of that period such stock shall be found to be clean, the inspector shall give to the owner thereof a certificate in the form of Schedule C hereto.

Imported stock not infected to be taken to quarantine station.

Schedule C.

17. If any imported stock on arrival, or within three months thereafter, be found on examination by an inspector to be infected, he shall immediately report the case to the Minister, and if, after careful investigation, the Minister shall decide that such stock are infected, he may order the destruction of the same, and thereupon the inspector shall serve the owner of such stock with a notice in the form of Schedule D hereto (by causing the same to be delivered to him personally or left at his usual place of business or abode) to destroy the same, together with all fodder, fittings, and effects infected or likely to be infected by such stock, within forty-eight hours from the time of receipt of such notice; and if such stock, fodder, fittings, and effects be not destroyed accordingly, the inspector may destroy, or cause the same to be destroyed, and no compensation shall be paid to the owner of any stock, fodder, fittings, or effects destroyed under the provisions of this section.

Infected stock to be reported to Minister.

Notice to destroy to be served on owner.

Schedule D.

18. Every person who, by himself, his servant, or agent, leaves the carcases of any infected stock on any land for twenty-four hours without destroying the same, or casts, or causes the same to be cast, into any stream, river, pond, lake or other water, shall be liable to a penalty not exceeding One hundred pounds.

Penalty for not destroying carcases.

19. All stock, fodder, fittings, or effects imported or introduced into this Colony contrary to any of the provisions of this Act, or of any regulations made hereunder, or taken or removed from any quarantine station, or any stock wilfully allowed to stray therefrom, or unlawfully outside such quarantine station, or any stock, fodder, fittings, or effects dealt with contrary to any of the provisions of this Act, may be seized by any person whomsoever, and handed over to an inspector or police constable, to be disposed of as the Minister may direct, and no compensation shall be paid to any owner thereof. And all stock brought within the quarantine stations hereinbefore mentioned, or straying within the same, shall be taken and deemed to be stock duly placed in such quarantine in terms of this Act, and shall be subject to all the provisions affecting such stock; and any stock with which any imported or infected stock may be brought in contact shall be held, taken, and deemed to be stock of the class with which they are so brought in contact, and shall be dealt with accordingly.

Stock, &c., illegally imported or removed, or taken from quarantine, may be seized and disposed of as the Minister may direct.

20. If any person land, or unship or introduce, or order or assist to be landed or unshipped or introduced, any imported stock, fodder, fittings or effects contrary to the provisions of this Act; or knowingly or wilfully receive, purchase, or sell the same after they have been so landed or unshipped or introduced contrary to this Act; or shall take or order, or assist any stock, fodder, fittings or effects placed in quarantine as aforesaid to be taken out of such quarantine without an inspector's certificate and sanction; or shall without such sanction, take or order, or assist any stock, fodder, fittings or effects to be taken into or upon any quarantine station; or shall aid or be concerned in taking the same in or out of quarantine contrary to this Act; or shall knowingly and wilfully have in his possession any stock, fodder, fittings, or effects so taken; or shall offend against or fail to comply with any of the provisions of this Act with respect to any stock, fodder, fittings, or effects; or shall refuse to allow any inspector to enter on any vessel, conveyance, or premises, or hinder or impede him in the execution of his duty: or shall not, when required, give him full information with respect to any imported stock, fodder, fittings, or effects; or shall not, when required, keep or remove, or assist in keeping and removing the same; or shall make any declaration required by this Act, knowing the same to be untrue in any particular, then every such person shall be liable to imprisonment for any period not exceeding six months, or to a fine not exceeding Two hundred pounds. And all such offences shall be heard and determined in a summary way before a Resident or Police Magistrate, or before any two or more Justices in Petty Sessions.

Breaches of the Act.

Penalty.

21. The owner of any stock, fodder, fittings, or effects shall be liable for any expenses that may be incurred in respect to the same by order of an inspector in carrying out the provisions of this Act; and such expenses shall be recoverable in a summary manner, at the suit of such inspector, before any Justice of the Peace.

Owner liable for expenses.

22. In all questions arising under this Act the certificate or notice of an inspector shall in every case, for the purpose of this Act, be *prima facie* evidence of the truth of the matter contained in such certificate or notice.

Inspector's certificate or notice to be *prima facie* evidence.

23. Sections A, C, and H of the Schedule to "The Shortening Ordinance, 1853," shall be incorporated with and taken to form part of this Act to all intents and purposes, and in as full and ample a manner as if the said Sections had been introduced and fully set forth herein.

Sections of Shortening Ordinance adopted (16 Vic., 11).

In the name and on behalf of the Queen I hereby assent to this Act.

ALEX. C. ONSLOW, Administrator.

WEATHER AND CROP REPORT.

For the week ending the 9th March, 1896.

Burdwan.—Rainfall nil. Weather hot. Harvesting of *rabi* nearly over. Pressing of sugarcane continues. Condition of cattle good. Fodder and water sufficient, except water in parts of Kalna and Katwa subdivisions. Common rice sells at an average price of 15½ seers per rupee.

Midnapore.—Rainfall nil. Weather unusually hot. Indigo and *rabi* crops doing badly for want of rain. Cultivation of *boro* (spring rice) is going on in thana Ghatal. Fodder and water sufficient except in Chandrakona. Common rice selling at—

				Srs.	
Sadar	...	...	...	18	per rupee.
Contai	...	...	...	24	
Tamluk	...	...	...	16	
Ghatal	...	...	...	14 to 16	

24-Parganas.—Rainfall at Sadar ·10. Weather dry and warmer. Sugarcane is being pressed. Harvesting of *khesari* pulse over. Other *rabi* crops are being harvested. *Boro* paddy seedlings are withering. Transplantation is at a standstill for want of rain. Fodder sufficient, but water insufficient in places. Condition of cattle good. Rice sells at—

				Srs.	c.	
Sadar	...	...	...	12 to 14	0	per rupee.
Barasat	...	...	...	12	8	
Basirhat	...	...	...	14	14	
Diamond Harbour	...	...	...	16	0	

Murshidabad.—No rain. Weather hot in day; cool at night. Rain badly wanted. State of wheat and barley not good; that of indigo and mulberry appears to be good. Fodder and water sufficient.

Khulna.—Rainfall nil. Weather getting hot; cool in the morning and evening. Cultivation of *aus* paddy commenced. Rain much wanted. Fodder sufficient, but drinking-water getting scarce in Satkhira. No cattle-disease. Prices of common rice:—

				Srs.	c.	
Sadar	...	...	...	16 to 20	0	per rupee.
Bagerhat	...	...	...	18	2	
Satkhira	...	...	...	13	0	

Dinajpur.—Rainfall nil. Weather warm for the time of year. West winds. Cultivation of *bhadoi* in progress. Rain needed. Common rice sells from 15 to 18 seers per rupee. No cattle-disease. Fodder and water sufficient.

Rangpur.—No rain. Lands are still being ploughed for *bhadoi* paddy and jute. Rain wanted. Common rice selling from 12 to 14 seers per rupee. Fodder sufficient. No cattle-disease.

Pabna.—Rainfall nil. Weather hot and windy. Rain wanted. Harvesting of *rabi* crops nearly finished. Price of common rice, 14 to 18 seers per rupee. Fodder available.

Dacca.—Rainfall nil. Weather hot. Prospects of standing crops good, but rain wanted. No cattle-disease. Fodder available. Common rice sells at 14 seers per rupee.

Chittagong.—No rain. Weather cloudy and getting warmer. Prospects of standing crops indifferent. Water and fodder sufficient. Common rice selling at 14 seers per rupee.

Patna.—No rain. Harvesting of *rabi* and extraction of opium in progress. Owing to strong west wind on the 1st and 2nd, some damage has been done to poppy crop and a good deal of damage to poppy leaves. Condition of cattle good. Fodder and water sufficient. Common rice selling at an average price of 18¾ seers per rupee.

Gaya.—No rain. Harvesting of *rabi* and lancing of poppy in progress. Planting of sugarcane continues. Common rice sells at 16 seers per rupee against an average of 14¼ seers.

Champaran.—No rain. Weather seasonable. *Rabi* being harvested. The average district outturn is estimated at 11 annas. Collection of opium is going on, and, except in the most backward fields, the yield is reported to be a fair one. Common rice sells at Sadar, 18 seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. West winds prevailing. Harvesting of *rabi* in progress. Mango trees abundantly in blossoms. Indigo sowings going on. Prices stationary. Fodder sufficient.

Bhagalpur.—No rain. Weather hot for the time of year. West winds blowing. Outturn of wheat and linseed estimated to be an average, ten annas. Cattle-disease in thana Partabganj. Fodder getting scarce in Banka and Madhipura. Common rice sells at Sadar 17 seers 10 chitaks per rupee.

Purnea.—Rainfall nil. Weather seasonable and getting hot. Harvesting of tobacco and mustard nearly finished. Pressing of sugarcane and manufacturing of *gur* still continue in places. Prospects of *rabi* crops fair. No cattle-disease. No want of fodder and drinking-water. Common rice sells at 20 seers per rupee.

Cuttack.—No rain. Weather hot. *Dalua* (spring rice) in ear in places. Rain badly wanted. Condition of cattle generally good. Common rice sells at—

		Srs.	c.	
Cuttack	... ...	23	0	per rupee.
Jajpur	... ...	30	2	
Kendrapara	... ...	30	0	
Banki	... ...	29	9	

Hazaribagh.—Rainfall nil. Weather warm and dry. Standing crops suffering from want of rain. Harvesting of *rabi* crops nearly completed; outturn good. Common rice sells at 14 seers per rupee.

General Summary.—With the exception of a light shower in the 24-Parganas, there was no rain in any of the other reporting districts during the week. Rain is generally wanted both for the crops in the ground and for the ploughing of lands for the early rice and jute crops. The harvesting of *rabi* crops and the collection of opium are in progress. Owing to high west winds the poppy is said to have sustained some damage in Patna. The pressing of sugarcane is still going on, and in some districts new cuttings are being planted. No cattle-disease is reported except from one thana in Bhagalpur. The price of common rice continues almost stationary.

By order of the Lieutenant-Governor of Bengal,

REVENUE DEPARTMENT,
The 10th March, 1896.

C. W. BOLTON,
Secretary to the Government of Bengal.

I.

The following Statement shows the Quantities of the Principal Staples of Traffic imported into Calcutta from the In… by Rail, Road, River (Country-boat and Steamer) and Canal during the month of October 1895.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the The *Humidity* of the atmosphere is expressed as percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The mean at the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional stations for the period in question station in the district sending in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 7th of March 1896.

Explanation.—... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are incomplete, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 10th March 1896.*

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 7TH OF MARCH 1896.

THE second-half of the previous week had been characterised by abnormally high temperature over the province, but weather had been fine in all districts. On the 1st of March, or the first day of the week under review, the pressure changes over Bengal were remarkably small, but temperature was falling rather briskly, weather was fine with almost cloudless skies, and winds were usually light, being more or less westerly over the western half of the province, and more or less easterly over the eastern half. On the 2nd a moderate to brisk fall of pressure had occurred, and pressure became in defect by amounts ranging up to about a tenth of an inch at some of the northern stations; temperature on this day was generally rising, and weather remained fine. No practical change in the weather took place on the 3rd, except that a rather brisk fall of temperature was occurring. On the 4th a moderate increase of pressure was recorded over a large part of the province, specially in the northern districts, and hence the low pressure area over Bengal had partly filled up. On the other hand a large shallow low pressure area appeared on this day on the north-west frontier, and on the 5th this depression had moved over the Indus Valley with its centre near Jacobabad. In Bengal there was, however, practically no change in the weather on the 5th, and pressure was falling slowly, while temperature was rising moderately. Cloud proportion had, however, increased, but weather was fine. On the 6th the depression over the Indus Valley still existed, while a second small depression formed over the Southern Punjab, and hence weather over North-Western India was generally disturbed. The pressure changes in Bengal were, however, still small, while temperature continued to rise, and weather was fine except at Gnatong, where a snow-storm was reported. On the 7th, or the last day of the week, pressure was falling slowly to moderately over Bengal, and it had become in defect by amounts of more than a tenth of an inch over the western half of the province. Temperature on the other hand had increased, and the mean temperature was in excess of the normal by from 5° to 9° over the central and western parts of the province. South-westerly winds had set in at all except a few of the eastern and northern stations, and at the head of the Bay strong winds were blowing. Weather, however, continued fine, and no rain had fallen.

Pressure.—The mean pressure for the week has been in defect of the normal at all stations, except at Darjeeling, where it has been practically normal. The usual defect has varied from 0·06″ to 0·08″.

Temperature.—The average mean temperature for the week has been in excess in all districts, the variation being 2·5° for the whole province. The largest excess has been recorded in Chota Nagpur, where it has been 3·2°.

The actual average temperatures registered in the province for the week and the variation from their normal values are, however, best seen in the table below, where the average temperature data for nine selected stations in different districts of the province are given:—

Table showing the excess or defect of the actual mean temperature from the normal for the week ending Saturday, the 7th March 1896.

	Normal mean maximum temperature for the week ending 7th March.	Actual mean maximum temperature for the week ending 7th March 1896.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 7th March.	Actual mean minimum temperature for the week ending 7th March 1896.	Variation of actual mean from the normal.	Normal mean daily temperature for the week ending 7th March.	Actual mean daily temperature for the week ending 7th March 1896.	Variation of actual mean from the normal.
Cuttack	85·5	88·1	+2·6	70·1	70·9	+0·8	82·8	84·5	+1·7

Darjeeling	51·6	57·2	+5·6	41·2	43·4	+1·2	47·9	49·8	+1·9

Rainfall.—Except for a snow-storm at Gnatong, which gave 0·14 inch of rain, there have been no falls to record, and the whole province has been practically rainless for the week.

The following table gives the summary of the temperature and rainfall data of each of the six meteorological divisions of the province for the week ending Saturday, the 7th of March 1896 :—

Meteorological Divisions.	Temperature.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th October 1895.

The lowest pressure in the month	29·763	17th	16
The range of pressure	0·355		
	Hours.		
The total number of hours of bright sunshine during the month	263·7		
The maximum possible number of hours of sunshine ...	329·7		
	⊖		
The mean temperature of the month	73·2		
The average temperature of February from 24 years' registers	73·0		
The highest temperature in the month	98·5	27th	
The lowest temperature in the month	52·4	21st	
The range of temperature during the month	46·1		
The mean daily range of temperature	24·7		
The greatest range of temperature in one day	33·0	27th	
	Per cent.		
The mean humidity of the month	63		
The average humidity of February from 24 years' registers ...	67		
	Inches.		
The mean vapour tension of the month	0·494		
The average vapour tension of February from 9 years' registers	0·538		
The mean cloud proportion of the month	1·38		
The average cloud proportion of February from 19 years' registers	1·83		
	Inches.		
The total rainfall of the month	0·02		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	0·01		
The average fall of February from 48 years' registers ...	0·87		
The greatest fall in 24 hours	0·02	13th	
	Days.		
The number of rainy days in the month	1		
The average number of rainy days in February from 24 years' registers	3		
	⊖		
The mean maximum equilibrium temperature of solar radiation during the month	138·2		
The mean difference of sun and air temperatures	51·9		
The greatest sun temperature	148·4	27th	
The greatest excess of sun over air temperature	57·9	7th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	54·2		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	8·0		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	9·7	10th & 20th	
	Miles.		
The mean movement of the wind per day	87·4		
The greatest movement of the wind in one day	186·0	17th	
The greatest movement of the wind in one hour	16·0	16th 11 to noon.	

The number of hours with winds from each of the 8 points—
N. 60, N.E. 24, E. 18, S.E. 12, S. 101, S.W. 220, W. 80, N.W. 101, Calm 80.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about ⊖2·1 lower; and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

C. LITTLE,

The extreme variation of temperature		30·5
The maximum temperature		93·6
		Miles.
The highest velocity of the wind in one hour		16
The mean relative humidity		% 68
The average relative humidity of the corresponding period for 24 years, Surveyor-General's Office		68
		Inches.
The total fall of rain from 1st to 7th March 1896		Nil
The average fall of the corresponding period for 24 years, Surveyor-General's Office		0·70
The total fall from 1st January to 7th March 1896		0·05
The average fall of the corresponding period for 24 years, Surveyor-General's Office		2·10

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏, dew; =, fog.

METEOROLOGICAL OFFICE, GOVT. OF INDIA,
Calcutta, the 9th March 1896.

C. LITTLE,
For Meteorological Reporter to the Govt. of India.

C. W. BOLTON,
Offg. Secy. to the Govt. of Bengal.

GENERAL DEPARTMENT,—(EDUCATION).

NOTIFICATION—No. 1183.

The 17th March 1896.—The following report of the Bruce Institution for the year 1895 is published for general information.

C. W. BOLTON,
Offg. Secy. to the Govt. of Bengal.

REPORT OF THE BRUCE INSTITUTION FOR THE YEAR 1895.

I. *Control.*—During the year under review the Ven'ble W. MacCarthy (Archdeacon of Calcutta) and Mr. George Irving, whose terms of office had expired by effluxion of time, were re-appointed to be Governors by the Government of Bengal, under rule 10 of the scheme for the management of the Institution, and Mr. Justice Rampini, C.S., left India on furlough for about eight months. The following is a list of the Governors at the close of the year:—

The Hon'ble the Chief Justice of Bengal ... } *Ex-officio.*
The Most Rev. the Lord Bishop of Calcutta ... } *Ex-officio.*
The Inspector-General of Civil Hospitals, Bengal } *Ex-officio.*
The Chairman of the Calcutta Municipality ... } *Ex-officio.*
The Director of Public Instruction, Bengal (Hony. Secy.) } *Ex-officio.*
The Hon'ble Mr. Justice R. F. Rampini, C.S.
The Ven'ble W. MacCarthy (Archdeacon of Calcutta).
The Very Rev. Father E. Lafont, S.J., C.I.E.
The Rev. F. W. Warne.
George Irving, Esq.
W. H. Ryland, Esq.
H. A. Bamford, Esq.

II. *Capital and Income.*—The increased capital of the Institution stood, as in the previous year, at Rs. 10,35,500, and is held in the form of a stock certificate of the year 1865 by the Comptroller-General. It yields, at the rate of 3½ per cent. per annum, less commission at ¼ per cent. charged by the Comptroller-General, an annual net interest of Rs. 36,152, which is placed to the credit of the Institution in the Bank of Bengal.

III. *Election, Vacancies, &c.*—The annual election was held at the end of August as usual. The addition towards the close of the year 1894 of a sum of Rs. 3,60,000 to the capital of the Fund enabled the Governors to make a considerable addition to the number of girls on the foundation. It is estimated that the increased income of the Fund will provide finally for the education and maintenance of 155 girls Accordingly, the number of vacancies advertised was raised from 14, the average of the four preceding years, to 25. For these vacancies 87 applications were received, and 25 of the most deserving girls were elected to the foundation on the report of a Sub-Committee consisting of the Very Rev. Father Lafont, S.J., C.I.E., the Rev. F. W. Warne, Mr. W. H. Ryland, and Mr. George Irving.

During the year 16 vacancies were caused by the withdrawal of girls by their parents or guardians, of whom 11 had attained the age of 17—the limit ordinarily allowed under the rules. There were two deaths during the year. One girl who had attained the age of 17, and had passed the Calcutta University Entrance Examination, was, as a special case, granted a scholarship of Rs. 15 a month from the income of the Fund, tenable at the Woman's College at Lucknow, to enable her to prosecute her studies up to the First Arts standard with the view of becoming a teacher.

At the close of the year there were 133 girls on the foundation, against 126 of the preceding year. They were distributed among the various schools as follows :—

Loretto Convent, Intally	56
Calcutta Girls' School	27
Calcutta Free School	20
Pratt Memorial School	11
Doveton Institution for Young Ladies	7
St. Paul's Mission School	7
La Martinière for Girls	2
European Protestant Orphanage, Cuttack	3
Total ...	133

The following table gives particulars as to the class and religion of the foundationers :—

Class.	Roman Catholics.	Church of England.	Non-Conformists.	Total.
1	2	3	4	5
1. Orphans, or deserted by their parents ...	30	19	5	54
2. Fatherless, or deserted by their father, or father incapable.	25	39	11	75
3. Cases of extreme poverty	1	1	2	4
Total ...	56	59	18	133

IV. *Education and Maintenance.*—The average monthly cost of the education and maintenance of each girl on the foundation amounted to Rs. 17-0-8, against Rs. 16-6-9 in the preceding year. The increase in the cost is due to an enhanced rate of fees sanctioned for foundationers on the recommendation of Mr. Bamford, who represented to the Governors that the rates hitherto allowed did not, in the case of many schools, cover the actual cost incurred by those institutions in the maintenance of foundationers. The total amount paid under the different heads of expenditure was as follows :—

1894.

	Rs.	A.	P.
Education and maintenance ...	24,831	0	0
Office establishment ...	588	12	0
Contingencies	29	7	2
Advertisements and printing ...	174	5	9
Other charges	121	4	0
Total ...	25,745	6	11

1895.

	Rs.	A.	P.
Education and maintenance ...	27,204	15	3
Office establishment ...	637	0	0
Contingencies	39	2	0
Advertisements and printing ...	115	13	6
Funeral expenses	33	8	0
Other charges	120	0	0
Total ...	28,150	6	9

V. *Inspection.*—Mr. W. H. Ryland was appointed Visiting Governor for the first half, and re-appointed for the second half year. His report was on the whole satisfactory as regards both the management of the schools and the health of the children. Good accounts were also received from the school authorities in regard to the conduct, application, progress, health, and attendance of the girls on the foundation. The Inspector of European Schools reports that "Bruce foundationers have nearly all made very satisfactory progress."

VI. *Meetings.*—Four meetings were held during the year, and among the various resolutions passed, the following may be noted :—

(*a*) That on the admission of a foundationer to a school, an outfit allowance of Rs. 40 or Rs. 25, according to the class of the school, may on application be granted to the school.

(*b*) That an outfit allowance not exceeding Rs. 50 may on application be granted to a girl on withdrawal from the foundation.

(*c*) That foundationers on attaining the age of 17 (the limit ordinarily allowed under the rules) might be permitted to remain in school until the close of the term.

CALCUTTA,
The 10th February 1896.

A. CROFT,
Honorary Secretary.

FINANCIAL DEPARTMENT.

NOTIFICATION—No. 1797R.P.

The 17th March 1896.—It is hereby notified that the District Road Committee of Manbhum have determined to levy road cess for the cess-year, commencing from the 1st April 1896, at the maximum rate of six pies, or two pice on each rupee, of the annual value of lands and of the annual net profits from mines, &c., and the said rate having been approved by the Commissioner of the Division, the fact is hereby published for general information.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION—No. 1813R.P.

The 17th March 1896.—It is hereby notified for general information that, in exercise of the power conferred on him by section 39 of the Cess Act, IX (B.C.) of 1880, the Lieutenant-Governor has determined that the rate at which the public works cess shall be levied for the year 1896-97 in all the districts to which the Cess Act has been extended shall be one-half of an anna in the rupee on the annual value of lands and on the annual net profits from mines, quarries, tramways, railways, and other immovable property (excepting such as may have been exempted under section 2 of the Act), ascertained respectively as in the Act prescribed.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 1094Med.—The 17th March 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Tippera District Board for a public purpose, viz., for a charitable dispensary in the village of Kasba, pargana Nurnagor, zilla Tippera, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 bigha 7 cottahs and 8 chitaks of standard measurement, is required. The land is bounded—

On the North.—By the Anua land;
On the West.—By the Anua land;
On the South.—By Ditch and Road; and
On the East.—By the Assam-Bengal Railway land.

A plan and specification of the land are filed in the office of the Collector of Tippera for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 2038A.

No. 1813A.—The 12th March 1896.—Babu Prasanna Kumar Ghosh, Munsif of Serampore, in the district of Hooghly, is appointed to act as Subordinate Judge of Chittagong, during the absence, on leave, of Babu Jadu Nath Dass, or until further orders.

(*a*) From the Superintendent of a vernacular medical school that he has attended regularly for one year the Compounder Class of the school; or

(*b*) From the legally qualified medical manager of a chemist's or druggist's establishment, recognized by the Inspector-General of Civil Hospitals, Bengal, that he has been apprenticed for a period of three years in his establishment; or

(*c*) From a Civil Surgeon that he has assisted in the dispensing of drugs at the Sadar dispensary of a civil station for a period of five years.

Exception.—Any person who, at the time of extension of section 252 of Act III (B.C.) of 1884, as amended by Act IV of 1894, to any municipality, shall have acted as compounder for the seven years preceding in any shop or place of the kind referred to in the above section shall, on producing a satisfactory certificate to this effect, be exempted from producing a certificate of the kind referred to in this rule.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 3, at least one week before the 20 h April 1896, at the office of the undersigned.

Exception.—The students belonging to the Compounder Class of a vernacular medical school will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the school entrance fee.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

5. Candidates will be examined in Materia Medica, Pharmacy, the reading of prescriptions, and the writing in English of the directions contained in prescriptions.

N.B.—The attention of candidates is drawn to rule 6, section (*b*) of the Government notification of the 22nd January 1895, or paragraph 2(*b*) of this notification, from which they will observe that the chemist's and druggist's establishments from the legally qualified managers of which they obtain their certificates will have to be recognized by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination.

E. G. RUSSELL, M.B., B. SC., LOND., *Surgeon-Lieut.-Col.*,
Superintendent, Medical School, Dacca.

The 10th March 1896.

NOTIFICATION.

IN accordance with the Government of Bengal notification of the 22nd January 1895 and 14th June 1895, notice is hereby given that the next Half-yearly Examination of Compounders will be held at 7 A.M on Monday, the 27th April 1896, at the Temple Medical School, Patna.

2. Every candidate must produce one of the following certificates:—

(*a*) From the Superintendent of a Vernacular Medical School or the Medical Missionary at Kalimpong, or the Manager of the Dublin University Mission Hospital at Hazaribagh, that he has attended regularly for one year the Compounder Class of the School; or

(*b*) From the legally qualified Medical Manager of a Chemist's or Druggist's establishment, recognized by the Inspector-General of Civil Hospitals, Bengal, that he has been apprenticed for a period of three years in his establishment; or

(*c*) From a Civil Surgeon, that he has assisted in the dispensing of drugs at the Sadar dispensary of a civil station for a period of five years.

Exception.—Any person who at the time of the extension of section 252 of Act III (B.C.) of 1884, to any municipality, shall have acted as Compounder for the seven years preceding in any shop or place of the kind referred to in the above section, shall, on producing a satisfactory certificate to this effect, be exempted from producing a certificate of the kind referred to in this rule.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 3, at least one week before the 27th April 1896, at the office of the undersigned.

Exception.—The students belonging to the Compounder class of a Vernacular Medical School will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the School entrance fee.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

5. Candidates will be examined in Materia Medica, Pharmacy, the reading of prescriptions, and the writing in English of the directions contained in prescriptions.

N.B.—The attention of candidates is drawn to Rule 5, section (*b*) of the Government notification of the 23rd July 1887, or paragraph 2 (*b*) of this notification, from which they will observe that the Chemists' and Druggists' establishments, from the legally qualified Managers of which they obtain their certificates, will have to be recognised by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination.

TEMPLE MEDICAL SCHOOL,
Bankipore, the 7th March 1896.

R. COBB, *Surgn.-Major*,
Superintendent, Temple Medical School, Patna.

EDUCATIONAL PROSPECTUS.

THE Calcutta Medical College Session, 1896-97, will commence on the 15th June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before 1st June.

Students are expected to enter formally and commence attendance at the College upon the date named.

2. No person shall be enrolled as a matriculated student who has not previously passed the First Arts examination of the Calcutta or an Indian University, or a preliminary Arts examination of the United Kingdom recognized by the British General Medical Council.

3. All matriculated students of the College shall pay Rs. 15 on entrance, Rs. 35 for the summer session on the 1st June, and Rs. 35 for the winter session on 1st November of each year. Rupees 6 extra will be required from each student for each course of dissections. Fees once paid cannot be refunded.

Muhammadan students are required to pay Rs. 15 on entrance and half-fee, *i.e.*, Rs. 17-8 per session. The remaining half-fees are charged to the Mohsin Fund.

4. No free presentations will be awarded at the beginning of the session, but the fees shall be refunded to the ten students who pass highest in all subjects at the end of their first year of study.

5. Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject in one year ...	40
For six months' attendance in each department of hospital practice	60

6. Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student the amount which would have been paid by him had he been a paying student, shall be deducted.

7. Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice, may do so with the permission of the Principal and Professor of the subject on payment, in advance, of fees at the rates fixed in paragraph 5. If he has passed the Entrance Examination of the University, he shall receive certificates of attendance at lectures. If he has not passed the Entrance examination, he shall receive no class certificates.

8. At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry, and Botany. Those who gain not less than 20 per cent. in two subjects, and not less than 15 per cent. in a third, will be eligible for promotion to the second-year class. Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first-year class again.

9. Students of the second-year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica. Those who pass the examination with 20 per cent. in two subjects and 15 per cent. in a third will be entitled to go up in the following March or April for the Preliminary Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third-year class, at the end of which the former will have to present themselves, as at present, for the combined Preliminary Scientific and 1st L.M.S. (or 1st M.B.) Examination.

10. Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over ; but whether they pass or fail at the University Examination, they will be relegated for a further year to the second-year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11. Students of the third year will present themselves for the 1st L.M.S. or 1st M.B. Examination of the Calcutta University. Those who fail at this examination will be relegated for a further year to the third-year class.

12. Students of the first, second, or third-year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to readmission.

13. Students of the fourth-year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence. Those who pass the examination with 20 per cent. of the marks in three subjects and 15 per cent. in a fourth will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth-year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical ; but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject.

14. Students who fail at the 2nd L.M.S. or 2nd M.B. Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University.

15. The Principal will determine the maximum number that may be admitted to the first-year class. Students who have failed at the test examination of the first year will have a prior claim to readmission over new students.

16. Students readmitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs. 40 for one subject, Rs. 60 for two, and Rs. 70 for three Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal.

17. College prizes and certificates of honour are open for competition to matriculated students of the College, military medical pupil, and female certificate classes. College scholarships (*vide* paragraph 9) are awarded only to matriculated students of the College.

18. Junior scholarships of Rs. 8 per mensem and free tuition for one year are annually awarded to ten students of the second year, on the results of the Test and Honour examinations at the end of the first year.

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the results of the Test and Honour examinations at the end of their second year, provided they have passed either the Preliminary Scientific L. M. S. or M. B. examination.

Ten senior scholarships of Rs 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour examinations at the end of their third year, provided they have passed either the 1st L. M. S. or 1st M. B. examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour examinations at the end of his fourth year. In the event of any scholarship being forfeited under this condition, it may be awarded for one year to any student of the fifth year who has fulfilled the conditions and is not the holder of any scholarship These scholarships shall not be awarded to students who have gained the Durga Charan Laha scholarship of Rs 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19. The Goodeve scholarship of Rs. 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee scholarship of Rs. 17 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good, in histology at the end of the fourth year. The examination takes place in June each year.

The Abdul Gunny scholarship of Rs. 23 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year, inclusive The award is made in May.

The Duke of Edinburgh's prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth years. The examination takes place in December or January.

The Bhola Nath Bose's prize of Rs. 40 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour examinations.

The Goodeve and Macnamara silver medals are awarded to the best of the first-year native students in anatomy and chemistry respectively, on the result of the Test and Honour examinations.

A prize in Clinical Medicine is awarded annually to the best clinical clerk of the fourth and fifth-year matriculated students. This examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson silver medal is annually awarded to the best Muhammadan student who passes the final L. M. S or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson prize of Rs. 60 is awarded to the lady-student who obtains the highest number of marks at the final examination.

No student shall be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20. College scholars who receive less than Rs. 20 per mensem are not required to pay Rs. 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

22 The class assistants to the Professors of Pathology and Comparative Anatomy will each receive a salary of Rs. 10 monthly.

23. COURSE OF STUDY FOR MATRICULATED STUDENTS.

1st year.

Descriptive and Surgical Anatomy.
Chemistry.
Botany.
Dissections.

2nd year.

Comp. Anatomy, Comp. Physiology, and Zoology.
Descriptive and Surgical Anatomy.
General Anatomy and Physiology.
Chemistry.
Practical Chemistry.
Materia Medica.
Botany.
Dissections.
Pharmacy—three months.

Preliminary Scientific L. M. S. and M. B. Examinations.

3rd year.

Materia Medica.
Dissections.
Physiology.
Hospital practice—one year.

1st M.B. and L.M.S. Examinations.

4th year.

Medicine.
Surgery.
Midwifery.
Medical Jurisprudence with demonstrations.
Hospital practice—twelve months.

5th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery and six labour cases.
Medical Jurisprudence with demonstrations.
Pathology with demonstrations.
Ophthalmic Medicine and Surgery.
Hygiene.
Dentistry.
Post-mortem records.
Hospital practice—six months.
Outdoor and Eye Infirmary practice—three months each.

Final M. B. or L. M. S. Examination.

24. A lady-student who has passed the University F. A. examination shall be enrolled as a matriculated student. She will get a special scholarship of Rs. 20 per mensem for five years, provided she does not receive a scholarship from any other source, and that she is willing to bind herself to serve Government for four years if called upon to do so within a year after passing out of the school.

Military Pupil Cases.

25. A public competitive examination will be held annually about the month of April at the head-quarters of divisions and districts marginally noted for the admission of candidates to the military pupil class of the Medical College.

Calcutta.	Jubbulpore.	Simla.
Allahabad.	Umballa.	Landour.
Agra	Mian Meer.	Murree.
Lucknow.	Rawal Pindi.	Rangoon.
Meerut.	Peshawar.	Ootacamund.
Bareilly.	Kasauli.	

26. Candidates must be of European or Eurasian parentage, between 16 and 19 years of age, of healthy constitution, physically fit for military service, and of good character. They will be required to produce certificates showing that they possess those qualifications.

27. They will undergo a training in the Calcutta Medical College for four years at Government expense, after which period, if reported qualified, they will be gazetted into the Subordinate Medical Department and transferred to a military hospital for duty.

28. A student who expresses his wish to abandon his studies on the completion of the course, or who fails to pass the periodical College examinations, or who misconducts himself, will be removed, and the certificates to which he would otherwise have been entitled will be withheld. A student who, after finishing his course, declines to be attested will be similarly treated.

29. COURSE OF STUDY FOR MILITARY MEDICAL PUPILS.

1st year.

Anatomy—Descriptive and Surgical.
General Anatomy and Physiology.
Materia Medica.
Chemistry (30 elementary lectures).
Dissections.
Outdoor Dispensaries, Medical and Surgical—three months each.
Compounding Dispensary—six months.

2nd year.

Anatomy—Descriptive and Surgical.
General Anatomy and Physiology.
Materia Medica,
Chemistry (full course).
Dissections.
Hospital practice—eight months.
Compounding Dispensary—four months.

Examinations (final) in Anatomy, Physiology, Materia Medica, and Chemistry.

3rd year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery.
Hygiene.
Pathology.
Hospital practice—one year.
Post-mortem cases—six each.

Examinations in Hygiene and Pathology.

4th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery, Clinical.
Medical Jurisprudence.
Labour cases—six each.
Hospital wards—six months.
Ophthalmic wards and lectures—three months.
Dental dispensary and lectures— ditto.

Examinations (final) in Medicine, Surgery, Midwifery, Jurisprudence, Ophthalmic Medicine, and Dentistry.

30. *Rules for the conduct of periodical examinations.*

(1) *Test* examinations at the end of the—

1st year.

(*a*) Military pupils who obtain less than 10 per cent. of marks in one subject to be "warned" and informed that failure in the same subject at the end of the second year will entail liability to removal from College.

(*b*) Pupils who fail as above in two subjects will lose 200 conduct marks for idleness and will be re-examined two weeks before the commencement of the next session. Failure then in obtaining 15 per cent. of marks in either of the subjects will entail liability to removal.

(*c*) Pupils who fail to get 10 per cent. as above in three subjects will be removed from the College as being unlikely to succeed eventually.

(2) *Pass* examinations at the end of the—

2nd year.

(*a*) Military pupils who obtain less than 20 per cent. of marks in one subject will, if practicable, attend lectures on this subject, and be re-examined at the end of the next session. Failure again in the same subject will render pupils liable to removal.

(*b*) Pupils who fail in two subjects will lose 200 conduct marks for idleness, and will, if practicable, attend lectures on these subjects, and be re-examined at the end of the next session. Failure in either subject will entail liability to removal.

(*c*) Pupils who fail to attain the standard in three subjects will be removed from the College.

(3) *Pass* and *Test* examinations at the end of the—

3rd year.

(*d*) Pupils who fail to obtain 20 per cent. of marks in either or both of the *final* subjects for the third year (viz., Hygiene and Pathology) will lose 200 conduct marks, and be re-examined at the end of the next session.

(*b*) Pupils who do not obtain 10 per cent. of marks in any of the *test* examinations (the other subjects) will lose 200 conduct marks for idleness for each subject in which he so fails.

(4) *Pass* examinations at the end of the—

4th year.

(*a*) Pupils who obtain less than 20 per cent. of marks in all subjects of their final examination will be liable to removal from the College. Such pupils will, however, be allowed to remain for a further period (to be fixed by the Principal in each case) in the College to continue their studies *at their own expense.*

31. FEMALE CERTIFICATE CLASS.

Lady-students must be over 17 years of age before commencing their studies.

They must have passed the Entrance examination of the Calcutta University or an examination officially recognized by that University as equivalent to the Entrance examination. (The certificate of matriculation of the Melbourne University will be accepted.)

New students are expected, at latest, to enter formally and commence attendance at the College when the session opens on 15th June.

The duration of the course will be four years.

Tuition will be free.

32. Students, preferably native ladies, may reside in the Sorradmoye Hostel. Applications for residence to be made to the Lady Superintendent of the Hostel, or to the Secretary to the Countess of Dufferin Branch Committee.

33. The following is the curriculum ;—

1st year.

Anatomy.
Materia Medica
Dissections.
Chemistry (30 elementary lectures).
Compounding (six months).
Test examinations in Anatomy, Materia Medica, and Chemistry.

2nd year.

Anatomy.
Physiology (elementary).
Materia Medica.
Chemistry (full course).
Dissections.
Attendance at six *post-mortem* examinations.
Hospital attendance (including outdoor departments) —twelve months.
Pass examinations in Anatomy, Materia Medica, and Chemistry.

3rd year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Medical Jurisprudence (demonstrations).
Midwifery (with attendance at three labour cases).
Pathology (with attendance at six *post-mortems*).
Physiology.
Hospital attendance (of which three months in the Ophthalmic wards).
Pass examinations in Pathology, Physiology, and Medical Jurisprudence.

4th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery (including six labour cases).
Hospital practice (of which six months in the Medical and Surgical wards, *minus* 10 attendances at the Dental Dispensary ; and six months exclusively in the Midwifery wards, when the students are to take regular tours of duty, night and day, assisting the regular work of the hospital).
Dentistry (optional).
Pass examinations in Medicine, Surgery, and Midwifery.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise Medicine, Surgery, and Midwifery. A fee of Rs. 10 is charged for each certificate.

34. The following rules will be observed in regulating advancement from class to class:—

(1) *Test examination at the end of the first year.*—If a student obtains less than 10 per cent. of the marks in any two out of three subjects of examination, she shall not be allowed to continue in the College.

(2) *Pass examinations at the end of the second and third years.*—In order to pass, a student must gain 33 per cent. in each subject of examination. If a student fails in any two of the three subjects, or, failing in one subject only, if she gains less than 25 per cent. in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent. or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) *Pass examination at the end of the fourth year.*—The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent. in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

35. Female students who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn midwifery. These will receive Rs. 20 per mensem. After a year's tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery. The fee for each certificate is Rs. 5.

36. Female students who have not passed the Entrance or its equivalents, but who read and write Bengali, can be admitted in the Eden Hospital as pupil *dais*. Of these, eight will receive Rs. 6 per mensem and the rest will be taught free. After 12 months' tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery.

37. All certificates are to be registered in the Principal's office.

MEDICAL COLLEGE OFFICE,
Calcutta, 12th February 1896.

G. BOMFORD, M.D.,
Principal, Medical College.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 335B.

NOTICE is hereby given that the Fourth Sale of Opium, the provision of 1894-95, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 1st April 1896, at 11 A.M., and will comprise 3,250 chests, viz.—

PART IA.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

Calcutta, the 12th March 1896.

No. 7471-*M.*—His Excellency the Viceroy and Governor-General will leave Calcutta for Simla on Friday, the 27th March 1896, at 6 P.M. (*Calcutta time*). His Excellency's departure from Calcutta will be *private.*

His Excellency will visit *en route* Allahabad, Bareilly, Hurdwar, Saharanpur, and Dehra Dun and will arrive at Simla on Thursday, the 9th April 1896, at 4 P.M. His Excellency's visit to the places named will be *private*, and His Excellency's arrival at Simla will also be *private.*

All covers intended to reach His Excellency the Viceroy and Governor-General and party during His Excellency's journey should be addressed "Governor-General's Camp," without the addition of any Post town.

The party accompanying His Excellency on tour is as follows:—

1. Her Excellency the Countess of Elgin.
2. Lady Elizabeth Bruce.
3. H. Babington Smith, Esq., Private Secretary to the Viceroy—*As far as Bareilly.*
4. Colonel A. G. A. Durand, C.B., Military Secretary to the Viceroy.
5. Brigade-Surgeon-Lieut.-Colonel B. Franklin, Surgeon to the Viceroy.
6. Captain S. H. Pollen, Aide-de-Camp to the Viceroy.
7. Captain E. FitzClarence, Aide-de-Camp to the Viceroy—*As far as Bareilly.*
8. F. W. Latimer, Esq., Assistant Private Secretary to the Viceroy—*Will join at Bareilly and accompany His Excellency through the rest of the tour.*

All communications connected with business of a mere routine nature should be sent, as usual, to the Head Quarters of the several Departments.

By Command,

A. DURAND, *Lieut.-Colonel,*
Military Secretary to the Viceroy.

The following orders, issued by the Government of India in the Home Department are republished for general information.

NOTIFICATIONS.

ESTABLISHMENTS.

The 12th March 1896.

No. 175.—Mr. J. Posford is permitted to resign Her Majesty's Indian Civil Service, with effect from the 16th April 1896.

No. 179.—The services of Mr. G. E. Manisty, of the Indian Civil Service, Officiating Accountant-General, Bengal, are replaced at the disposal of the Government of Bengal, with effect from the 17th instant.

EXAMINATIONS.

The 13th March 1896.

No. 144.—In continuation of the Notification of the Home Department, No. 465, dated the 29th November 1895, the following further issue of the Regulations* respecting the next examination of candidates for the Civil Service of India is published for general information :—

* Excluding Form of Application and Syllabus, which are the same as those published in November 1895.

Copies of these Regulations may be obtained on application to the Secretary to the Government of India in the Home Department.

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 3rd August 1896.

Sixty-one Candidates will be selected, if so many shall be found duly qualified, at this Examination, *viz.*:—For the Lower Provinces of Bengal (including Assam) 19, for the Upper Provinces of Bengal (North-Western Provinces and Oudh, the Punjab and the Central Provinces) 24, for Burma 4, for Madras 7, for Bombay 7.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received on or before the 1st June 1896, *an application on the prescribed form, accompanied by a list of the subjects in which the Candidate desires to be examined.*

The Order for admission to the Examination will be posted on the 21st July 1896, to the address given on the Form of Application. It will contain instructions as to the time and place at which candidates will be required to attend, and as to the manner in which the fee (£6) is to be paid.

Civil Service Commission,

January, 1896.

REGULATIONS.

****The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An Examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners :—

(i) That he is a natural-born subject of Her Majesty.

(ii) That his age will be above twenty-one years and under twenty-three years, on the first day of the year in which the Examination is to be held.

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*]

(iii) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv) That he is of good moral character.

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer.

4. The open Competitive Examination will take place only in the following branches of knowledge :—

	Marks.
English Composition	500
Sanskrit Language and Literature	500
Arabic Language and Literature	500
Greek Language and Literature	750
Latin Language and Literature	750
English Language and Literature (including special period named by the Commissioners) (*a*)	500
French Language and Literature	500
German Language and Literature	500
Mathematics (pure and applied)	900
Advanced Mathematical subjects (pure and applied)	900
Natural Science, *i.e.*, any number not exceeding *three* of the following subjects :—	
Elementary Chemistry and Elementary Physics 600 (N.B.—This subject may not be taken up by those who offer either Higher Chemistry or Higher Physics)	1,800
Higher Chemistry 600	
Higher Physics 600	
Geology 600	
Botany 600	
Zoology 600	
Animal Physiology 600	
Greek History (Ancient, including Constitution)	400
Roman History (Ancient, including Constitution)	400
English History	500
General Modern History (period to be selected by Candidates from list in the syllabus issued by the Commissioners, one period at least to include Indian History) (*b*)	500
Logic and Mental Philosophy (Ancient and Modern)	400
Moral Philosophy (Ancient and Modern)	400
Political Economy and Economic History	500
Political Science (including Analytical Jurisprudence, the Early History of Institutions, and Theory of Legislation)	500
Roman Law	500
English Law. Under the head of "English Law" shall be included the following subjects, *viz.* :—(1) Law of Contract; (2) Law of Evidence; (3) Law of the Constitution; (4) Criminal Law; (5) Law of Real Property; and of these five subjects Candidates shall be at liberty to offer any four, but not more than four	500

Candidates are at liberty to name any or all of these branches of knowledge (*c*). No subjects are obligatory.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

(*a*) In the syllabus referred to in Note (*b*).

(*b*) See Note (*b*).

(*c*) A Syllabus, defining in general terms the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary in order to secure that "a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."

Note.—No deduction will be made from the marks assigned to Candidates in Mathematics or English Composition.

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above-mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate. A Candidate entitled to be deemed a selected Candidate, but declining to accept the nomination as such, which may be offered to him, will be disqualified for any subsequent competition.

9. Selected Candidates before proceeding to India will be on probation for one year, at the end of which time they will be examined, with a view of testing their progress in the folowing subjects (*a*) :—

Compulsory—

	Marks.
1. Indian Penal Code and Criminal Procedure Code .	500
2. The principal Vernacular Language of the Province to which the Candidate is assigned . .	400
3. The Indian Evidence Act and the Indian Contract Act	500

Optional. [Not more than two of the following subjects, of which one must be either the Code of Civil Procedure or Hindu and Muhammadan Law]—

1. The Code of Civil Procedure	400
2. Hindu and Muhammadan Law	450
*3. Sanskrit	400
*4. Arabic	400
5. Persian	400
6. History of British India	350
7. Chinese (for candidates assigned to the Province of Burma only)	400

In this Examination, as in the open competition, the merit of the candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the open competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "*Final Examination.*"

10. The selected candidates will also be tested during their probation as to their proficiency in Riding.

(*a*) Instructions, showing the extent of the Examination, will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

* These subjects may not be offered by any Candidate who has offered them at the open competition.

The examinations in riding will be held as follows :—

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2) Again, at the time of the Final Examination, Candidates who may fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback, shall receive a Certificate which shall entitle them to be credited with 200 or 100 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination.

(3) Candidates who fail to obtain this Certificate, but who gain a Certificate of minimum proficiency in riding, will be allowed to proceed to India, but will be subjected on their arrival to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government. A Candidate who fails at the end of the year of probation to gain at least the Certificate of minimum proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

11. The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates, must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W.," at any time after the 1st December, in the year previous to that in which the Examination is to be held. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before the 31st May (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance amounting to £100 will be given to all candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's and Aberdeen; Victoria University, Manchester; University College, London; and King's College, London; provided such candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall have conducted themselves well and complied with such rules as may be laid down for the guidance of Selected Candidates. The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.*

(iii) *The allowance of £100 will not be paid to any Selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India; and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India.*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Civil Service of India of the Selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*

(vi) *Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*

(vii) *Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re-examination.*

MEDICAL.

The 13th March 1896.

No. 217.—Surgeon-Lieutenant-Colonel A. Crombie, M.D., Surgeon-Superintendent of the Presidency General Hospital, Calcutta, is granted furlough on private affairs out of India, under Rule IX of the Military Furlough Regulations of 1868, for seven months and eleven days, with effect from the 21st instant, or the subsequent date on which he may avail himself of it.

RESOLUTION.

The 13th March 1896.

RESOLUTION.—The Governor-General in Council is pleased to direct that if any officer or servant of Government, being a volunteer, is called out on actual military service under the provisions of Act X of 1896, he shall, while on such actual military service, be entitled to receive—

(*a*) if at the time of being called out he was on duty, or on leave on full pay—the same salary and allowances as if he had remained on duty or on such leave, *or* the military pay and allowances of his rank, whichever is greater;

(*b*) if at the time of being called out he was on leave on less than full pay—his leave allowances, *and* the military pay and allowances of his rank, as provided by the rules under the Act;

and for all purposes of counting service he shall be reckoned as if he had remained on duty or on leave, as the case may be.

2. If any such officer or servant of Government is wounded or killed in such actual military service, and he or his family are, in consequence thereof, entitled, by the rules of the service to which he belongs, to a higher pension, allowance, or gratuity than is provided by the rules under Act X of 1896, then he or his family shall receive such higher pension, allowance, or gratuity in lieu of that provided by the said rules.

3. Provided, in every case, that he has given to the head of his office, if he is a member of an office establishment, or to his superior officer in other cases, notice of his having been called out under the Act.

ORDER.—Ordered, that this Resolution be communicated to the Departments of the Government of India; to the several Local Governments and Administrations; to the Heads of Departments under the Finance Department; to the Comptroller and Auditor-General; and to all Accountants-General and Comptrollers.

Ordered also, that the Resolution be published in the *Gazette of India*.

J. F. FINLAY,
Secy. to the Govt. of India.

The following orders, issued by the Government of India in the Military Department, are republished for general information.

H. J. S. COTTON,
Chief Secy. to the Govt. of Bengal.

Fort William, the 13th March 1896.

MEDICAL.

No. 290.—Brigade-Surgeon-Lieutenant-Colonel G. Hutcheson, M.D., Bengal Medical Establishment, is granted temporary rank of Surgeon-Colonel, with effect from the 28th

January 1896, while officiating as Inspector-General of Civil Hospitals, Bengal, *vice* Surgeon-Colonel G. Ross, who has been granted privilege leave.

VOLUNTEER CORPS.

No. 800.—In exercise of the powers conferred by section 28 of the Indian Volunteers' Act (XX of 1869), as amended by the Indian Volunteers' Act Amendment Act (X of 1896), the Governor-General in Council is pleased to make the following rules to regulate the concessions admissible to volunteers called out for military service :—

When a volunteer corps is called out for actual military service, the following rules shall take effect, namely :—

(*a*) There shall be issued to the commanding officer a sum of thirty-two rupees for the use of every officer, non-commissioned officer and volunteer belonging to, and assembling with, the corps (except such of them as do not desire to receive the benefit thereof); and each such sum, or so much thereof as the commanding officer of the corps thinks fit, shall be laid out, under the direction of the commanding officer, in providing necessaries for such officer, non-commissioned officer and volunteer; and, within one month after issue thereof, an account shall be settled with each such officer, non-commissioned officer and volunteer respecting the application thereof, and any unapplied residue thereof shall be paid to him.

(*b*) Such officers, non-commissioned officers and volunteers shall, while on, or proceeding to, or returning from, actual military service, be entitled to receive pay, allowances and rations as under :

pay and allowances admissible to the different ranks in the British Army corresponding with those held by them in the volunteers, and

rations in the same manner and on the same scale as authorized for British troops serving in the military district in which the volunteers are serving.

(*c*) On the release of the corps from actual military service, each officer, non-commissioned officer and volunteer present with the corps at the time of such release shall be paid sixteen rupees (except such of them as do not desire to receive the same) in addition to his pay and allowances.

(*d*) A commissioned officer of the volunteers, who, when on actual military service, shall be wounded in action, or shall have received an injury when in the execution of military duty otherwise than in action, shall be entitled to the same pension or gratuity as an officer of similar rank in the British Army would be entitled to under the Royal Warrant in force at the time being.

(*e*) A commissioned officer of volunteers, who, when on actual military service, shall be so wounded in action or injured when in the execution of military duty otherwise than in action as to be rendered permanently incapable of resuming similar employment to that in which he was engaged at the time when called out for actual military service, shall have the option of being placed for life upon the half pay of an officer of corresponding rank in the British service, as laid down in the Royal Warrant in force at the time being, instead of receiving any pension or gratuity to which he might be entitled under rule (*d*).

(*f*) The widow, children, mother or sisters of a commissioned volunteer officer, who, when on actual military service, has been killed in action or has died of wounds received in action within twelve months after having been wounded, or has died from illness which can be directly traced to fatigue, privation or exposure, incident to active operations in the field, within twelve months after being first removed from duty on account of such illness, provided that the illness be certified to have commenced during such active operations, shall be entitled to such pension or gratuity or compassionate allowances as the widow, children, mother or sisters of an officer of like rank in the British Army would be entitled to under the Royal Warrant in force at the time being.

(*g*) A volunteer non-commissioned officer or man who by reason of wounds or injuries received in action or in the actual discharge of any military duty when on actual military service, shall be rendered partially or totally incapable of earning a livelihood, or in the same manner shall be rendered temporarily incapable of earning a livelihood, shall be entitled to such pension or gratuity as a non-commissioned officer or man of similar rank in the British Army would be entitled to under the Royal Warrant in force at the time being.

(*h*) If a married volunteer, non-commissioned officer or man, when on actual military service, be killed in action or die of his wounds within twelve months after having been wounded, and leave a widow, she shall be entitled to a gratuity of one year's pay of his military rank at the rate which the volunteer was in

receipt of at the time of his death or of his being discharged from actual military service. A gratuity of one-third of a year's pay of the military rank of the father at the time of his death shall be issued under similar conditions to each orphan child under sixteen years of age, whose mother is dead.

(*i*) Nothing in these rules shall be held to interfere with any rights or privileges as to pensions or gratuities to which members of the volunteer force or their families may be already entitled under the regulations now in force.

APPOINTMENTS.

No. 302.—Cossipore Artillery Volunteers—

Charles William Tosh, Gentleman, to be Second-Lieutenant, *vice* Gardiner, resigned.

No. 304.—Chittagong Volunteer Rifle Corps—

The second Christian name of Second-Lieutenant Batho is "Timperley" and not as notified in G. G. O. No. 219 of 1896.

H. Garbett, resigned.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1022M.—The 13th March 1896.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, as amended by Act IV of 1894, the Lieutenant-Governor is pleased to appoint Babu Purna Chandra Nag to be a Commissioner of the Nasirabad Municipality, in the district of Mymensingh, *vice* Babu Prasanna Kumar Dutt, resigned.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1024L.S.-G.—The 13th March 1896.—The following draft rules which the Lieutenant-Governor intends to add to the rules issued under section 138, clauses (*i*) and (*t*) of the Bengal Local Self-Government Act III of 1885, and published under notification No. 1758L.S.-G., dated the 14th April 1894, in pages 77-127 of Part IB of the *Calcutta Gazette* of the 18th idem, are published for general information under section 143 of the Act. The rules will come between those under the heading "Record of service" and the heading "Application for pension or gratuity where rules for the grant of the same have been framed and sanctioned" They will be taken into consideration on or after the 15th April 1896, when any objection or suggestion which may be made by any person and received before that date will be considered :—

Retirement.

*104*A*. A District Engineer or any other employé of a District Board in superior service, who has attained the age of 55 years, may, at his option, retire from the service of the Board, or, if he is found to be inefficient, may be called upon to retire.

*104*B*. If a District Engineer is found to be efficient after he has attained the age of 55 years, and the District Board desire to retain his services, his retention should be recommended by the Board to Government through the Superintending Engineer or Inspector of Local Works.

*104*C*. The Superintending Engineer or Inspector of Local Works should state his opinion as to the District Engineer's physical fitness and capacity for work, as well as his mental qualifications, and the Local Government will then decide whether the officer should be permitted to remain in the service of the Board or not.

*104*D*. No extension of service will be granted to any employé of a District Board in superior service for more than one year at a time, and no extension beyond the age of 60 years will be given, except for very special reasons.

*104*E*. All applications for extension should be made within six months before the expiry of the term of service, whether original or extended.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1035L.S.-G.—The 13th March 1896.—It is hereby notified for general information that, under clause (*b*) of section 6 of the Bengal Ferries Act, I of 1885, the Lieutenant-Governor is pleased to take possession of the private ferry known as Nalua Akramaddi's ferry over the Shahebghata khal, near Nalua, police-station Sudharam, in Noakhali, and to declare it to be a public ferry, with effect from the 1st April 1896.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1036L.S.-G.—The 13th March 1896.—It is hereby notified that the Lieutenant-Governor is pleased, in exercise of the power conferred on him by section 35 of the Bengal Ferries Act, I of 1885, to direct that the ferry known as Nalua Akramaddi's ferry, over the Shahebghata khal, near Nalua, police-station Sudharam, in Noakhali, shall be managed by the District Board of Noakhali, and that all the proceeds of the ferry, and all the fines levied and compensation received under the said Act in respect thereof, shall be paid into the District Fund, with effect from the 1st April 1896.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1048M.—The 17th March 1896.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, as amended by Act IV of 1894, the Lieutenant-Governor is pleased to appoint Mr. H. F. T. Maguire to be a Commissioner of the Howrah Municipality, *vice* Mr. G. A. Grierson, with effect from the date on which the Commissioners of the Howrah Municipality accept Mr. Grierson's resignation of his office of Commissioner.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

* These rules are applicable to subscribers to the Provident Fund as well as to pensionable officers of the District Board

NOTIFICATION.

No. 1088L.S.-G.—The 17th March 1896.—Under Rule 9 of the rules framed under section 5 of the Local Authorities Loans Act, 1879, it is hereby notified for general information that the Lieutenant-Governor intends to sanction the following application from the District Board of Nadia for a loan of Rs. 20,000 from Government, bearing interest at 4½ per cent. per annum, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the district of Nadia.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 1026M.—The 13th March 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Rampur Boalia Municipality for a public purpose, viz., for a godown in the village of Miapara in taraf Rampur, pargana Laskerpur, zilla Rajshahi, it is hereby declared that for the above purpose a piece of land, measuring, more or less, 2 cottahs 12 chitaks of standard measurement, is required. The land is bounded on the North by the land of Taran Krishna Choudhuri, on the West by the land of Radha Gobinda Roy and Taran Krishna Choudhuri, on the South by the land acquired for Miapara cattle-pound, and on the East by a public road.

A plan and specification of the land are filed in the office of the Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

The Calcutta Gazette.

Advertisements.

[N. B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette cannot be received after Noon on Monday.]

LAND SALE NOTICES.

NOTICE is hereby given, under sections 5 and 13, Act XI of 1859, that unless the arrears mentioned below are paid on or before the next latest date of payment, viz., the 12th January 1896, the undermentioned estates or shares of estates in the district of Tippera will be put up for sale at the office of the Collector of that district on the 23rd March 1896, at 12 o'clock, for the said arrears.

When in columns 5, 7 and 9 of the appended statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale.

The description of arrears to which this form of notification applies is specified in section 5 of the Act, and particulars should be given accordingly in column 10 :—

1	2	3	4	5	6	7	8	9	10
Tauzi No.	Name of mahal and pargana.	Sadar jama of whole estate.	Whether the whole estate is to be sold.	If only a share is to be sold, specification of such share or shares.	Names of proprietors of property to be sold.	If only a share is to be sold, the sadar jama of such share.	If the whole estate is to be sold, the arrears due from it.	If only a share is to be sold, the arrears due from it.	Nature and amount of demand for which to be sold.

Tippera Collectorate, the 18th February 1896. R. W. CARLYLE, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Nadia, will be put up to sale by the Collector of that district at the Subdivisional Office at Ranaghat on the 27th March 1896, corresponding with Bengali 15th Chaitra 1302 B.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Mymensingh Collectorate, the 15th February 1896. E. B. HARRIS, Collector.

Advertisement of sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Friday, the 27th March 1896, corresponding with the 15th of Chaitra 1302 B.S. and 16th of Chaitra 1303 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale:—

The 14th March 1896.

PRATAPA CHANDRA GHOSHA, Registrar of Calcutta.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Jessore, will be put up to sale at the Jessore Collectorate on Saturday, the 25th April 1896, corresponding with 14th Boisakh 1303.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be double the amount of the present revenue. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale :—

Jessore Collectorate, the 13th March 1896.

F. S. HAMILTON, Collector.

NOTICE is hereby given, under sections 6 and 13, Act XI of 1859, that the undermentioned estates and shares of estates in the district of Jalpaiguri will be put up for sale, at the office of the Collector of that district, on the 20th April 1896, at 12 o'clock, for arrears of revenue and other demands which by law are realizable as arrears of land revenue.

When in columns 5, 7 and 9 of the above statement it is stated that only a share is to be sold, it is to be understood that a separate account is kept for that share, and that the other share or shares in the estate are excluded from the sale:—

NOTICE is hereby given that the Sixty-fifth Half-yearly Ordinary General Meeting of Shareholders of the above Company will be held at the Registered Office, No 4, Mangoe Lane, Calcutta, on Tuesday, the 31st March 1896, at 12 o'clock noon, for the purpose of receiving the Directors' Report, passing the accounts for the year ended 31st December 1895, declaring a dividend, and transacting such other business as may be brought before the meeting.

The Transfer Books of the Company are closed from 18th to 31st instant inclusive.

By order of the Board,

WILLIAMSON, MAGOR & Co., Secretaries.

Calcutta, the 5th March 1896 (1127—3)

Bishnauth Tea Company, Limited.

NOTICE is hereby given that an Extraordinary General Meeting of the Bishnauth Tea Company, Limited, will be held at the Registered Office of the Company, No. 4, Mangoe Lane, Calcutta, on Tuesday, the 31st day of March 1896, 12-15 o'clock P.M., to consider and, if thought fit, to approve the draft new Articles of Association which will be submitted to the meeting, and in the event of the approval thereof, with or without modification, to consider and, if thought fit, to pass a resolution to the effect that the new Regulations approved by the meeting, and for the purpose of identification subscribed by the Chairman, be and the same are adopted as the Regulations of the Company to the exclusion of all the existing Regulations thereof.

Should the resolution be passed by the required majority, it will be submitted for confirmation as a special resolution to a second Extraordinary Meeting, which will be subsequently convened.

A print of the proposed new Articles of Association may be seen at the Company's Office, and copies will be supplied to Registered Shareholders on application.

By order of the Board,

WILLIAMSON, MAGOR & Co., Secretaries.

4, Mangoe Lane, Calcutta, 5th March 1896.

(1126—3)

Notice

IS hereby given that the District Board of Jalpaiguri, at their meeting, held on the 29th February 1896, declared under section 46 of Act III (B.C.) of 1885, that in 1896-97 road-cess will be levied in the district at the maximum rate.

R. H. RENNY, Chairman, District Board,

Jalpaiguri.

The 6th March 1896.

Notice.

IT is hereby notified for general information that the District Board of Rangpur has fixed the maximum rate of half anna per rupee to be the rate at which road-cess will be levied in the district during the year 1896-97.

R. MAJUMDAR,

Vice-Chairman, District Board, Rangpur.

Rangpur, the 9th March 1896.

Notice.

SEALED tenders for the supply to the Bangalore Commissariat of the undermentioned articles in the quantities and at the stations noted for one year from 1st April 1896, or date after that on which ordered to supply to 31st March 1897, will be received by the Chief Commissariat Officer (hereinafter referred to as the Commissariat Officer) at Bangalore up to noon on the 20th March 1896, and then and there opened in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Chief Commissariat Office at Bangalore, which, as well as any information required regarding the the contract, will be given on application to the Commissariat Officer at Bangalore up to 4 o'clock P.M. on the 19th March 1896. No addition or alteration must be made in the tender forms.

3. Seals of tenderers will not be accepted; they should have their marks verified by witnesses.

4. Covers to be superscribed "Tender for the supply of household flour."

5. The tender may be for all or any of the articles required but should comprise the total requirement of the article or articles tendered for, and the term of contract must be as noted above and the rate an average for the whole period. The Commissariat Officer / Commissary General shall have the power to accept a tender in whole or in part, or to reject a tender without assigning any cause for so doing, but in the event of the tender being accepted in part only, and the tenderer failing to take up the contract, the whole earnest-money deposited for the article or articles in question will be confiscated.

6. Each tender must be accompanied with separate earnest-money for each description of article in Government Promissory notes or by Bank of Bengal or Treasury receipt* for the amounts noted below. Tenders without earnest-money will not be attended to.

* The receipt may be for currency notes or cash.

7. Earnest-money will be confiscated if the tenderer withdraws from his tender.

8. Samples (100lbs.) of the flour it is proposed to supply, should be sent, free of all charges, so as to reach the Government Bakery, Bangalore, by 12 noon on the 14th March 1896.

Description of articles and stations where required.	Estimated requirements.	Amount of earnest-money required.	REMARKS.
	lbs.	Rs.	
SCHEDULE No. 22. Household flour ...	720,000	850	

To be delivered at the Government Bakery, Bangalore.

G. F. WATSON, Captain, Asst. C.-G., Chief Commissariat Officer, Bangalore District.

* Although the date entered in column 2 is, as far as can be calculated, the latest safe date of posting for the next Mail Steamer, full allowance being made for the steamer being in advance of her published timing, Mails for the places mentioned in column 1 are despatched daily to Colombo, so that they may proceed by any steamer that has been unusually accelerated or retarded, or by any special opportunity that may be afforded by a steamer not belonging to one of the regular lines.

N. B.—The letter-box for inland articles (including articles for Burma and Port Blair and for Ceylon by land route) will be cleared for the last time for articles without the late fee at 7 P.M. precisely, after which hour inland letters and papers fully prepaid and bearing an extra postage stamp of ½ anna will be received up to 7-30 P.M.

On the day of despatch of the Mail for the Australasian Colonies and the Far East *vid* Tuticorin, the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 8 P.M., and late letters and papers fully prepaid will be received up to 8-30 P.M.

On the day of despatch of the Mail for Europe, the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 8-30 P.M., and late letters and papers fully prepaid will be received up to 9 P.M. On other days the letter-box for Foreign articles will be cleared for the last time for articles without the late fee at 7 P.M., and late letters and papers will be received up to 7-30 P.M. for despatch by any Foreign Mails despatched the same night. The late fee for Foreign articles is 4 annas, which must be prepaid in stamps affixed to the articles.

JOHN OWENS,
Presidency Postmaster, Calcutta.

Parts I. II and III of a Descriptive Catalogue of the Sanskrit Manuscripts in the Library of the Calcutta Sanskrit College, prepared by Pandit Hrishikesa Sastri and Babu Siva Chandra Gui, M.A., B.L., of that College, are offered to the public for sale. The Catalogue is to be completed in 23 parts, the price of each part being 12 annas a copy, exclusive of postage. Copies can be obtained from the Principal of the Sanskrit College, Calcutta.

Annual Statement of the Sea-borne Trade and Navigation of the Bengal Presidency and of its Chief Port (Calcutta), and each of its Subordinate Ports (Chittagong, Balasore, Cuttack, Pooree, and Narainguage), Volumes I and II. Price Rs. 20 for 1894-95 Published at the Calcutta Custom House. Previous years' volumes can also be obtained at the same price.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

	Without postage.	With postage.
	Rs. A. P.	Rs. A. P.
For the Calcutta Series	10 0 0	12 8 0
„ each of the Madras, Bombay, and Allahabad Series	6 0 0	7 0 0
„ a part of the Calcutta Series purchased separately (*inclusive of postage in India*)	.....	2 0 0
„ a part of each of the Madras, Bombay, and Allahabad Series purchased separately (*inclusive of postage in India*)	.....	1 0 0

The following is the rate at which deductions will be made for parts out of print and at which duplicate copies will be supplied to subscribers when required in place of copies lost in transit:—

	For town. Rs. A. P.	For mufassal Rs. A. P.
For the Calcutta Series, per copy ...	0 8 9	0 10 3
„ each of the Madras, Bombay, and Allahabad Series, per copy ..	0 5 3	0 5 0
„ the Calcutta Series. For the year	7 2 6	8 6 3
„ each of the Madras, Bombay and Allahabad Series. For the year	4 4 6	4 11 3

Persons desiring to subscribe for or purchase the Report should apply to—

Superintendent, Government Press, Madras.
The Superintendent, Government Central Press, Bombay.
„ Curator of Government Books, North-Western Provinces and Oudh.
„ Officer in charge, Bengal Secretariat Book Depôt.

Orders and subscriptions for 1894 should be at once registered and remitted by money-order payable to the Accountant and Treasurer, Bengal Secretariat, Calcutta.

ADVERTISEMENTS will be received for publication on the wrappers of the Indian Law Reports, Calcutta Series, at the following rates, payable in advance—

	One page.	Half page.	Quarter page.
For one issue ...	Rs. 20	Rs. 14	Rs. 9
„ three issues ...	„ 55	„ 36	„ 24
„ six „ ...	„ 100	„ 63	„ 45
„ nine „ ...	„ 145	„ 96	„ 64
„ twelve „ ...	„ 180	„ 120	„ 80

SEVERAL volumes of the BENGAL LAW REPORTS, from August 1868 to December 1875, and FULL BENCH RULINGS, Parts I and II, are available at the following rates:—

	Without postage. Rs. A. P.	With postage. Rs. A. P.
Bengal Law Reports for one year ...	20 0 0	22 8 0
Single copies, Rs. 2 per copy.		
Full Bench Rulings, Parts I and II ...	20 0 0	22 8 0

Obtainable at the Bengal Secretariat Book Depôt Writers' Buildings, Calcutta.

Remittances to be forwarded to the Accountant and Treasurer, Bengal Secretariat, Writers' Buildings, Calcutta.

All the wanting parts of the INDIAN LAW REPORTS (complete series) having now been reprinted, the complete Reports from 1876 to 1893 may be purchased for all the years, or for any particular year, on application to the Officer in charge of the Bengal Secretariat Book Depot.

The subscription, Rs. 22-8 per annum, should be remitted in advance to the Accountant and Treasurer, Bengal Secretariat.

Notice.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions of the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

Catalogue of Books printed at Thomason College Press, and procurable from Thomason College Book Depôt.

Application to be made to Curator. Cash must accompany order. Articles will be sent by Value-payable Post to persons in Government employment only. It is advised that letters containing remittances be registered.

N.B.—The Revised Prices herein entered cover the cost of packing, postage and other incidental charges (except commission for value-payable supplies), and are for all purchasers other than resident College Students.

Drawing Instruments (electrum) are available at the College Book Depôt, at Rs. 6 per box. Drawing Instruments, drawing materials, &c., are also obtainable from the Roorkee Workshops, and application should be made to the Superintendent.

AUSTRALIA, SOUTH—SPENCER GULF.

A light-ship placed eastward of the western edge of the Middle bank.

WITH reference to Notice to Mariners, No. 250, dated the 30th December last, issued by this office, the President, Marine Board, Port Adelaide, has given further notice (No. 1 of 1896) that a light-ship has been placed about a mile to the eastward of the western edge of the Middle bank, Spencer gulf.

The vessel, painted red, has one mast (with ball at the masthead), from which a fixed white light is exhibited, visible in ordinary weather at a distance of 10 miles.

The vessel is moored in three and three-quarter (3¾) fathoms L.W.S., with Barn Hill in line with Webling Point, bearing N. 81° E., Middle Back Mount N. 43° W., and Plank Point N. 48° W.

Approximate position—latitude, 33° 37′ 20″ S.; longitude, 137° 33′ E.

This notice affects the Admiralty chart of St. Vincent and Spencer Gulfs, No. 2389B.

AUSTRALIA—TOWNSVILLE.

Masters of vessels cautioned against using any of the channels in that port.

THE Port master, Brisbane, has given notice (No. 1 of 1896) that as there is every probability of changes and damage caused by the recent heavy weather experienced at Townsville, Masters of Vessels are cautioned to exercise the greatest care, and, if possible, not to attempt to use any of the channels in that port until they communicate with the local Harbour Master.

Due notification of any changes will be made as soon as information is received.

H. B. HOOPER, *Comdr.*, R.I.M.,
Acting Port Officer of Calcutta.

[Second Publication.]

AUSTRALIA—CLEVELAND BAY.

Buoys out of position and lights temporarily discontinued.

THE following Notice to Mariners (No. 2 of 1896), issued by the Portmaster, Brisbane is re-published :—

Masters of Vessels are cautioned that, as a result of the recent heavy weather experienced at the port of Townsville, all the buoys are out of position.

The leading light on Cape Cleveland for marking the passage inside the 4-foot rock, and also the light-houses on both breakwaters, are destroyed.

As soon as possible, the aids to navigation herein referred to will be restored, and the lights exhibited as formerly.

H. B. HOOPER, *Comdr.*, R.I.M.,
Acting Port Officer of Calcutta.

[Second Publication.]

NEW ZEALAND, NORTH ISLAND—POVERTY BAY.

Alterations in lights at Gisborne.

THE British Admiralty has given notice (No 76 of 1896) that on 31st December 1895, the undermentioned alterations would be made in the lights shown at Gisborne, north side of Poverty bay:—

1. Two new beacon-lights would be exhibited.

The front light is a *fixed red* light, elevated 40 feet above high water, and shown from a beacon, 25 feet high, surmounted by a triangle painted black, as is also the small house at the base, the middle portion of the beacon being white. It is situated N. 62° W., distant one mile, from the entrance of the Turanganui river.

Approximate position, lat. 38° 39′ 20″ S., long. 178° 1′ 40″ E.

The rear light is a *fixed red* light, elevated 50 feet above high water, and shown from a beacon, 30 feet high, surmounted by a rectangle, with a small house at the base, the whole painted white, and bearing N. 31° W. from the front beacon.

2. The lights shown from the flagstaff at the west side of the Turanganui river entrance, and from the square red beacon on Waikanae beach seaward of the flagstaff, have been altered from *red* to *green*. These lights bear, when in line, N. 20° E.

3. The two *green* lights at the extremity of the breakwater have been replaced by two *white* lights, placed vertically 7 feet apart, the upper light elevated 20 feet above high water.

NOTE.—Vessels approaching the anchorage should keep the lights or beacons (1) in line, bearing N. 31° W., until the beacon and flagstaff, or lights on them, (2) are in line, bearing N. 20° E., when they should anchor in 6½ to 7 fathoms.

Victoria Harbour—Coal and light-house building.

The British Admiralty has given notice (No. 79 of 1896) that information has been received from the new Central Borneo Company, dated 18th January 1896, that coal is now brought straight by rail to Victoria harbour, where there is a jetty, alongside which vessels may replenish their fuel.

Also, that a white light-house, from which a *fixed red* light will be exhibited, is in course of erection on Pappan island, Victoria harbour, but its exact position is not known.

Approximate position, Pappan island, lat. 5° 15½′ N., long. 115° 16′ E.

Further notice will be given when the light is exhibited.

AUSTRALIA—Torres strait, east.

Reported dangers between Warrior reef and Sai Bai island.

The Portmaster, Brisbane, has given notice (No. 4 of 1896) that the Master of the schooner *Tarawa* reports the existence of three small coral patches, dry at low-water springs, in the following approximate position, viz.—

Latitude	9° 42′ South.
Longitude	142° 51′ East.

The patches extend one and-a-half miles in length in a N.-W. and a S.-E. direction, and deep water exists between them.

Chart affected—No. 2422; and Australia Directory, volume 2.

The Hon'ble W. B. GLADSTONE.
The Hon'ble MADHU SUDAN DAS.

NEW MEMBERS.

The Hon'ble Mr. W. B. Gladstone and the Hon'ble Mr. Madhu Sudan Das took their seats in Council.

INTERFERENCE WITH DEPUTY MAGISTRATES IN STAMP CASES.

The Hon'ble Babu Surendranath Banerjee asked—

(*a*) Whether the attention of the Government has been called to an order passed by the Magistrate of Khulna, reported in the newspapers, to the effect that in no stamp case should a Deputy Magistrate fine less than five rupees? Does the Government approve of this order, which interferes with the judicial discretion of Deputy Magistrates?

(*b*) In view of the above order and the circular letter issued by Mr. Forbes, Commissioner of the Patna Division, to all Magistrates within his jurisdiction, recommending that whipping should be inflicted by Magistrates in certain class of cases referred to in that circular letter, will the Government be pleased, in the spirit of the circular letter issued by the Bengal Government, No. 446J., dated the 29th August, 1893, based on the orders of the Secretary of State, containing the clear and distinct declaration that it is not open to any executive or administrative officer, "to adopt any action which may have a tendency to shake public confidence in the decisions of Courts of Justice," to issue a circular letter or take such other action as to the Government may seem fit, with a view to prevent interference by executive order with the judicial discretion of Magistrates—a proceeding which is calculated, in the words of the circular letter of the Bengal Government referred to above, "to shake public confidence in the decisions of Courts of Justice."

The Hon'ble Mr. Cotton replied:—

"The following is the order of the District Magistrate of Khulna referred to in the Hon'ble Member's question:—

'In most stamp cases the law allows the Collector to compound, but fixes a minimum of Rs. 5, which he can accept. In the case of receipts, &c., stamped with one-anna receipt stamp, the law does not allow him to compound: he must prosecute. It is clear that the law intends the punishment to be more severe in such cases, and a Magistrate who passes an order of fine of less than Rs. 5 defeats the object of the law.

W. B. Brown.'

The 23rd March, 1895.

"The Lieutenant-Governor is advised that this order is based upon an incorrect appreciation of the law, and has therefore directed that it be withdrawn.

"His Honour does not, however, consider that the orders referred to could have 'a tendency to shake public confidence in the decisions of the Courts of Justice,' and does not propose to take action in the direction indicated in the second part of the Hon'ble Member's question."

ASSAULT BY MR. WINDSOR.

The Hon'ble Babu Surendranath Banerjee asked—

Whether the attention of the Government has been called to a letter, which has appeared in the *Indian Mirror* of the 25th February last, signed by Amar Nath Mookerjee, to the effect that Mr. Windsor, Magistrate of Burdwan, struck with his whip a carter who happened to block the road when the Magistrate was driving through Memari, a town in the Burdwan district, and that the assault committed upon the carter was so severe that the blood flowed from his face and nostrils? Is there any truth in the statement? If so, what action does the Government propose to take in the matter to mark its disapproval of such conduct on the part of a high officer in the position of the District

Magistrate? Is Mr. Windsor the same officer who, as Subdivisional Officer of Serampore, was charged with assaulting a gate-keeper?

The Hon'ble MR. COTTON replied:—

"The letter in the *Indian Mirror* referred to by the Hon'ble Member is as follows:—

'A MAGISTRATE WHIPPING CART-DRIVER.

[To the Editor of the *Indian Mirror*.]

SIR,—Kindly allow me a little space in your far-famed newspaper to divulge a secret, clearly showing how brutally our district authorities deal with their poor, dumb Indian subjects in the dark recesses of the distant mufassal. The other day Mr. Windsor, the present Magistrate and Collector of Burdwan, went to Memari on tour. Here, as His Honour was driving along a road, a poor bullock cart-driver chanced to stop his course with his cart. It goes without saying that the poor driver was, at that time, unable to manage his bullocks; in consequence His Honour had to wait a few moments on the road. This audacious impudence on the part of the poor cart-driver was no longer bearable to the hot-blooded, impetuous Englishman. Mr. Windsor waited, fiercely frowning upon him. In an instant, his hand was seen to rise; he took aim at the pale face of the cart-driver, and for the next few moments the glittering lash of his long whip was playing in the air and on the face of the innocent man to the rapid musical tune of *shop a shop!* Then, oh! the most heart-rending of scenes ensued: in torrents blood gushed out from the nostrils and different parts of the man's face. We would not speak a word more on this subject. Will Mr. Windsor now have the temerity to deny the perpetration of this abominable deed? Does he think that this and the like despotic acts of his perpetrated in the obscure nooks of the remote mufassal will escape the notice of the higher authorities? I ask, is this the outcome of the education Mr. Windsor has received? Has Mr. Windsor forgotten, in the reckless pride of vigorous youth, that the silent tears and sighs of the innocent man and his relatives have been marked by One above, that the painful appeal of the wounded man has already gone up before that Mighty Judge in whose eye there is no distinction between man and man, between a Magistrate and a cart-driver.

BURDWAN;
The 16th February, 1896.

Yours, &c.,
AMAR NATH MOOKERJEE.'

"The Lieutenant-Governor caused a copy of this letter to be forwarded to the Magistrate of Burdwan, and called upon him for a report on the facts of the case. Mr. Windsor denies the charge as absolutely as it is possible to do in a case in which neither name nor date is given. He writes:—

'I have no recollection of being obstructed by any cart at Memari. It is possible that if a cartman did wilfully block the road, I may have flicked him with my whip in passing, but I do not remember any such incident having occurred at Memari. I certainly did not strike any cartman so as to make his nose bleed.'

"The Lieutenant-Governor considers that more than sufficient notice has already been taken of the matter."

ADDITIONAL PUNISHMENT BY JOINT MAGISTRATE OF ALIPORE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

(*a*) Has the Government received a petition from one Nidhiram Ooriya (who received twenty stripes by order of Mr. C. Fisher, Joint-Magistrate of Alipore, when the sentence was that he should receive only ten stripes), challenging the explanation given to the effect that in the first instance the punishment was inflicted in a perfunctory and superficial manner, and praying for a public enquiry as regards the truth of this allegation?

(*b*) Is it the case that this petition is supported by his own affidavit and that of two legal practitioners who witnessed the whipping, and who say that, so far as they could judge, "the first ten stripes were inflicted in the usual way, and were not inflicted in a superficial and perfunctory manner"?

(*c*) Will the Government be pleased to state what action it proposes to take in the matter, and whether the public enquiry prayed for will be granted?

(*d*) Is it the case that this officer has recently been promoted and appointed Officiating District Magistrate of Burdwan?

The Hon'ble MR. COTTON replied:—

"The answer to paragraphs (*a*), (*b*) and (*d*) of this question is in the affirmative. The Government does not intend to take any further action in the matter or to grant the public enquiry prayed for. The Lieutenant-Governor regrets that this question should have been put after the answer given on the same subject at the last Meeting of Council."

FINES FOR NON-RENEWAL OF ARMS LICENSE.

The Hon'ble BABU SURENDRANATH BANERJEE asked—

Whether the attention of the Government has been drawn to some Arms Act cases reported in the *Hitabadi* newspaper of the 21st ultimo? Is it true that one Bainuddee Akan was fined Rs. 25 on the 15th February by Mr. C. Fisher, Joint-Magistrate of Alipore, for neglect to apply for the renewal of his license, despite his having applied for and obtained a new license on the 28th January? Is it also true that on the 17th February another man, named Sheik Bhola Mistree, was fined Rs. 25 by the same Magistrate for a similar delay in applying for the renewal of his license, and that about sixty more cases of this nature were then pending before the same Court?

Does the Government think it desirable that the provisions of the Arms Act should be enforced with such exceptional rigour? If not, will the Government be pleased to take such steps as may be deemed advisable?

The Hon'ble MR. COTTON replied:—

"The facts are substantially as stated in the Hon'ble Member's question. The fines inflicted may be considered to have been severe, but it must be remembered that exemplary punishments are occasionally called for to ensure that the provisions of the law are complied with, and the Joint-Magistrate of the 24-Parganas has explained that out of 4,340 renewals which were due on the 1st of January last, applications for renewal within that date had, notwithstanding that the date of expiry of the license is clearly entered in each form, been made in 425 cases only. There has been great remissness among the licensees of the district, and it was thought necessary to make an example of some of the offenders. The Government sees no reason to interfere."

POST OFFICES AT POLICE-STATIONS.

The Hon'ble BABU GURU PROSHAD SEN asked—

The words "Government post" and "police-stations" being words used in Act VIII of 1862 (B.C.), as in the Preamble and section 4 of the Act quoted in the margin, and not the words "Imperial Post Office," "Thanas and outposts," in the Act, or any amendment thereof, will it now please the Government, with reference to the reply given to the second half of my question No. I, on the Zamindari Dak Cess, on the 29th February last, to order the preparation of a statement, district by district, showing in what "police-stations" [words as used in the Preamble to Act VIII of 1862 (B.C.)] a Government post [words as used in section 4 of Act VIII of 1862 (B.C.)] does not exist?

Act VIII of 1862 (B.C.).

Preamble. Whereas the conveyance of letters on the public service, between police officers and *police-stations*, and the Magisterial offices of the districts subject to the Government of Bengal, is defective, &c., &c., &c.

Section 4.—Provided always that no zamindari dak shall be established or maintained under this Act between any two places between which a *Government post* for the time being exists.

The Hon'ble MR. COTTON replied :—

"The Government will place itself in communication with the Postmaster-General, Bengal, with a view to supplying the information desired by the Hon'ble Member."

ZAMINDARI DAK CESS.

The Hon'ble BABU GURU PROSHAD SEN asked—

Will it please the Government to state how, with a five years' settlement, fixing the rates and the amount of the zamindari dak cess for that period, effect is being given to the provisions of section 5 and section 10 of Act VIII of 1862 (B.C.)?

The Hon'ble MR. COTTON replied :—

"The settlement for five years was introduced by Sir Charles Elliott, for the convenience of Government and zamindars alike, and was concluded outside the provisions of the law to which the Hon'ble Member refers. The fourth year of this settlement is now running. No complaints, so far as the Government is aware, have been made in regard to it, and it would be convenient that it should be continued for the full period; but if serious objection to it is taken by those interested, the Lieutenant-Governor will be prepared to revert to the precise arrangements contemplated by the Act."

PROMOTION OF MUNSIFFS.

The Hon'ble BABU GURU PROSHAD SEN asked—

Has the attention of Government been drawn to the fact that, as matters now stand, members of the Judicial Branch of the Provincial Service have to serve as Munsifs for about twenty-one years before they can expect to be promoted to the rank of Subordinate Judges, and that when they get this promotion, they are, as a rule, about fifty years old?

If the Government consider that this state of things is not conducive to the efficiency of the public service, will it please the Government to take steps for the adoption of adequate measures for its removal?

The Hon'ble MR. COTTON replied :—

"There are now 54 Subordinate Judges in the service and 295 Munsifs, and it follows therefore that promotion to the grade of Subordinate Judges cannot be as rapid as many Munsifs would wish. The Government is not prepared to increase the number of Subordinate Judges merely in order to stimulate promotion. It must be guided in fixing the strength of these establishments solely by the requirements of the work to be done."

PROFIT FROM PROCESS-FEES.

The Hon'ble BABU GURU PROSHAD SEN asked—

Will the Government be pleased to state what was the amount of process-fees realised (1) in the Civil Courts of all classes and grades in the Mufassil, (2) in the Revenue Offices and Courts; and what was the net profit left to Government under each of these two heads after payment of salaries, &c., to the process-servers during the financial year 1894-95?

The Hon'ble MR. RISLEY replied :—

"As process-fees are paid in court-fee stamps and credited as stamp revenue, the accounts for the financial year 1894-95 do not show separately

the sums realized as process-fees in the Civil Courts. In the High Court's Report on Civil and Criminal Justice for 1894, the receipts from process-fees in the Civil Courts of all classes and grades in the mufassal are shown to have been Rs. 21,78,849 and the charges Rs. 7,31,928. The latter sum, however, does not include charges for contingencies and travelling expenses; and the sum of Rs. 8,14,051, which is shown under the head of Mufassal Civil Courts in the Law and Justice Accounts for 1894-95, more correctly represents the actual expenditure, though even this leaves out of account charges for pensions, stationery, printing, and supervision, and a proportion of the salaries of the muharrirs employed partly on writing out processes. As the receipts can only be given for the calendar year and the charges, subject to the remarks above, for the financial year, it follows that the surplus cannot be accurately stated, though for practical purposes it may be taken to have amounted to about 13 lakhs in 1894-95. In the Revenue Courts the receipts from process-fees during 1894-95 were Rs. 3,78,242 and the expenditure Rs. 2,17,589, leaving a surplus of Rs. 1,60,653."

THE PROTECTION OF MUHAMMADAN PILGRIMS BILL.

The Hon'ble MR. COTTON moved that the Bill to provide for the protection of Muhammadan Pilgrims in the town of Calcutta be referred to a Select Committee, consisting of the Hon'ble Mr. Wilkins, the Hon'ble Nawab Syud Ameer Hossein, the Hon'ble Maulvi Muhammad Yusuf Khan Bahadur, the Hon'ble Mr. Gladstone, and the Mover. He said:—

"It is unnecessary that I should trouble the Council with any further observations on this Bill, but I may say that the Government have forwarded a copy of the Bill to the leading Muhammadan Associations of Calcutta, with a request that they will favour us with an expression of their opinion upon it, and we have also consulted the Commissioner of Police. Sir John Lambert has replied, stating that he thinks this Bill is well suited to meet the object for which it has been prepared; and he adds, as I am sure you will be glad to hear, that our late colleague, Hajee Maulvi Abdul Jubbar Khan Bahadur, has examined the Bill, and has expressed his entire approval of its provisions."

The Hon'ble MAULVI MUHAMMAD YUSUF KHAN BAHADUR said:—"I have to offer no criticism on this Bill, as the Hon'ble Member in charge of it has done me the honour to put me on the Select Committee. But I may state to the Council, by way of assurance, that I have consulted some of the leading Muhammadans of the leading communities in Calcutta, such as Hadjee Noor Mahomed Zakariah and Suchadeena, and others, and so far as I have been able to ascertain Muhammadan public opinion upon the principle of this Bill, it is in favour of it, and Muhammadans generally consider that this Bill is necessary for the protection of the *Hajees*."

The Motion was put and agreed to.

The Council adjourned to Saturday, the 28th March, 1896.

CALCUTTA;
The 16th March, 1896.

C. E. GREY,
Offg. Assistant Secretary to the Govt. of Bengal,
Legislative Department.

EMPIRE OF INDIA EXHIBITION.

THE following is published for general information.

EMPIRE OF INDIA AND CEYLON EXHIBITION, 1896,

INCLUDING OTHER CROWN DEPENDENCIES IN ASIA.

Director-General:

IMRE KIRALFY.

The great success attending the Empire of India Exhibition of 1895 has induced the Directors of the London Exhibitions, Limited, to hold another even larger and far more elaborate Exhibition of the economic wealth of our great Eastern Dependencies during the season of 1896.

At the forthcoming Exhibition every endeavour will be made to present in a most complete manner the Products and Manufactures, Arts and Industries of the different parts of India, as well as those of Ceylon, Burma, and other Asiatic Dependencies.

The Director-General, Mr. Imre Kiralfy, who designed the Empire of India Exhibition of 1895, has much enlarged and embellished his plans and designs of the Exhibition for the season of 1896 by numerous architectural and other attractive additions.

The Exhibition of 1896 will be opened early in May next, for a period of about five months, and will be held at the Earl's Court Exhibition Grounds, which cover an area of over 22 acres.

The railway facilities and other traffic advantages of this site are unrivalled, there being no less than four railway stations situated at the principal entrances to the Exhibition, through which nearly 800 trains pass daily. These give communication with all parts of London, and are in direct connection with the leading Railway Companies' lines, thus affording every facility for provincial visitors to visit the Exhibition.

The three main Exhibition Buildings, enumerated below, are fine examples of Indian architecture, and are surrounded by beautifully designed Gardens, with a Lake on which Electric Launches carry visitors to and fro. The best Military Bands will perform throughout the day, and at night thousands of electric and other lights lend enchantment and brilliancy to the scene. Restaurants and Buffets are plentifully provided in convenient places. In brief, the excellent arrangements which tended to make the Exhibition of 1895 one of the most attractive public resorts in the Metropolis, will be maintained and augmented for 1896:—

1.—The Ducal Hall, a large Exhibition Building, adjacent to the Warwick Road entrance, and opposite the Earl's Court District Railway Station, forms one of the principal approaches to the Exhibition, having an area of 19,060 square feet. The main avenues of this building will be devoted to Indian Industries and Manufactures, and the two large wings set apart for Loan Exhibits from our Eastern Empire.

2.—The Queen's Palace, a splendid building, 432 feet long by 70 feet wide, and having an area of over 32,000 square feet, will be used for Industrial, Commercial and Art Exhibits from Ceylon and other Eastern Crown Dependencies, together with representative Exhibits of British-made goods adapted for Eastern markets.

3.—The Imperial Court and Colonnades, having an area of 25,380 square feet, will be devoted to miscellaneous Exhibits from India, Burma, Ceylon, &c.

Diplomas will be awarded for excellence of exhibits.

Few Exhibitions ever held in London have offered greater advantages to exhibitors, and it is intended to make this series of Exhibitions unequalled in this respect, in proof of which it may be stated that though the Exhibition of 1895 did not open until the 30th May, it was visited in less than five months by 2,141,926 persons.

OUR EASTERN TRADE.

IMPORTANT STATISTICS FOR BRITISH MANUFACTURERS.

OF all our Colonies and possessions, India has ever been the largest and best market for British goods, and the very marked decline in recent years of this important trade is a matter of serious moment to the country at large.

The following statistics, condensed from the Board of Trade Returns, only too painfully prove how steadily our manufactures are being ousted by those of our Continental competitors.

The total import and export trade of India has increased in the ten years 1884-1894 from Rs. 14,07,96,425 to Rs. 18,03,29,092, or by nearly 30 per cent.; while the trade of the United Kingdom with that country has actually fallen from Rs. 6,65,10,241 to Rs. 5,77,63,800, or by no less than 15 per cent. in the same period.

If we now turn to India's Continental trade, we find that Belgium in 1884 did a business of Rs. 35,79,589 with her, and that this had increased last year to Rs. 77,80,247, or by 115 per cent.; and it should be noted that much of this great increase has been in goods hitherto supplied by Great Britain.

In 1885 we sent 3,686,925 cwts. of iron and steel to India. This has fallen in 1895 to 2,326,474 cwts. On the other hand, Belgium has increased her exports of iron and steel for the same period from 189,775 cwts. to 1,624,290 cwts.

Ten years ago Germany had only the comparatively small trade of Rs. 7,38,159 with India; to-day she has a trade of over Rs. 95,00,000, or an increase of more than one thousand per cent. !

The other countries of the Continent also show an increased trade with India in the period (1884-1894) under review; but it is not necessary to multiply examples, or give further proofs of the unfortunate fact that our trade with British Eastern possessions is gradually declining.

The above statements should go far to convince Manufacturers and others that it is absolutely necessary, if they are anxious to retain or increase the demand for their various manufactures, that they should more largely avail themselves of every suitable opportunity of advertising their wares.

Much of the recent large success of our Continental competitors can be directly traced to the fact that they have been far more alive than ourselves to the manifold advantages and value of important Exhibitions as a means of bringing their goods into prominence and more extended consumption.

Forms of Application for Space, Plans, and all information, can be obtained on application to The London Exhibitions, Limited, Exhibition Buildings, Earl's Court, London, S. W.; or the Company's Agent in India, Mr. R. A. Willis, Sirdars Mansions, Bombay.

A BRIEF DESCRIPTION OF OTHER FEATURES OF THE EMPIRE OF INDIA AND CEYLON EXHIBITION.

The Imperial Court.

In this portion of the Exhibition will be found a wealth of floral decorations and brilliant illuminations. A post and telegraph office is provided for the convenience of the public. Military Bands perform daily, and refreshment places on either side of the Court admit of *al fresco* service in the gardens.

The Indian and Singalese City.

Will be an important feature of the Exhibition. The Indian City, which during the season of 1895 proved so attractive to its visitors, was by no means all that its designer contemplated. The climatic influence of the winter of 1894-95 delayed operations, so that it was found necessary to simplify the plans. Now, however, the original scheme will not only be carried out, but embellished. A considerable number of native craftsmen, &c., will be brought from India and Ceylon, and will occupy the city, and carry on their several crafts as in their native land.

Elysia.

The experience of 1895 shows this portion of the Exhibition to be one of the very best sites for outdoor exhibits or side-shows. For the season of 1896 this section, which surrounds the Great Wheel, has been laid out in a way to suit exhibitors and showmen who desire to erect their own buildings. Full particulars of these sites may be obtained from the Agent of the Exhibition.

The Great Wheel.

Among the attractions of the Exhibition of 1895, this marvellous specimen of engineering skill merits a prominent place. The wheel, 300 feet in diameter, is supported on eight legs, each 150 feet in height. Each revolution occupied 25 minutes, and during the four months it was opened to the public, 430,000 persons patronised it, and paid the sum of £23,491. The motion was pleasant and almost imperceptible. On a bright day it was possible to see the towers of Windsor Castle on one side and the well-known Crystal Palace on the other.

The old Welcome Club.

This Club numbers among its members many of the most distinguished men in the Military, Naval, and Civil Services of the country, and in the Literary, Scientific, Artistic and Mercantile world. The Club has a membership of over 1,000, and it has proved of much benefit in promoting social intercourse and friendly feeling; it is also believed to have been of considerable benefit in many ways to its numerous commercial members in extending business connections, and as the Club is a permanent institution, these advantages are likely to greatly increase in value.

THE WESTERN GARDENS.

These ever-popular Gardens, unrivalled in London for their extent, beauty, and lavish illuminations, and where the finest Military Bands perform daily, always attract a vast attendance. Space has been reserved on the south-western side of the Gardens for the erection of Exhibition Pavilions and buildings also to be used for side-show purposes, or for special exhibits from any province, or for manufacturers who may desire to show their wares in process of manufacture, while most of the old popular features will be retained.

THE EMPRESS THEATRE.

Is the largest building ever erected solely for theatrical purposes. It is built of iron and brick, and is 315 feet in length and 220 feet in width. The roof-span is the largest in the kingdom, except that of the St. Pancras Station of the Midland Railway. The height from ground to lantern is 117 feet. The proscenium has an opening of 184 feet; and from any seat in the huge house the spectator enjoys an uninterrupted view of the stage. There are other novelties which go towards making the theatre the most complete thing of the kind ever built. The stage is arranged so that its actual form can be altered to suit the needs of any particular scene. Its main portion is 315 feet wide by 100 feet in depth. The orchestra is suspended high in the air behind a trellis-work above the stage. Electric lights are everywhere, over 3,000 incandescent burners being used. The seating accommodation, which is 5,000, was taxed twice a day to its fullest capacity during the run of Mr. Imre Kiralfy's spectacular play "India."

THE GRAND SPECTACLE.

In the magnificent Empress Theatre a second edition of Mr. Imre Kiralfy's spectacle "India" will be produced. The former production was conceded by the press and public to be the finest and most complete ever presented. It called for the services of nearly 2,000 persons, 150 horses, besides a number of camels and elephants. It consisted of eight scenes, depicting the principal events in the history of India from the Fall of Somnath to the Proclamation of Queen Victoria as Empress of India. Each of these scenes was of dazzling beauty and magnificence; one of which—the departure of a troopship from Portsmouth for India—has never before been attempted on any stage. Two regiments of soldiers were conveyed by boats, in full view of the audience, to the ship (310 feet in length)—when with steam up the paddle-wheels revolved, and amid the enthusiasm of the populace she departed on her mission. The final apotheosis—the glorification of the Empress-Queen with a procession of the makers of India, Lord Clive, Warren Hastings, &c., &c., and a cortége representing the different British Colonies paying homage to the Queen—was the greatest masterpiece of stage production ever attempted.

ORDER.—*Ordered* that the foregoing be published for general information in the Supplement to the *Gazette of India*, and that copies be forwarded to the several Local Governments and Administrations noted on the margin for publication in the local Gazette.

(True extract.)

F. G. SLY,

For Offg. Secy. to the Govt. of India.

DONATION OF Rs. 15,000 BY NAWAB AHSANULLAH KHAN BAHADUR, C.I.E., FOR THE IMPROVEMENT OF THE BURIGANGA AND OTHER RIVERS OF DACCA.

No. 1047M., dated Calcutta, the 14th March 1896.

From—H. H. RISLEY, ESQ., C.I.E., Secy. to the Govt. of Bengal, Municipal Dept.,
To—The Commissioner of the Dacca Division.

I AM directed to acknowledge the receipt of your memorandum No. 2668G., dated the 11th February 1896, with which you submit, for the information of Government, a copy of a letter from the Chairman of the Dacca District Board, reporting that Nawab Ahsanullah Khan Bahadur, C.I.E., has given a donation of Rs. 15,000 to the Joint-Committee of the District Board and Municipality of Dacca for the improvement of the Buriganga and other rivers of the district.

2. In reply, I am desired to request that the thanks of the Lieutenant-Governor may be conveyed to the donor for this fresh instance of his liberality and public spirit.

3. This letter will be published in the *Calcutta Gazette*.

WEATHER AND CROP REPORT.

For the week ending the 16th March, 1896.

Burdwan.—Rainfall nil. Weather hot. Harvesting of *rabi* crops nearly completed. Pressing of sugarcane continues. Condition of cattle good. Fodder sufficient, also water except in Kalna subdivision. Common rice sells at an average price of 15½ seers a rupee.

Midnapore.—Rainfall at Sadar ·20, Contai ·22, Tamluk ·56, Ghatal ·53. Weather seasonable. Indigo and linseed doing well. Ploughing commenced. Cultivation of *boro* (spring rice) continues at Ghatal. Water plentiful except in Chandrakona and Daspur. Fodder not sufficient in Sadar, Chandrakona and Daspur. Some cattle-disease reported. Rice selling at—

	Srs.	
Sadar	18	per rupee.
Contai	24	
Tamluk	16	
Ghatal	14 to 17	

24-Parganas.—Rainfall at Sadar ·05. Weather dry and warm. Sugarcane is being pressed in the Barasat subdivision. *Boro* paddy is withering in the Diamond Harbour subdivision. Fodder sufficient. Water insufficient in the Barasat and Basirhat subdivisions. Condition of cattle good. Rice sells at—

	Srs.	c.	
Sadar	12 to 14	0	per rupee.
Barasat	12	8	
Basirhat	14	8	
Diamond Harbour	16	0	

Murshidabad.—Rainfall ·01. Weather hot in day, but cool at night. Harvesting of wheat and barley has commenced. State of indigo and mulberry appears to be good. Fodder and water sufficient. Common rice sells at 16 seers per rupee.

Khulna.—Rainfall at Sadar ·05. Weather hot in day, cool at night. Cultivation of *aus* paddy going on. Rain much wanted. No cattle-disease. Fodder sufficient. Drinking-water getting scarce in Satkhira. Prices of common rice:—

	Srs	c.	
Sadar	16 to 19	0	per rupee.
Bagerhat	18	2	
Satkhira	13	0	

Dinajpur.—Rainfall nil. Weather warm for the time of year. West winds. Cultivation of *bhadoi* is in progress. Rain is wanted for mango crop. No cattle-disease. No complaint for fodder and water. Common rice sells from 15 to 18 seers per rupee.

Rangpur.—No rain. Lands are still being prepared for *bhadoi* and jute. *Aus* paddy has been generally sown. Rain is urgently needed. Common rice selling from 12 to 15 seers per rupee. No cattle-disease. Fodder sufficient.

Pabna.—Rainfall ·45. Weather hot. Rain has done much good in Sadar subdivision. Harvesting of *rabi* crops completed. Fodder available.

Dacca.—Rainfall 1·56. Weather seasonable. Recent rain has done much good to the standing crops. No cattle-disease. Fodder available. Common rice sells at 14 seers per rupee.

Chittagong.—Rainfall ·44. Weather occasionally cloudy. *Rabi* crops are being gathered; a poor outturn expected. Fodder and water sufficient. Rice selling at 14 seers per rupee.

Patna.—No rain. *Rabi* harvest and opium collection in progress. Condition of cattle good. Fodder and water sufficient. Common rice sells at 18¾ seers per rupee.

Gaya.—No rain. Harvesting of *rabi* crops in progress. Opium collections completed. Common rice sells at Sadar 16 seers against an average of 14¾ seers per rupee.

Champaran.—No rain. Weather seasonable. *Rabi* being harvested with an estimated outturn of 9 annas. Collection of opium is going on, and the yield is reported to be fair. Common rice sells at Sadar 18 seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. *Rabi* harvest in progress. Indigo sowing nearly over. Common rice selling at 17½ seers per rupee. Fodder for cattle sufficient.

Bhagalpur.—No rain. Weather hot and windy. Prospects of standing crops not favourable. Some cattle-disease reported. Water sufficient everywhere. Fodder reported as getting scarce in Banka and Madhipura. Prices stationary.

Purnea.—Rainfall nil. Harvesting of mustard and tobacco finished; outturn fair Lands are being prepared for *bhadoi* crops. Rain is badly wanted. Cattle-disease reported from Chapra in Kishanganj. No want of fodder and water. Common rice selling at 20 seers per rupee.

Cuttack.—Slight rain. Weather hot and cloudy. *Dalua* (spring rice) in ear and in places maturing. Outturn of mustard estimated to be 14 annas. Condition of cattle generally good. Fodder sufficient. Common rice sells at—

		Srs.	c.	
Cuttack	... ...	23	0	per rupee.
Jajpur	... ...	30	4	
Kendrapara	... ...	28	0	
Banki	... ...	29	9	

Hazaribagh.—Rainfall nil. Weather warm and dry. Rain wanted for standing crops. Scanty yield of poppy. *Mahua* in blossom. Price of common rice 14 seers per rupee.

General Summary.—There was rain over Eastern Bengal and Orissa and in some parts of Southern Bengal during the week. In Pabna and Dacca it is reported to have done much good to standing crops. Elsewhere no rain is reported, but it is much needed both for the crops in the ground and for the preparation of lands for the *bhadoi* crops. The *rabi* crops are being gathered and the collection of opium is going on. In Bihar a fair outturn of opium is expected, but in Hazaribagh the yield is reported to be small. Indigo is doing well in Midnapore and Murshidabad, and mulberry also in the latter. Cattle are generally in good condition, but in Midnapore and Bhagalpur there is scarcity of fodder in parts, and some cattle-disease is reported. Want of drinking water is beginning to be felt in parts of the Burdwan, Midnapore, 24-Parganas and Khulna districts. The price of common rice continues steady.

By order of the Lieutenant-Governor of Bengal,

REVENUE DEPARTMENT,
The 17th March, 1896.

C. W. BOLTON,
Secretary to the Government of Bengal.

I.

The following Statement shows the Quantities of the Principal Staples of Traffic imported into Calcutta from the Interior by Rail, Road, River (Country-boat and Steamer), and Canal during the month of November 1895.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF FEBRUARY 1896.

THE most important features in the meteorology of Bengal and Assam in February have been—

1. The mean pressure of the month has been below the normal over the whole province, the defect ranging from 0·05″ in the extreme west of the province at Buxar to about 0·02″ at the stations of Sibsagar and Silchar in Assam. At the great majority of stations the defect has been from 0·03″ to 0·04.″

2. The average day or maximum temperatures have been above the normal except in Assam and at Cuttagong. The excess has been largest in the extreme west of the province, where it has been from 5° to 6,° and over a large part of the remainder it has been equal to 3° and 4.° The night or minimum temperatures have also been usually in excess by from about 1° to 3.° The mean temperature of the whole province for the month has therefore been in excess by about 2° to 4.°

3. In the case of humidity, the air has been much drier than usual at almost all stations in Bengal, but in Assam, on the other hand, the atmosphere has been rather damper than usual. Cloud proportion has also been slightly below the normal in Bengal and in slight excess in Assam.

4. Winds have been strongly westerly at all except a few of the extreme eastern and north-eastern stations, and they have usually been only light in force.

5. The barometric depressions originating in or coming from North Western India towards Bengal have been rather numerous, but not very important in character. They have usually given waves of high temperature and humidity, which have lasted for several days, but otherwise have scarcely affected the weather over the province, except in one or two instances Hence the weather in February has been generally fine for the greater part of the period.

6. The rainfall for the month has been in defect in all districts except East Bengal, where the fall has been about normal. Practically little or no rain has been received in Orissa, Bihar, Chota Nagpur, and North Bengal. South-West Bengal has averaged only a fifth of an inch, while rather more than an inch has been received in East Bengal.

During the last day or two of January a barometric depression had appeared over North-Western India, and had advanced eastwards, and on the 1st of February a distinct, though feeble, barometric depression covered the eastern part of the Gangetic plain, and was therefore advancing towards Bengal. On the 2nd instant pressure had fallen briskly to rapidly over Bengal, and a distinct barometric depression existed over this area. Temperature also rose rapidly, and the night temperatures became in excess by amounts ranging up to nearly 10° at several stations; cloud proportion and humidity also increased rapidly, winds became variable in direction, and light showers were reported at Darjeeling and Sibsagar. On the 3rd pressure was still in considerable defect, and light variable winds with rather high temperature and humidity still obtained. Light showers on this day were also reported in South-East Bengal and at Darjeeling and Silchar. On the 4th conditions remained practically unaltered, but on the 5th pressure had increased rapidly over Bengal, the depression had disappeared, and pressure had become in excess. Skies at once began to clear, though some light local showers were still reported, and a considerable decrease in humidity occurred. Temperature also began to fall rapidly at the western stations. Though the depression had thus passed away from Bengal on this day, yet another depression had appeared over North-West India. On the 6th pressure was falling slowly to briskly in Bengal, while a rather rapid fall of temperature had occurred. The depression in North-Western India had advanced eastwards, and had become deeper, but it was not on this day affecting Bengal. On the 7th instant, however, the area of largest defective pressure was rapidly transferred to Bengal, where at Burdwan a defect of 0·14″ was recorded. This depression again caused a very rapid increase of temperature and humidity over Bengal, while cloud proportion also increased quickly, though very little rain fell. On the 8th the depression began to pass away in an easterly direction, as pressure was falling in South-East Bengal and rising elsewhere, the increase in the west of the province being brisk. North-westerly winds also began to set in at all except the eastern stations. Humidity and temperature, however, still remained high, and the mean temperature recorded at 8 A.M. on the 8th instant was usually about 5° to 8° in excess of the normal. On the 9th, an extremely rapid rise of pressure occurred, the increase at some stations equalling about an eighth of an inch, and the barometric depression over Bengal practically entirely filled up. This was accompanied by a moderate fall of temperature and a rapid reduction in humidity. Skies also cleared generally, and no rain had fallen, and north-east monsoon winds set in over the whole province. This improvement in the weather was, however, temporary only, for on the 10th pressure was falling slowly to briskly over the province, and it became relatively low in North Bihar. On the 11th pressure again fell over a large part of the province, and it became in decided defect, though no barometric depression can be said to have formed. On the 12th a further brisk fall of pressure occurred over Bengal, and a distinct but rather diffused barometric depression was formed over the province, the defect ranging up to more than 0·15″ at some of the south-western stations. With the formation

of the depression winds became southerly at the head of the Bay, bringing up considerable amounts of moisture to the province, while a rapid increase of temperature occurred. Cloud proportion also increased considerably, and the depression gave a series of small local storms with rain on the evening of the 12th, the rainfall being reported on the morning of the 13th, when a very large number of stations, except those in Bihar, Orissa, and Chota Nagpur, registered light rain. On the 13th, the depression had passed over the head of the Bay, and pressure was rising at the western stations, though it was still falling elsewhere. Winds, however, began to be more normal, except at the South Bengal stations, where they showed the influence of the depression in the Bay. The depression having continued to move away in a south-easterly or easterly direction, the cool wave of air in the rear of the depression began to affect Bengal from the 14th, on which day a fall in the mean temperature, ranging up to 7° and 8° at some stations, occurred. Humidity also fell rapidly at most stations, and north-east monsoon winds again prevailed. The rise of pressure in the rear of the depression at many stations also exceeded a tenth of an inch. On the 15th ordinary north-east monsoon weather again obtained.

On the 16th, a brisk to rapid fall of pressure occurred over Bengal and the Gangetic plain, and pressure became in defect by amounts ranging up to 0·12″ at Bankipore A barometric depression had thus commenced to form, and this was at once accompanied by a rapid increase of temperature, ranging up to 4°, 5°, and 6° at some stations, while humidity also became high. On the 17th a further brisk fall of pressure occurred, and it became in defect by about 0·15.″ A rise in the mean temperature, in some cases amounting to 8°, occurred on this day, and at some stations the night temperatures were 10° and 12° in excess of the normal, while humidity was also extremely high. On the 18th the centre of the barometric depression had passed south-eastwards, and was over the head of the Bay. The changes of pressure on this day were not large, but behind the depression temperature as usual began to fall, and there was also a very rapid decrease in humidity. On the 19th the small barometric depression still existed in the north-east angle of the Bay, and it had given distinctly disturbed weather in South-East Bengal, where many showers fell, and where Chittagong had received the remarkably heavy rainfall of 9·25 inches. Pressure was, however, generally rising, and it was clear the depression was filling up. Over Bengal generally temperature was falling, while humidity was also decidedly low. On the 20th the depression continued to exist near Chittagong, but weather was not so disturbed as it had been. Temperature and humidity had again fallen, and in certain districts the air became unusually dry, and at Calcutta at 10 A.M. on this date the amount of moisture in the atmosphere was only 24 per cent. of the posible saturation. On the 21st pressure was increasing briskly over Bengal, though the depression could be still traced in a feeble form, but on this day the cool wave of air following after the depression swept fully over Bengal, and a fall in the mean temperature, in some cases ranging up to 7°, occurred, while humidity also continued low. On the 22nd, or the last day of the week, the pressure changes were usually small, but the depression had quite disappeared and weather was fine and settled. The north-east monsoon winds in Bengal were, however, being partly replaced by southerly winds, which were beginning to give increasing temperature and humidity at the southern stations. On the 23rd, pressure was rising slowly to moderately, and a brisk increase of temperature was also occurring, while winds were rather irregular in direction. A deep barometric depression had, however, on this day appeared over the Indus Valley with a centre near Jacobabad. On the 24th this depression was still in existence, and a second independent depression appeared over the south of the Punjab. A brisk to rapid increase of pressure had occurred over Bengal, while temperature also increased moderately, and again rather irregular winds prevailed over the province. On the 25th and 26th conditions still remained disturbed over North-Western India, while pressure fell moderately in Bengal, the fall being accompanied by a further rise of temperature. Hence on the 26th pressure again became relatively low in Bengal, though it can scarcely be said that any barometric depression existed. A further slight to brisk decrease of pressure occurred over Bengal and Assam on the 27th, and a distinct low pressure area formed over North Bengal. A further moderate increase of temperature also occurred, and at several stations the mean temperature recorded was about 10° in excess of the normal, but at this time humidity was generally low. Again on the 28th pressure fell moderately over Bengal, and a further increase in temperature was recorded, and many of the temperatures reported for the 24 hours ending 8 A.M. of the 28th were 10° and 12° in excess of the normal. Thus at the following typical stations in different districts in Bengal the maximum temperatures on the afternoon of the 27th were from about 10° to 12° in excess:—Barisal, Jessore, Mymensingh, Calcutta, Balasore, Burdwan, Berhampore, Darjeeling, Bogra, Purnea, Darbhanga, Patna, Ranchi, and Chaibassa, showing that the abnormal heat wave was very widespread. At Calcutta, at the Chowringhee Observatory, on the afternoon of the 27th, a maximum temperature of 100·6° was registered and at the Alipore Observatory one of 98·4°. During the last eighteen years, since the Alipore Observatory was first started, the highest maximum temperature recorded in February has hitherto been only 91·7°, and hence the temperature this year has exceeded the previous record in February by nearly 7°. On the 29th, pressure continued to fall slowly, and it was usually in small to moderate defect, the defect being considerable in North Bengal. Temperature was, however, falling, and the abnormal heat wave was not so strongly pronounced as on the 28th. Conditions, therefore, for a great part of February were more or less abnormal in character.

Pressure.—The average pressure for the first week of the month was in defect by from 0·03″ to 0·06″; in the second week the average defect was 0·04″ to 0·06″, and in the third week the defect had again increased and equalled from 0·08″ to 0·10″. At the close of the month, however, the pressure conditions were reversed, and for the last week an excess was recorded, the excess ranging from 0·02″ in North Bengal to 0·06″ in Chota Nagpur. Pressure for the month has therefore been in defect by amounts which have equalled 0·05″ at the extreme western stations, and about 0·02″ in South-East Bengal.

Temperature.—There has been a large excess in the day or maximum temperatures in February, and a small to moderate excess in the night temperatures. The mean average temperature of the whole province for the month has been in excess by about 3°. In Assam, on the other hand, temperature has been almost normal.

The following table shows the variation of the average maximum, minimum and mean temperature, week by week, during February at nine typical stations in different districts of the province from the normal values for the same period, and will show the rather large variations that have occurred :—

Stations.	Week ending 8th February 1896.			Week ending 15th February 1896.			Week ending 22nd February 1896.			Week ending 29th February 1896.

Rainfall.—East Bengal has received an average fall of 1·13 inches and South-West Bengal one of 0·19 inch. Elsewhere there has been practically no rain in February. Hence the fall in East Bengal has been in slight but decided excess above the normal for the month, but the falls have been in defect elsewhere. The most important average district falls have been—Chittagong 5·28 inches, South Lushai Hills 3·42 inches, Noakhali 2 inches, and Backergunge 1 inch, while falls of about half to a quarter of an inch have fallen in Dacca, Mymensingh, Faridpur, Burdwan, Nadia, Jessore, and Tippera.

In Assam, Silchar has received 6·60 inches of rain in February, while Sibsagar has recorded 1·85 inches, but practically there has been no rainfall at Dhubri.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the month of February 1896 :—

Meteorological Divisions.	Temperature.						Rainfall.							
			Averages for month.				Of month.			Rainy days.			Since 16th October 1895.

The total fall from 1st January to 14th March 1896		0·20
The average fall of the corresponding period for 24 years, Surveyor-General's Office		2·29

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h. and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏, dew; K, thunderstorm; d, drizzling rain; o, overcast; t, thunder; <, lightning.

C. LITTLE,
For Meteorological Reporter to the Govt. of India.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical averages or means of the reading during the same period for the The *humidity* of the atmosphere is expressed as percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The mean is the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional stations for the period in question station in the district sending in return divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 14th of March 1896.

Variation from normal mean.	Mean 8 A.M. temperature.	Average humidity at 8 A.M.	Average cloud amount at 8 A.M.	Rainfall of week at observing station.	DISTRICT OBSERVATIONS. OF WEEK. * Mean of 6 days. † Mean of 5 days.

Variations are negative when the mean of the week is less than the corresponding normal mean, and positive when greater.

Under the head District observation of rainfall the normal numbers denoting cloud amount represent the part of the sky covered, the whole sky being denoted by 10. Under the head District rainfall the normal are ten years. The variations are negative when the mean of the week is less than the corresponding normal mean, and positive when greater. during the past ten years. The means of the districts are the statistical average of the rainfall returns received in the districts, i.e., from total rainfall at the subdivisions

Statement of Rainfall in Bengal for the week ending Saturday (8 a.m.), the 14th of March 1896.

Meteorological division.	Division.	District.	Station.	Rainfall. Sunday, 8th.	Monday, 9th.	Tuesday, 10th.	Wednesday, 11th.	Thursday, 12th.	Friday, 13th.	Saturday, 14th.	Total number of rainy days. Explanation.—... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rain fall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·10 inch of rain has fallen.

CALCUTTA, *the 17th March 1896.*

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 14TH OF MARCH 1896.

AT the close of the previous week the distribution of pressure over Northern India was somewhat irregular, and very considerably defective pressure prevailed over Bengal and the Gangetic plain, but up to Saturday weather remained fine. On the 8th, or the first day of the week under review, the pressure changes over Bengal were small, and the area of defective pressure still continued strongly pronounced, and into this low pressure area strong moist southerly winds were blowing from the head of the Bay. This was causing a certain amount of interaction between the hot, dry north-westerly winds blowing in the interior of the province and the moist winds blowing from the Bay, and as the usual result of such interaction, a series of small local storms or nor'-westers occurred, and on the 8th several local rain showers were reported from various stations. On the 9th and 10th pressure had fallen slowly at almost all stations, and it became in defect by amounts ranging up to 0·15" in the north of the province, and hence a distinct barometric depressure had formed over Bengal. Rather strong moist southerly winds continued to flow into the province, giving a considerable amount of interaction between the opposing wind systems, followed as usual by the formation of local storms, and a good many stations again reported showers of rain on the 10th and morning of the 11th. On the 11th, the depression over Bengal still existed, but as pressure was rising, it was less pronounced than before, but again a few local storms with rain occurred. On the 12th, conditions were rather less disturbed, and fine settled weather began to set in, but on the 13th a rapid fall of pressure occurred, and conditions were again disturbed, and even up to the close of the week a few local storms with rain continued to occur, though the amounts of rain brought by them were usually small. At the close of the week pressure was still slightly to moderately in defect of the normal, while temperature was in excess by from about 2° to 4°. A fairly steady north-westerly and westerly wind current was, however, beginning to flow over the greater part of the province on the 14th, which was giving almost cloudless skies with low humidity at all except a few of the stations in the east and south-east of the province.

Pressure.—The mean pressure for the week has been in considerable defect of the normal at all stations, the usual defect being from 0·07" to 0·09".

Temperature—Has again been largely above the normal, the excess in the average mean temperature for the whole province having equalled almost 5°; while in such divisions as North Bengal, Bihar, and Chota Nagpur, the excess has been more than 5°.

The actual average temperature registered in the province during the week and the variations from their normal values are, however, best seen in the table below, where the average temperature data for nine selected stations in different districts of the province are given:—

Table showing the excess or defect of the actual mean temperature from the normal for the week ending Saturday, the 14th March 1896.

	Normal mean maximum temperature for the week ending 14th March.	Actual mean maximum temperature for the week ending 14th March 1896.	Variation of actual mean from the normal.	Normal mean minimum temperature for the week ending 14th March.	Actual mean minimum temperature for the week ending 14th March 1896.	Variation of actual mean from the normal. Darjeeling	53·7	60·5	+6·8	41·3	43·5	+2·2	48·5	52·1	+3·6

Rainfall.—East Bengal has received an average rainfall of nearly an inch, and South-West Bengal and Orissa falls of about a fifth of an inch. In other divisions the falls have been unimportant. In the case of the smaller districts the heaviest falls have occurred in Hooghly, Jessore, Dacca, Faridpur, Tippera, and South Lushai Hills.

The following table gives the summary of the temperature and rainfall data of each of the six meteorological divisions of the province for the week ending Saturday, the 14th of March 1896 :—

Meteorological Divisions.	Temperature.						Rainfall.									
	Highest observed during week.	Lowest observed during week.	Averages for week.			Average mean of week above or below normal mean of week.	Of week.			Rainy days.			Since 1st of month.		Since 16th October 1895.

H. J. S. COTTON,
Chief Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 24th March 1896.

No. 67.—Mr. A. Hayes, Executive Engineer and Inspector of Works, Central Circle, is granted eight months' leave on medical certificate out of India, under Article 367 of the Civil Service Regulations, with effect from the 1st April 1896, or such subsequent date as he may avail himself of it.

LOCAL COMMUNICATIONS.

The 24th March 1896.

No. 71.—Declaration.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for making a diversion of the District Board road from Noakhali to Feni at its 2nd mile, at the expense of the said District Board of Noakhali, in the village of Dhoomohar, pargana Bhuluah, zilla Noakhali, it is hereby declared that for the above purpose a piece of land measuring, more or less, 3 bighas 1⁸ cottahs and 7 chittaks of standard measurement, bounded on the north by the District Board ditch and by the lands of Islam, Tuka Meah, Mohomed Ali Chaprasi, Emarath Ali Chaukidar, Jan Mohamed, and Islam, 2nd; on the west by the District Board road; on the south by the District Board road and by the lands of Islam, Tuka Meah, Mohomed Ali Chaprasi, Emarath Ali Chaukidar, Jan Mohamed, and Islam, 2nd; and on the east by the District Board road, is required within the aforesaid village of Dhoomohar.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

MIS. PUB. IMPTS.

The 24th March 1896.

No. 66.—In exercise of the powers conferred by section 4 (1) of the Calcutta Electric Lighting Act, 1895, the Lieutenant-Governor of Bengal is pleased to make the following rules with respect to applications for licenses:—

Rules.

I.—No application for a license can be entertained by the Local Government unless proof of the consent of the local authority to such application is given. Such approval or consent must be given by a resolution passed at a meeting of the local authority held after one month's previous notice of the same, and of the purpose thereof, has been given in the manner in which notices of meetings of such local authority are usually given, and the fact that such a resolution was duly passed must be proved by furnishing a certificate signed by the Chairman or Vice-Chairman of such local authority, embodying copies of the notice and of the resolution, and certifying that the notice was duly given and the resolution duly passed. Provided that if the local authority withhold its consent, it shall be open to the applicants to move the Local Government under the proviso to section 3 (1) of the Act to grant the license, if satisfied that the local authority had not sufficient cause for such refusal.

Mode of giving and proving consent of local authority.

II.—Every application for a license must be made by memorial signed by, or on behalf of, the applicants, and addressed to the Secretary to the Government of Bengal, Public Works Department. Such application should be headed by a short title descriptive of the proposed undertaking, and be accompanied by—

Applications for licenses.

(1) Six copies of the draft license as proposed by the applicants, with the schedule or schedules (if any) referred to therein.

NOTE.—A model form of license which has been prepared by Government can be obtained on application to the Secretary to the Government of Bengal in the Public Works Department.

(2) A copy of the map of the district or town published by the Survey Department on a scale of not less than four inches to a mile, or in the case of the Calcutta Municipality, a copy of the map prepared by the Survey Department at the most recent survey, showing the boundaries of the proposed area of supply, and the streets and other places in, over, or along which it is proposed to place any electric lines or other works. A copy of the said map is also to be deposited for public inspection at the office of the applicants or of the agents on their behalf, and of the local authority of the proposed area.

(3) A statement describing the lands, if any, which the applicants propose to acquire for the purposes of the license.

(4) A list of the local authorities, if any, in whose districts the area of supply is situate.

(5) A list of the streets repairable—(*a*) by the Local Government, (*b*) by a local authority, (*c*) by any private owner, and of railways and tramways (if any) which the applicants propose to take powers to break up.

(6) A list of the canals and navigable rivers (if any) which the undertakers will be empowered under the license to cross.

(7) A statement of the capital proposed to be expended and employed in connection with the undertaking, and the mode in which such capital is to be provided.

(8) If the applicants are a company incorporated under the provisions of the Indian Companies Act, 1882, a copy of the memorandum and articles of association.

Printed copies of the draft license.

The applicants will also be required to deposit a sufficient number of copies of the draft license at their own offices or of the agents on their behalf and at the office of the local authority of the proposed area of supply, such copies to be there furnished to all persons applying for them, at a price of not more than one rupee each.

Form of the draft license.

III.—The draft license must be in print, printed on one side only of the paper, and each schedule annexed must begin a new page.

The names and addresses of the applicants for the license must be printed on the outside of the draft.

Contents of the draft license.

IV.—The draft license must supply the following particulars:—

(*i*) Address and description of the applicants.

(*ii*) A description of the proposed area of supply.

(*iii*) A statement of the purposes for which a supply is to be given.

(*iv*) A general description of the proposed works.

(*v*) Provisions concerning the breaking up of streets not repairable by the Local Government or by a local authority, and concerning interference with railways and tramways, where powers are sought to be obtained by the license order for those purposes.

(*vi*) Conditions of supply, including price, nature, and amount of supply, obligation to supply, &c.

(*vii*) Period for which concession is sought.

(*viii*) Provisions for securing the safety of the consumer and of the public from injury by shock, fire or otherwise.

(*ix*) Provisions for enforcing the performance by the undertakers of their duties in relation to the supply of electricity, and for the revocation of the license where the undertakers fail to perform such duties.

Advertisement of application and contents thereof.

V.—Applicants for a license must, within a week's time from the submission to Government of the application under Rule II, publish notice of their application by public advertisement, accompanied by the following particulars:—

(*a*) The objects of the application.

(*b*) Address and description of applicants.

(*c*) A general description of the nature of the proposed works.

(*d*) A description of the proposed area of supply.

(*e*) The names of the streets and other places in, over, or along which it is proposed to place any electric lines or other works.

(*f*) A list of the streets repairable—(*a*) by the Local Government, (*b*) by a local authority, (*c*) by any private person and of the railways and tramways (if any) which the applicants propose to take powers by the license to break up.

(*g*) A list of the canals and navigable rivers which the applicants will be empowered under the license to cross.

(*h*) The office of the applicants or of the agents on their behalf, and of the local authority of the proposed area of supply at which printed copies of the draft license applied for, and of the license when granted, can be obtained at a price of not more than one rupee each.

The advertisement is to be headed by a short title descriptive of the undertaking, and it must state that every local or other public authority, company, or person desirous of making any representation to the Local Government, or of bringing before them any objection respecting the application, may do so by letter addressed to the Secretary to the Government of Bengal, Public Works Department, within two months of the date of issue of the newspaper containing the first advertisement.

The advertisement is to be inserted once at least in each of two successive weeks in one and the same newspaper, published and circulated in the proposed area of supply, or in such other newspaper as the Local Government may direct; and once at least in the *Calcutta Gazette*.

Local enquiries.

VI.—In all cases of applications for a license or renewal of a license, to which objection is made by any person locally interested, the Local Government will, if either the applicants or the objectors so desire, hold a local enquiry, of which due notice will be given.

Payment of cost of enquiries.

VII.—If in consequence of enquiries or otherwise any expense is incurred by the Local Government, the amount will be charged to the applicants, and must be paid by them before a license can be granted.

VIII.—If any local or other public authority, company, or person desires to have any clauses or other amendments inserted in the license, they must deliver the same to the applicants, and also to the Local Government on or before the time limited for bringing objections.

Clauses or amendments.

IX.—When a license has been granted by the Local Government and delivered to the applicants, they shall forthwith deposit printed copies for public inspection in the offices specified in rule V (*h*), and shall supply copies to all persons applying for the same, and shall further publish the same as the Local Government may direct.

Copies of license for public inspection.

J. G. H. GLASS,
Secy. to the Govt. of Bengal.

ESTABLISHMENT.

The 21st March 1896.

No. 64.—Mr. T. M. L. Thompson, Executive Engineer, Northern Drainage and Embankment Division, is granted furlough for 22 months, under Article 371(*b*) of the Civil Service Regulations, with effect from the 24th April 1896, or such subsequent date as he may avail himself of it.

No. 65.—Rai Bahadur Bama Churn Pramanic, Sub-Engineer, 1st grade, and Honorary Assistant Engineer, is appointed to officiate as Executive Engineer, Northern Drainage and Embankment Division, during the absence of Mr. T. M. L. Thompson, on furlough, or until further orders.

The 24th March 1896.

No. 68.—With reference to this Department Notification No. 19, dated the 28th January 1896, Mr. C. W. Sibold, Assistant Engineer, is posted to the Buxar Division, which he joined on the afternoon of the 13th March 1896.

Babu Kiran Chandra Banerjea, B.A., Sub-Inspector of Schools, Calcutta, acted as Deputy Inspector of Schools, Calcutta, during the absence, on leave, of Babu Ishan Chandra Ghosh.

A. CROFT,
Director of Public Instruction, Bengal.

EDUCATIONAL PROSPECTUS.

THE Calcutta Medical College Session, 1896-97, will commence on the 15th June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M and 4 P M. on or before 1st June.

Students are expected to enter formally and commence attendance at the College upon the date named.

2. No person shall be enrolled as a matriculated student who has not previously passed the First Arts examination of the Calcutta or an Indian University, or a preliminary Arts examination of the United Kingdom recognized by the British General Medical Council.

3. All matriculated students of the College shall pay Rs. 15 on entrance, Rs. 35 for the summer session on the 1st June, and Rs. 35 for the winter session on 1st November of each year. Rupees 6 extra will be required from each student for each course of dissections. Fees once paid cannot be refunded.

Muhammadan students are required to pay Rs. 15 on entrance and half-fee, *i.e.*, Rs. 17-8 per session. The remaining half-fees are charged to the Mohsin Fund.

4. No free presentations will be awarded at the beginning of the session, but the fees shall be refunded to the ten students who pass highest in all subjects at the end of their first year of study.

5. Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject in one year ...	40
For six months' attendance in each department of hospital practice	60

6. Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student the amount which would have been paid by him had he been a paying student, shall be deducted.

7. Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice, may do so with the permission of the Principal and Professor of the subject on payment, in advance, of fees at the rates fixed in paragraph 5. If he has passed the Entrance Examination of the University, he shall receive certificates of attendance at lectures. If he has not passed the Entrance examination, he shall receive no class certificates.

8. At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry, and Botany. Those who gain not less than 20 per cent. in two subjects, and not less than 15 per cent in a third, will be eligible for promotion to the second-year class. Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first-year class again.

9. Students of the second-year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica. Those who pass the examination with 20 per cent. in two subjects and 15 per cent. in a third will be entitled to go up in the following March or April for the Preliminary Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third-year class, at the end of which the former will have to present themselves, as at present, for the combined Preliminary Scientific and 1st L.M.S. (or 1st M.B.) Examination.

10. Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over ; but whether they pass or fail at the University Examination, they will be relegated for a further year to the second-year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11. Students of the third year will present themselves for the 1st L.M.S. or 1st M.B. Examination of the Calcutta University Those who fail at this examination will be relegated for a further year to the third-year class.

12. Students of the first, second, or third-year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to readmission.

13. Students of the fourth-year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence. Those who pass the examination with 20 per cent. of the marks in three subjects and 15 per cent. in a fourth will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth-year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical ; but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject.

14. Students who fail at the 2nd L.M.S. or 2nd M.B. Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University.

15. The Principal will determine the maximum number that may be admitted to the first-year class. Students who have failed at the test examination of the first year will have a prior claim to readmission over new students.

16. Students readmitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs. 40 for one subject, Rs. 60 for two, and Rs. 70 for three Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal.

17. College prizes and certificates of honour are open for competition to matriculated students of the College, military medical pupil, and female certificate classes. College scholarships (*vide* paragraph 9) are awarded only to matriculated students of the College.

18. Junior scholarships of Rs. 8 per mensem and free tuition for one year are annually awarded to ten students of the second year, on the results of the Test and Honour examinations at the end of the first year.

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the results of the Test and Honour examinations at the end of their second year, provided they have passed either the Preliminary Scientific L. M. S. or M. B. examination.

Ten senior scholarships of Rs. 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour examinations at the end of their third year, provided they have passed either the 1st L. M. S. or 1st M. B. examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour examinations at the end of his fourth year. In the event of any scholarship being forfeited under this condition, it may be awarded for one year to any student of the fifth year who has fulfilled the conditions and is not the holder of any scholarship. These scholarships shall not be awarded to students who have gained the Durga Charan Laha scholarship of Rs. 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19. The Goodeve scholarship of Rs. 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee scholarship of Rs. 17 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good, in histology at the end of the fourth year. The examination takes place in June each year.

The Abdul Gunny scholarship of Rs. 23 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year, inclusive The award is made in May.

The Duke of Edinburgh's prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth years. The examination takes place in December or January.

The Bhola Nath Bose's prize of Rs. 40 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease, in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour examinations.

The Goodeve and Macnamara silver medals are awarded to the best of the first-year native students in anatomy and chemistry respectively, on the result of the Test and Honour examinations.

A prize in Clinical Medicine is awarded annually to the best clinical clerk of the fourth and fifth-year matriculated students. This examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson silver medal is annually awarded to the best Muhammadan student who passes the final L. M. S. or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson prize of Rs. 50 is awarded to the lady-student who obtains the highest number of marks at the final examination.

No student shall be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20. College scholars who receive less than Rs. 20 per mensem are not required to pay Rs. 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

22 The class assistants to the Professors of Pathology and Comparative Anatomy will each receive a salary of Rs. 10 monthly.

23. COURSE OF STUDY FOR MATRICULATED STUDENTS.

1st year.

Descriptive and Surgical Anatomy.

Bareilly.	Kasauli.	

26. Candidates must be of European or Eurasian parentage, between 16 and 19 years of age, of healthy constitution, physically fit for military service, and of good character. They will be required to produce certificates showing that they possess those qualifications.

27. They will undergo a training in the Calcutta Medical College for four years at Government expense, after which period, if reported qualified, they will be gazetted into the Subordinate Medical Department and transferred to a military hospital for duty.

28. A student who expresses his wish to abandon his studies on the completion of the course, or who fails to pass the periodical College examinations, or who misconducts himself, will be removed, and all certificates to which he would otherwise have been entitled will be withheld. A student who, after finishing his course, declines to be attested will be similarly treated.

29. COURSE OF STUDY FOR MILITARY MEDICAL PUPILS.

1st year.

Anatomy—Descriptive and Surgical.
General Anatomy and Physiology.
Materia Medica.
Chemistry (30 elementary lectures).
Dissections.
Outdoor Dispensaries, Medical and Surgical—three months each.
Compounding Dispensary—six months.

2nd year.

Anatomy—Descriptive and Surgical.
General Anatomy and Physiology.
Materia Medica.
Chemistry (full course).
Dissections.
Hospital practice—eight months.
Compounding Dispensary—four months.

Examinations (final) in Anatomy, Physiology, Materia Medica, and Chemistry.

3rd year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery.
Hygiene.
Pathology.
Hospital practice—one year.
Post-mortem cases—six each.

Examinations in Hygiene and Pathology.

4th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery. Clinical.
Medical Jurisprudence.
Labour cases—six each.
Hospital wards—six months.
Ophthalmic wards and lectures—three months.
Dental dispensary and lectures— ditto.

Examinations (final) in Medicine, Surgery, Midwifery, Jurisprudence, Ophthalmic Medicine, and Dentistry.

30. *Rules for the conduct of periodical examinations.*

(1) *Test* examinations at the end of the—

1st year.

(*a*) Military pupils who obtain less than 10 per cent. of marks in one subject to be "warned" and informed that failure in the same subject at the end of the second year will entail liability to removal from College.

(*b*) Pupils who fail as above in two subjects will lose 200 conduct marks for idleness and will be re-examined two weeks before the commencement of the next session. Failure then in obtaining 15 per cent. of marks in either of the subjects will entail liability to removal.

(*c*) Pupils who fail to get 10 per cent. as above in three subjects will be removed from the College as being unlikely to succeed eventually.

(2) *Pass* examinations at the end of the—

2nd year.

(*a*) Military pupils who obtain less than 20 per cent. of marks in one subject will, if practicable, attend lectures on this subject, and be re-examined at the end of the next session. Failure again in the same subject will render pupils liable to removal.

(*b*) Pupils who fail in two subjects will lose 200 conduct marks for idleness, and will, if practicable, attend lectures on these subjects, and be re-examined at the end of the next session. Failure in either subject will entail liability to removal.

(*c*) Pupils who fail to attain the standard in three subjects will be removed from the College.

(3) *Pass* and *Test* examinations at the end of the—

3rd year.

(*a*) Pupils who fail to obtain 20 per cent. of marks in either or both of the *final* subjects for the third year (viz., Hygiene and Pathology) will lose 200 conduct marks, and be re-examined at the end of the next session.

(*b*) Pupils who do not obtain 10 per cent. of marks in any of the *test* examinations (the other subjects) will lose 200 conduct marks for idleness for each subject in which he so fails.

(4) *Pass* examinations at the end of the—

4th year.

(*a*) Pupils who obtain less than 20 per cent. of marks in all subjects of their final examination will be liable to removal from the College. Such pupils will, however, be allowed to remain for a further period (to be fixed by the Principal in each case) in the College to continue their studies *at their own expense.*

31. FEMALE CERTIFICATE CLASS.

Lady-students must be over 17 years of age before commencing their studies.

They must have passed the Entrance examination of the Calcutta University or an examination officially recognized by that University as equivalent to the Entrance examination. (The certificate of matriculation of the Melbourne University will be accepted.)

New students are expected, at latest, to enter formally and commence attendance at the College when the session opens on 15th June.

The duration of the course will be four years.

Tuition will be free.

32. Students, preferably native ladies, may reside in the Sornomoyo Hostel. Applications for residence to be made to the Lady Superintendent of the Hostel, or to the Secretary to the Countess of Dufferin Branch Committee.

33. The following is the curriculum :—

1st year.

Anatomy.
Materia Medica.
Dissections.
Chemistry (30 elementary lectures).
Compounding (six months).
Test examinations in Anatomy, Materia Medica, and Chemistry.

2nd year.

Anatomy.
Physiology (elementary).
Materia Medica.
Chemistry (full course).
Dissections.
Attendance at six *post-mortem* examinations.
Hospital attendance (including outdoor departments) —twelve months.
Pass examinations in Anatomy, Materia Medica, and Chemistry.

3rd year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Medical Jurisprudence (demonstrations).
Midwifery (with attendance at three labour cases).
Pathology (with attendance at six *post-mortems*).
Physiology.
Hospital attendance (of which three months in the Ophthalmic wards).
Pass examinations in Pathology, Physiology, and Medical Jurisprudence.

4th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery (including six labour cases).
Hospital practice (of which six months in the Medical and Surgical wards, *minus* 18 attendances at the Dental Dispensary ; and six months exclusively in the Midwifery wards, when the students are to take regular tours of duty, night and day, assisting the regular work of the hospital).
Dentistry (optional).
Pass examinations in Medicine, Surgery, and Midwifery.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise Medicine, Surgery, and Midwifery. A fee of Rs. 10 is charged for each certificate.

34. The following rules will be observed in regulating advancement from class to class:—

(1) *Test examination at the end of the first year.*—If a student obtains less than 10 per cent. of the marks in any two out of three subjects of examination, she shall not be allowed to continue in the College.

(2) *Pass examinations at the end of the second and third years.*—In order to pass, a student must gain 33 per cent. in each subject of examination. If a student fails in any two of the three subjects, or, failing in one subject only, if she gains less than 25 per cent. in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent. or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) *Pass examination at the end of the fourth year.*—The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent. in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

35. Female students who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn midwifery. These will receive Rs. 20 per mensem. After a year's tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery. The fee for each certificate is Rs. 5.

36. Female students who have not passed the Entrance or its equivalents, but who read and write Bengali, can be admitted in the Eden Hospital as pupil *dais*. Of these, eight will receive Rs. 6 per mensem and the rest will be taught free. After 12 months' tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery.

37. All certificates are to be registered in the Principal's office.

MEDICAL COLLEGE OFFICE,
Calcutta, 12th February 1896.

G. BOMFORD, M.D.,
Principal, Medical College.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATION.

No. 1110M.—The 17th March 1896.—It is hereby notified for general information that, on the application of the Commissioners of the Sahebganj Municipality, in the district of the Sonthal Parganas, the Lieutenant-Governor intends to declare that the provisions of section 3, Act XX of 1887, with respect to wild birds, shall apply, as regards the rules framed by the Municipal Commissioners, to hares.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1111M.—The 17th March 1896.—It is hereby notified for general information that, on the application of the Commissioners of the Deoghur Municipality, in the district of the Sonthal Parganas, the Lieutenant-Governor intends to declare that the provisions of section 3, Act XX of 1887, with respect to wild birds, shall apply, as regards the rules framed by the Municipal Commissioners, to hares.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1112M.—The 17th March 1896.—It is hereby notified for general information that the Lieutenant-Governor intends to confirm, under clause 4, section 3 of Act XX of 1887, the following rules framed by the Commissioners of the Sahebganj Municipality, in the district of the Sonthal Parganas, under section 3 of the Act, for the protection of wild birds and game within the limits of the above Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the said Municipality:—

Rules.

1. "Wild birds," for the purposes of these rules, shall include jungle-fowl, pea-fowl, pheasants, partridges, plover, jays, doves, egrets, golden oriel, green fly-catchers, but does not include domesticated pea-fowl.

2. "Hare" also shall be included under the provisions of section 3, Act XX of 1887, and the following rules will apply to that animal as well as to wild birds.

3. The "breeding season," for the purposes of these rules, shall extend from the 15th March to the 1st October.

4. Whoever during the breeding season has in his possession, within the limits of the Municipality of Sahebganj, any wild bird or hare recently killed or taken, or exposes for sale any such bird or animal, living or dead, shall be liable to a fine not exceeding Rs. 5 for each such bird or animal.

5. Whoever during the breeding season imports into the town the plumage of any kind of wild birds recently killed or taken, or the fur or skin of any hare recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for the plumage of every such bird, or the fur or skin of every such hare. In the case of a second conviction, the fine may extend to Rs. 10 for each such bird or animal.

6. A reward not exceeding half the fine imposed and realized under rules 4 and 5 may be granted by the adjudicating Magistrate to any person who has afforded information leading to conviction for a breach of any of the above rules.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1113M.—The 17th March 1896.—It is hereby notified for general information that the Lieutenant-Governor intends to confirm, under clause 4, section 3 of Act XX of 1887, the following rules framed by the Commissioners of the Deoghur Municipality, in the district of the Sonthal Parganas, under section 3 of the Act, for the protection of wild birds and game within the limits of the above Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the said Municipality:—

Rules.

1. "Wild birds," for the purposes of these rules, shall include jungle-fowl, pea-fowl, pheasants, partridges, plover, jays, doves, egrets, golden oriel, green fly-catchers, but does not include domesticated pea-fowl.

2. "Hare" also shall be included under the provisions of section 3, Act XX of 1887, and the following rules will apply to that animal as well as to wild birds.

3. The "breeding season," for the purposes of these rules, shall extend from the 15th March to the 1st October.

4. Whoever during the breeding season has in his possession, within the limits of the Municipality of Deoghur, any wild bird or hare recently killed or taken, or exposes for sale any such bird or animal, living or dead, shall be liable to a fine not exceeding Rs. 5 for each such bird or animal.

5. Whoever during the breeding season imports into the town the plumage of any kind of wild birds recently killed or taken, or the fur or skin of any hare recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for the plumage of every such bird, or the fur or skin of every such hare. In the case of a second conviction, the fine may extend to Rs. 10 for each such bird or animal.

6. A reward not exceeding half the fine imposed and realized under rules 4 and 5 may be granted by the adjudicating Magistrate to any person who has afforded information leading to conviction for a breach of any of the above rules.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No 1148M.—The 20th March 1896.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint the following gentlemen to be Commissioners of the Murshidabad Municipality, in the district of Murshidabad:—

Mr. E. R. Tiery. | Babu Ambica Churn Sarkar.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1210M.—The 23rd March 1896.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the powers conferred on him by section 8 of the Bengal Municipal Act III of 1884, as amended by Bengal Act IV of 1894, to declare the town of Asansol, in the district of Burdwan, to be a municipality, with effect from the 1st July 1896, unless good reasons are shown to the contrary within six weeks from the date of the publication of this notification within the aforesaid town.

The boundaries of the proposed municipality will be as follows:—

On the West.—A line drawn from the south-west corner of Upar Bandh in Budha village to the south-west corner of the Roman Catholic convent; thence to a point on the Bengal-Nagpur Railway line, one-fourth of a mile south-west of the Bengal-Nagpur Railway bridge on the Grand Trunk Road; thence along the western boundary of the railway line to the bridge; thence along the line of single telegraph wires to a point 150 yards north of the Nunia river.

On the North.—A line from the last point to the point at which the boundaries of Budha and Asansol villages meet the Nunia river; thence to the north-east boundary of the East Indian Railway Company's land.

On the East.—A line running along the eastern boundary of the Railway Company's land at the side of the tank east of the District Engineer's bungalow; thence to a point on the Grand Trunk Road, 500 yards to the last of the 137th milestone; thence to the south-east corner of Ramsagore tank in Asansol village.

On the South.—A line drawn from the south-east corner of Ramsagore tank in Asansol village to the south-west corner of Upar Bandh in Budha village.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1212L.S.-G.—The 23rd March 1896.—It is hereby notified for general information that, under clause (*b*), section 6 of the Bengal Ferries Act, I of 1885, the Lieutenant-Governor is pleased to take possession of the private ferry locally known as Pindaruch ghat, on the river Little Bagmati, in mauza Bishunpur Jiwar, pargana Pindaruch, thana Darbhanga, in the district of Darbhanga, and to declare the same to be a public ferry.

The Lieutenant-Governor is also pleased, in exercise of the power conferred on him by section 35 of the aforesaid Act, to direct that the aforesaid ferry shall be managed by the District Board of Darbhanga, and that all the proceeds of the said ferry, and all the fines levied and compensation received under the said Act in respect thereof, shall be paid into the District Fund, with effect from the date of this notification.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 1171M.—The 20th March 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Dinajpur Municipality for a public purpose, viz., for an urinal in the village of Chota Bandar, pargana Bijai Nagar, district Dinajpur, it is hereby declared that for the above purpose a piece of land measuring, more or less, 1 chitak of standard measurement is required. The land is bounded on the North by the Garu Hati public drain; on the East by Kundoli Kanta Kobiraj's jote land; and on the South and West by Nishtarini Debya's land and the Kotwali Road.

The plan and specification of the land are filed in the office of the Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 1180M.—The 21st March 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Deoghur Municipality for a public purpose, viz., for a Muhammadan burial ground in the town of Deoghur, pargana taluk Rohini, zilla Sonthal Parganas, it is hereby declared that for the above purpose a piece of land measuring, more or less, 6 bighas 6 cottahs and 2·2 chitaks of standard measurement is required. The land is bounded on the North and

West by new Sarwan road from bazar; on the East by old Sarwan road; and on the South by a tank known as "Lalla-pokhar."

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

DECLARATION.

No. 1214M.—The 24th March 1896.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Siwan Municipality for a public purpose, viz., for the construction of a municipal market, in the village of Siwan, pargana Bara, zila Saran, it is hereby declared that for the above purpose a piece of land measuring, more or less, 2 bighas and 12½ dhurs, or 4 bighas 12 cottas and 4 chitaks of standard measurement is required. The land is bounded on the north by the police-station of Siwan and a well, on the south by a public drain running into the Daha river, on the east by a public road, and on the west by the garden of Shanki Lall.

A plan and specification of the land are filed in the office of the Collector of Saran.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

H. H. RISLEY,
Secy. to the Govt. of Bengal.

Tippera Collectorate, the 18th February 1896. R. W. CARLYLE, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Balasore, will be put up to sale at the Balasore Collectorate on the 28th April 1896, corresponding with 18th Baisakh 1303 U.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1*st*.—The estates to be sold to the highest bidders above the upset prices, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2*nd*.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchasers after issue of advertisement, as in the case of original sale:—

Mymensingh Collectorate, the 15th February 1896. K. B. HARRIS, Collector.

Advertisement of sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Friday, the 27th March 1896, corresponding with the 15th of Chaitra 1302 B.S. and 16th of Chaitra 1303 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale:—

The 14th March 1896.

PRATAPA CHANDRA GHOSHA, Registrar of Calcutta.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Jessore, will be put up to sale at the Jessore Collectorate on Saturday, the 25th April 1896, corresponding with 14th Boisakh 1303 .

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be double the amount of the present revenue. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale :—

A Manual of Tibetan, being a Guide to the Colloquial Speech of Tibet, in a series of progressive Exercises, by Major T. H. Lewin, F.R.G.S., of the Bengal Staff Corps, Late Deputy Commissioner of Darjeeling. *Price Rs. 6: postage, 8 annas.*

Copies are to be had at the Office of the Director of Public Instruction.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876 :—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

	Without postage.			With postage.

Obtainable at the Bengal Secretariat Book Depot Writers Buildings, Calcutta.

Remittances to be forwarded to the Accountant and Treasurer, Bengal Secretariat, Writers' Buildings, Calcutta.

All the wanting parts of the INDIAN LAW REPORTS (complete series) having now been reprinted, the complete Reports from 1876 to 1893 may be purchased for all the years, or for any particular year, on application to the Officer in charge of the Bengal Secretariat Book Depot.

The subscription, Rs. 22-8 per annum, should be remitted in advance to the Accountant and Treasurer, Bengal Secretariat.

Notice.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions of the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

Catalogue of Books printed at Thomason College Press, and procurable from Thomason College Book Depôt.

Application to be made to Curator. Cash must accompany order. Articles will be sent by Value-payable Post to persons in Government employment only. It is advised that letters containing remittances be registered.

N.B.—The Revised Prices herein entered cover the cost of packing, postage and other incidental charges (except commission for value-payable supplies), and are for all purchasers other than resident College Students.

Drawing Instruments (electrum) are available at the College Book Depôt, at Rs. 64 per box. Drawing Instruments, drawing materials, &c., are also obtainable from the Roorkee Workshops, and application should be made to the Superintendent.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 19th March, 1896:—

NO. 13 OF 1896.

A Bill to render it permissive to the members of the Memon Community to declare themselves subject to Muhammadan Law.

WHEREAS there is in the Presidency of Bombay and elsewhere a class of persons known as Memons, and questions have from time to time arisen as to the law by which such persons are in certain particulars governed;

And whereas some of such persons consider that they are, or desire that they should be, governed in those particulars by the Muhammadan law as established in the Hanafi School;

And whereas it is expedient to provide a procedure whereby the applicability of that law to such persons in those particulars may be placed beyond dispute;

It is hereby enacted as follows:—

Title, extent and commencement.

1. (*1*) This Act may be called the Memons Act, 1896; and

(*2*) It shall come into force at once.

Muhammadan law to apply to Memons on declaration made by them.

2. (*1*) When any Memon who has attained his majority has declared, in manner next hereinafter provided, that he desires to be governed by the Muhammadan law as established in the Hanafi School, that law shall thereupon, any custom to the contrary notwithstanding, apply to him, and to his children (if any), being minors at the time of such declaration or born thereafter, and to all property of which he or they shall then be or thereafter become absolutely entitled, in each part of British India, in the same particulars and to the same extent as it applies in the same part of British India to other Muhammadans and their property.

(*2*) No declaration made as aforesaid shall be capable of being revoked.

Form of declaration.

3. A declaration to take effect under section 2 shall be made by a written instrument signed by the declarant and in the form set forth in the schedule or in a like form, and shall,—

(*a*) if made in any part of British India in which the Indian Registration Act, 1877, is for the time being in force, be registered under that Act during the lifetime of the declarant; and, III of 1877.

(*b*) if made elsewhere, be executed before, and authenticated by, a notary public or a Court, Judge, Magistrate, British Consul or Vice-Consul or representative of Her Majesty or of the Government of India.

Declarations made by two successive generations of Memons to bind future generations.

4. When declarations under the foregoing provisions have been made by a Memon and by any one of his sons, the Muhammadan law as established in the Hanafi School shall thereupon, any custom to the contrary notwithstanding, apply to all the lineal descendants of such son in the same manner and to the same extent as to other Muhammadans governed by it in the same part of British India.

Saving.

5. Nothing in this Act shall be construed—

(*1*) to prevent any person being or becoming subject to any form of the Muhammadan law in any manner other than that herein provided, or

(*2*) to affect the rights of any member of a declarant's family other than such children and lineal descendants as are referred to in sections 2 and 4.

SCHEDULE.

FORM OF DECLARATION.

I, A. B., son of C. D., being a Memon and of the age of not less than years, hereby declare that I desire to be governed, to the extent provided by the Memons Act, 1896, by the Muhammadan law as established in the Hanafi School.

Given under my hand this day of 18

A. B

STATEMENT OF OBJECTS AND REASONS.

THE persons belonging to what is known as the Memon community are persons of Hindu extraction whose ancestors embraced Muhammadanism, but, although they are now generally regarded as Mussulmans, it has been held by the Courts that certain sections of them are in some particulars still governed by Hindu custom instead of by Muhammadan law. It has on more than one occasion been represented to the Government of India that this position is unsatisfactory, and that it should be declared by legislation that Memons are governed by the Muhammadan law of the Hanafi School. The Government of India do not think it would be right to take this course unless it were shown to be in accordance with the wishes of the entire Memon community, and they are not satisfied that that community is unanimous on the subject. At the same time it seems perfectly reasonable and open to no objection that individual Memons, who are so minded, should be enabled to secure to themselves, by means of a declaration, the application of the Muhammadan law on the footing of ordinary Muhammadans, and so to avoid the risk of being held to be governed by a customary law which they repudiate. With this object a Bill was prepared in 1885, and was actually introduced in Council; but a difference of opinion arose as to whether the onus of making a declaration should be made to rest upon the innovators or upon the conservative party, *i.e.*, upon those Memons who desired to be governed by the Muhammadan law, or upon those who preferred to be regarded as Hindus like their remoter ancestors; and in consequence the measure was not further proceeded with. The proposal has lately been revived on the submission through the Government of Bombay of another petition on the subject, and it is proposed to re-introduce the Bill of 1885 with four amendments and additions, providing (1) that a declaration made by a father shall bind his children (if any) who are minors at the time of such declaration or are born thereafter, (2) that a declaration once made shall be irrevocable, (3) that, after similar declarations have been made by the father and also by the son, all the lineal descendants of the latter shall be bound thereby, and (4) that nothing in the proposed enactment shall affect the rights of any member of a declarant's family other than the children and lineal descendants just referred to.

The 19th March, 1896.

J. WOODBURN.

S. HARVEY JAMES,
Secretary to the Government of India.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MARCH 25, 1896.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 62.

[First Publication.]

AFRICA, NORTH-EAST COAST—Red sea, western shore.

Massawa harbour approach—Prohibited anchorage.

The British Admiralty has given notice (No. 92 of 1896) that, in order to avoid damage to the submarine telegraph cable eastward of the entrance to Massawa harbour, vessels are prohibited from anchoring in that locality southward of a line drawn East from Ras Mudia *light* buoy.

Approximate position, light buoy, lat. 15° 37′ 5″ N., long. 39° 27′ 35″ E.

(*Variation, 4° Westerly in 1896.*)

AUSTRALIA—Fitzroy river.

Alterations in depths in the waterway.

The Port Master, Brisbane, has given notice (No. 5 of 1896) of the following alterations in depths in the waterway, Fitzroy river, due to the recent severe flood, viz.—

Lead, Cardigan Point to Flat Island.—The minimum depth on this lead has decreased to 10 feet 6 inches at low-water springs. Directions:—Keep on the southern side of the line of lights and beacons, opening them a distance equal to twice the width of the beacons.

Flat Island Anchorage has contracted in width and increased in depth; the best water lies nearer the southern bank than formerly.

Satellite Island to Humbug Point.—The minimum depth in this crossing has decreased to 6 feet 6 inches. Directions:—Keep on the line of marks until a white mark opens out clear of Woods Point; then proceed as before.

Central Island Crossing.—The minimum depth in this crossing has decreased to 6 feet. Directions:—Keep the line of lower conical beacons until two-thirds of distance across; then proceed as before.

Archer's Crossing.—The minimum depth in this crossing has increased to 16 feet.

AUSTRALIA, SOUTH—Spencer Gulf.

A light-ship placed eastward of the western edge of the Middle bank.

With reference to Notice to Mariners, No. 250, dated the 30th December last, issued by this office, the President, Marine Board, Port Adelaide, has given further notice (No. 1 of 1896) that a light-ship has been placed about a mile to the eastward of the western edge of the Middle bank, Spencer gulf.

The vessel, painted red, has one mast (with ball at the masthead), from which a fixed white light is exhibited, visible in ordinary weather at a distance of 10 miles.

The vessel is moored in three and three-quarter (3¾) fathoms L.W.S., with Barn Hill in line with Webling Point, bearing N. 81° E., Middle Back Mount N. 43° W., and Plank Point N. 48° W.

Approximate position—latitude, 33° 37′ 20″ S.; longitude, 137° 33′ E.

NEW ZEALAND, NORTH ISLAND—POVERTY BAY.

Alterations in lights at Gisborne.

THE British Admiralty has given notice (No 76 of 1896) that on 31st December 1895, the undermentioned alterations would be made in the lights shown at Gisborne, north side of Poverty bay:—

1. Two new beacon-lights would be exhibited.

The front light is a *fixed red* light, elevated 40 feet above high water, and shown from a beacon, 25 feet high, surmounted by a triangle painted black, as is also the small house at the base, the middle portion of the beacon being white. It is situated N. 62° W., distant one mile, from the entrance of the Turanganui river.

Approximate position, lat. 38° 39′ 20″ S., long. 178° 1′ 40″ E.

The rear light is a *fixed red* light, elevated 50 feet above high water, and shown from a beacon, 30 feet high, surmounted by a rectangle, with a small house at the base, the whole painted white, and bearing N. 31° W. from the front beacon.

2. The lights shown from the flagstaff at the west side of the Turanganui river entrance, and from the square red beacon on Waikanae beach seaward of the flagstaff, have been altered from *red* to *green*. These lights bear, when in line, N. 20° E.

3. The two *green* lights at the extremity of the breakwater have been replaced by two *white* lights, placed vertically 7 feet apart, the upper light elevated 20 feet above high water.

NOTE.—Vessels approaching the anchorage should keep the lights or beacons (1) in line, bearing N. 31° W., until the beacon and flagstaff, or lights on them, (2) are in line, bearing N. 20° E., when they should anchor in 6½ to 7 fathoms.

WEATHER AND CROP REPORT.

For the week ending the 23rd March, 1896.

Burdwan.—Rainfall nil. Weather hot. Harvesting of *rabi* crops almost over. Condition of cattle good. Fodder and water sufficient, except in Kalna subdivision. Common rice sells at an average price of 15½ seers per rupee.

Midnapore.—Report not received.

24-Parganas.—Rainfall nil. Weather dry and warm. Sugarcane doing well in the Barasat subdivision. Rain wanted for *boro* (spring rice). Condition of cattle good. Fodder sufficient. Water insufficient in places. Rice sells at—

	Srs.	c.	
Sadar	12 to 14	0	per rupee.
Basirhat	14	8	
Barasat	12	8	
Diamond Harbour	16	0	

Murshidabad.—No rain Weather hot. Harvesting of wheat and barley continues. Indigo badly wants rain. State of mulberry appears to be good. Fodder and water reported to be sufficient. Common rice sells at 16 seers per rupee.

Khulna.—Rainfall at Sadar ·78, Bagirhat ·85. Weather hot. Land is being cultivated for *aus* paddy. Fodder sufficient. Drinking water getting scarce. Prices of common rice:—

	Srs.	c.	
Sadar	16 to 20	0	per rupee.
Bagerhat	18	2	
Satkhira	13	0	

Dinajpur.—Rainfall nil. Rain is wanted for the cultivation of *bhadoi* which is in progress. Common rice sells from 14 to 17 seers per rupee. No cattle-disease. No complaint of fodder and water.

Rangpur.—No rain. Rain urgently needed. *Bhadoi* and *aus* being sown. Common rice sells from 12 to 15 seers per rupee. Fodder sufficient.

Pabna.—Rainfall nil. Weather very hot. Sowing of *aus* paddy delayed for want of rain. Fodder available, but drinking water becoming scarce Rice sells from 14 to 18 per rupee.

Dacca.—Rainfall nil. Prospects of standing crops good. Lands being prepared for *bhadoi* crops and jute. Fodder available. Want of good drinking water is felt in some places in the Munshiganj and Narayanganj subdivisions. Common rice sells at 14 seers per rupee.

Chittagong.—No rain. Weather warm and occasionally cloudy. *Rabi* crops are being harvested. Water and fodder sufficient. Rice selling at 14 seers per rupee.

Patna.—No rain. Harvesting of *rabi* and extraction of opium nearly completed. Condition of cattle good. Fodder and water sufficient. Common rice sells at 19 seers per rupee.

Gaya.—No rain. Harvesting of *rabi* continues. Outturn of opium reported to be satisfactory. Common rice sells at Sadar 15½ seers, against an average of 14¾ seers per rupee.

Champaran.—No rain. Weather getting hot. Harvesting of *rabi* continues with an estimated outturn of 10 annas. *China* being sown. Collection of opium from the forward plants is finished. In Sadar the yield has been fair. Common rice sells at Sadar 18 seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. Weather occasionally cloudy. *Rabi* harvest nearly completed. Early paddy and *mung* are being sown. Mango blossoms considerably injured by high west wind. Fodder sufficient. Common rice selling at 18 seers per rupee.

Bhagalpur.—Rainfall nil. Weather hot. Westerly winds prevail. *Rabi* crops are being harvested. Rain wanted for ploughing. Fodder getting scarce in parts. Some cattle-disease reported. Prices stationary.

Purnea.—No rain. *Rabi* crops are being harvested. Land is being prepared for *bhadoi* crops. Rain wanted. Cattle-pox reported from Chapra in Kishanganj subdivision. No want of fodder and water. Common rice sells at Sadar and Aria 20 seers and Kishanganj 18 seers per rupee.

Cuttack.—Rainfall very slight and partial. Weather hot. *Dalua* (spring rice) maturing in places. Outturn of tobacco estimated at 12 annas. Rain badly wanted. Condition of cattle generally good. Common rice sells at:—

				Srs.	c.	
Cuttack	...	...	...	23	0	per rupee.
Jajpur	...	...	...	28	8	
Kendrapara	...	...	...	30	0	
Banki	...	...	...	29	9	

Hazaribagh.—Rainfall nil. Weather warm and dry. *Rabi* crops backward for want of rain. Poppy has been practically collected. Prospects fairly good. Common rice sells at 13 to 14 seers per rupee.

General Summary.—There was some rain in Khulna and a very slight and partial shower in Cuttack. Elsewhere no rain is reported, but it is generally wanted for cultivation In some districts spring rice and indigo on the ground are suffering. In Murshidabad mulberry is doing well. The harvesting of *rabi* crops is still proceeding, but the collection of opium is nearly finished. No cattle-disease is reported, except from Bhagalpur and Purnea, and in the former district fodder is said to be getting scarce in parts. Want of drinking water is complained of in some districts. The price of common rice is steady.

* Mean of 6 days.

Explanation.—*Summary.*—The normal means of air pressure and temperature are the arithmetical average or means of the readings during the same period for the last 25 years. The humidity of the atmosphere is expressed as percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The rainfall is the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional stations for the period in question, or is the direct reading in returns divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 21st of March 1896.

Variation from normal mean.	Mean 8 A.M. temperature.	Average humidity at 8 A.M.	Average cloud amount at 8 A.M.	Rainfall of week at observing station.	DISTRICT OBSERVATIONS. OF WEEK. Mean for district	Normal mean.	Average number of rainy days.	Normal number of rainy days.	RAINFALL. Since 1st of month. Mean for district.	Normal mean.	Variation.	Since 16th October 1895. * Mean of 6 days.

† Ten years. The variations are negative when the mean of the week is less than the corresponding normal mean, and positive when greater.

Numbers denoting cloud amount represent the part of the sky covered, the whole sky being denoted by 10. Under the head District observation of rainfall the normal during the past ten years. The means of the district are the numerical average of the rainfall returns received in the district, i.e., from total rainfall at the sub-divisional

Statement of Rainfall in Bengal for the week ending Saturday (8 a.m.), the 21st of March 1896.

CHOTA NAGPUR.																	

... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of ...ding spaces in the total rainfall columns are left blank. With reference to the columns of rainy days, the definition of a rainy day ...

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 21ST OF MARCH 1896.

CONDITIONS had been slightly disturbed in Bengal for a considerable part of the previous week, and small local storms with rain had occurred. On the 15th, or the first day of the week under review, pressure had risen very slowly over Bengal, though it was still in small to moderate defect; a brisk fall of temperature and humidity also had occurred, and the southerly winds blowing at the head of the Bay were disappearing. On the previous evening conditions had still remained feebly disturbed, and some local storms had formed, and hence on the morning of the 15th a few stations again reported light rain. On the 16th a moderate to brisk increase of pressure had occurred, and the low pressure area over Bengal had almost filled up. Weather was hence becoming more settled, and northerly winds were appearing over a large part of Bengal, while the rain showers almost ceased. On the 17th this increase of pressure had ceased, and a fall had commenced, so that pressure was again becoming low, while more or less southerly winds were setting in over Bengal. No rain was, however, reported in Bengal on the morning of the 17th. The changes on the 18th were quite unimportant, but on the 19th a brisk to rather rapid fall of pressure occurred, and again a defect of considerably more than a tenth of an inch was reported at several stations. A brisk increase of temperature also accompanied the formation of the low pressure area, and southerly winds were again blowing from the Bay into the province, and on this day a few local showers were reported at the eastern stations owing to the interaction of the moist southerly winds with the dry land winds. On the 20th pressure again decreased and became in defect by amounts ranging up to a fifth of an inch in North Bihar, and hence a very distinct barometric depression existed over this area. Rather strong southerly winds again blew at the head of the Bay, bringing up considerable amounts of moisture. Temperature also generally rose, and became in decided excess, and disturbed conditions existed in the east of the province and in Assam, and Silchar reported a hailstorm during which 2·53 inches of rain fell. On the 21st a brisk to rapid increase of pressure had occurred, but it was still in large defect in the northern stations, where it was more than [illegible] of an inch below the normal. Temperature, on the other hand, continued [illegible] by from about 3° to 5°. Winds on this day usually [illegible] westerly, and only a few light local showers

Pressure.—The average [illegible] below the normal [illegible] and the variation [illegible] table below, where the average temperature data [illegible] of the province are given:—

Table showing the excess or defect of the actual mean [illegible] ending Saturday, the 21st March 1896.

	Normal mean maximum temperature for the week ending 21st March.	Actual mean maximum temperature for the week ending 21st March 1896.	Variation of actual mean from the normal.
Cuttack	96·5	98·1	+1·6
Calcutta	90·8	92·0	+1·2

The total fall from 1st January to 21st March 1896 ... .
The average fall of the corresponding period for 24 years, Surveyor-General's Office ... ...

The mean pressure, temperature, &c., are deduced from the traces of the Barograph

The maximum and minimum temperatures are obtained from self-registering thermometers are verified and the readings have been corrected to a standard constructed Kew Observatory. They are exposed under a thatched shed open at the sides and are above the ground.

The barometer readings are corrected approximately to those of the standard formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's

The mouth of the rain-gauge is one foot above the ground.
